Serious Pleasure:

Enjoyment of Laughter Max Eastman, 2017-09-29 Humor at its best is a somewhat fluid and transitory element but most books about it are illustrated with hardened old jokes from the comic papers or classic witticisms jerked out of their context Max Eastman in this work avoids this catastrophe by quoting mainly from contemporary American humor This is not an anthology in that selections have been made with a view to making a point rather than covering the field The purpose of Eastman's fabled work is to make the reader laugh Since his early school days it has seemed to him that textbooks are wrongly written in that they are conducted in a way which ignores the natural operation of the mind As a result the opinion is universal and under the circumstances a fact that in order to learn anything you have to study Since this introduction to humor is itself near to writing a textbook Eastman uses the very text he constructs to illustrate the manner in which textbooks should be written Examination and classification of the kinds of humorous experience upon the basis of a theory is a science As such this work offers a fair chance to illustrate a method of instruction However the distinction between a good joke and a bad one will not prevent the reader from making bad jokes nor enable one to make good ones There is an artistic and playful element that simply cannot be taught *Enjoyment of Laughter* presents a total view of the science of laughter and draws upon some of the great American humorists to do so

Avidly Reads Guilty Pleasures Arielle Zibrak, 2021-05-04 My guilty pleasure wasn't just reading low brow fiction or even female authored fiction it was being femme itself What is it about ribald romance novels luxurious interior design and frothy wedding dresses that often make women feel their desires come with a shadow of shame In *Avidly Reads Guilty Pleasures* Arielle Zibrak considers the specifically pleasurable forms of feminine guilt and desire stimulated by supposedly lowbrow aesthetic tendencies She takes up the overwhelming preoccupation with the experience of being humiliated dominated or even abused that has pervaded the stories that make up women's culture from eighteenth century epistolary novels to popular twentieth century teen magazine features to present day romantic comedies In three chapters *Rough Sex Expensive Sheets* and *Saying Yes to the Dress* that mirror the plot structures of feminine fictions themselves this book tells the story of the desires that only the guiltiest of pleasures evoke Zibrak reexamines documents of femme culture long dismissed as trash to reveal the surprisingly cathartic experiences produced by tales of domination privilege and the material trappings of the heteropatriarchy Part of the *Avidly Reads* series this slim book gives us a new way of looking at American culture With the singular blend of personal reflection and cultural criticism featured in the series *Avidly Reads Guilty Pleasures* reclaims women's experiences for themselves

London Charles Knight, 1843 *The Curious World of Samuel Pepys and John Evelyn* Margaret Willes, 2017-01-01 Introduction curiuser and curiuser The world do not grow old at all Two worlds The decade of the diaries Prodigious revolutions Even private families are the best of governments Private lives I do indulge myself a little the more in pleasure Take nobody's word for it Pleasure above all things Hortulan affairs Exotic extravagances The affection which we have to books Epilogue and so

to bed Appendix the true domestick intelligence **Medieval Art** Veronica Sekules,2001-04-26 This refreshing new look at Medieval art conveys a very real sense of the impact of art on everyday life in Europe from 1000 to 1500 It examines the importance of art in the expression and spread of knowledge and ideas including notions of the heroism and justice of war and the dominant view of Christianity Taking its starting point from issues of contemporary relevance such as the environment the identity of the artist and the position of women the book also highlights the attitudes and events specific to the sophisticated visual culture of the Middle Ages and goes on to link this period to the Renaissance The fascinating question of whether commercial and social activities between countries encouraged similar artistic taste and patronage or contributed to the defining of cultural difference in Europe is fully explored **London** Charles Knight,2014-05-08 A fascinating illustrated six volume account published 1841 4 of what was then the greatest city in the world *The Open Door and the Portrait: Stories of the Seen and the Unseen.* Margaret Oliphant Wilson Oliphant,1881-01-01 **Learning and Literacy over Time** Julian Sefton-Green,Jennifer Rowsell,2014-09-25 Learning and Literacy over Time addresses two gaps in literacy research studies offering longitudinal perspectives on learners and the trajectory of their learning lives inside and outside of school and studies revealing how past experiences with literacy and learning inform future experiences and practices It does so by bringing together researchers who revisited subjects of their initial research conducted over the past 10 20 years with people whom they encountered through ethnographic or classroom based investigations and are the subjects of previous published accounts The case studies drawn from countries in three continents and covering a range of social worlds offer an original and at times quite an emotive interpretation of the effects of long term social change in the UK the US Australia and Canada the claims and aspirations made by and for certain kinds of educational interventions how research subjects reflect on and learn from the processes of being co opted into classroom research as well as how they make sense of school experiences some of the widespread changes in literacy practices as a result of our move into the digital era and above all how academic research can learn from these life stories raising a number of challenges about methodology and our claims to know the people we research In many cases the process of revisiting led to important reconceptualizations of the earlier work and a sense of seeing with new eyes what was missed in the past The reflections on methodology and research processes will interest postgraduate and academic researchers The studies of change and of long term effects are widely relevant to teacher educators and scholars in language and literacy education educational anthropology life history research media and cultural studies and sociology **At Home with Pornography** Jane Juffer,1998-07-01 Twenty five years after the start of the feminist sex wars pornography remains a flashpoint issue with feminists locked in a familiar argument Are women victims or agents In At Home with Pornography Jane Juffer exposes the fruitlessness of this debate and suggests that it has prevented us from realizing women s changing relationship to erotica and porn Over the course of these same twenty five years there has been a proliferation of sexually explicit materials geared toward women made available in

increasingly mainstream venues In asking what is the relationship of women to pornography Juffer maintains that we need to stop obsessing over pornography's transgressive aspects and start focusing on the place of porn and erotica in women's everyday lives Where she asks do women routinely find it for how much and how is it circulated and consumed within the home How is this circulation and consumption shaped by the different marketing categories that attempt to distinguish erotica from porn such as women's literary erotica and sexual self help videos for couples At Home with Pornography responds to these questions by viewing women's erotica within the context of governmental regulation that attempts to counterpose a dangerous pornography with the sanctity of the home Juffer explores how women's consumption of erotica and porn for their own pleasure can be empowering while still acting to reinforce conservative ideals She shows how for instance the Victoria's Secret catalog is able to function as a kind of pornography whose circulation is facilitated both by its reliance on Victorian themes of secrecy and privacy and on its appeals to the selfish pleasures of modern career women In her pursuit to understand what women like and how they get it Juffer delves into adult cable channels erotic literary anthologies sex therapy guides cyberporn masturbation and sex toys showing the varying degrees to which these materials have been domesticated for home consumption Representing the next generation of scholarship on pornography At Home with Pornography will transform our understanding of women's everyday sexuality

Modernism Edited Victoria Bazin, 2019-02-20 Examines Marianne Moore's editorship of the modernist magazine the Dial between 1925 and 1929 As editor of the Dial Moore wielded considerable cultural authority in the world of arts and letters yet cultural histories of modernist magazines have largely overlooked her editorial influence Modernism Edited Marianne Moore and the Dial Magazine makes visible Moore's contribution to the production of modernism even as it complicates the concept of editorial agency It explores the public face of the modernist editor the image of highbrow distinction circulated by the Dial and embodied by the figure of Miss Moore It also examines Moore's editorial practice as a form of modernist contractility drawing on her own poetics to understand more fully the motives underpinning her revisions It returns to the well known case of Moore's radical cuts to Hart Crane's poem The Wine Menagerie as well as instances of collaborative struggle with Williams Carlos Williams Gertrude Stein Paul Rosenfeld and D H Lawrence In doing so the book conceptualises editorial labour as a form of creative and critical social practice Key Features Returns to controversial case of Moore's revisions to Hart Crane's The Wine Menagerie Uncovers evidence that points to Moore's revisions to the work of other well known modernists Conceptualizes editorial agency Develops methodologies for critically engaging with magazine content Uncovers and analyses Moore's advertisements for the Dial Produces a sustained analysis of Moore's editorial comments for the Dial Draws on Moore's poetics to understand her editorial revisions

The Comedy of Entropy Patrick O'Neill,1990-12-15

Entropic comedy is the phrase coined by Patrick O'Neill in this study to identify a particular mode of twentieth century narrative that is not generally recognized He describes it as the narrative expression of forms of decentred humour or what might more loosely be called black humour O'Neill begins his investigation by examining the rise of an essentially new form of humour over the last three hundred years or so in the context of a rapid decay of confidence in traditional authoritative value systems O'Neill analyses the resulting reorganization of the spectrum of humour and examines th implications of this for the ways in which we read texts and the world we live in He then turns from intellectual history to narratology and considers the relationship in theoretical terms of humour play and narrative as systems of discourse and the role of the reader as a textualizing agent Finally he considers some dozen twentieth century narratives in French German and English with occasional reference to other literatures in the context of those historical and theoretical concerns Authors of the texts analysed include C line Camus Satre and Robbe Grillet in French Heller Beckett Pynchon Nabokov and Joyce in English Grass Kafka and Handke in German The analyses proceed along lines suggested by structuralist semiotic and post structuralist narrative and literary theory From his analyses of these works O'Neill concludes they illustrate in narrative terms a mode of modern writing definable as entropic comedy and he develops a taxonomy of the mode

Notes from Underground Fyodor Dostoevsky,2011-01-12 Dostoevsky s most revolutionary novel Notes from Underground marks the dividing line

between nineteenth and twentieth century fiction and between the visions of self each century embodied One of the most remarkable characters in literature the unnamed narrator is a former official who has defiantly withdrawn into an underground existence In full retreat from society he scrawls a passionate obsessive self contradictory narrative that serves as a devastating attack on social utopianism and an assertion of man s essentially irrational nature Richard Pevear and Larissa Volokhonsky whose Dostoevsky translations have become the standard give us a brilliantly faithful edition of this classic novel conveying all the tragedy and tormented comedy of the original

Philosophy and Tragedy Simon Sparks, Miguel de Beistegui, 2005-08-04 From Plato s Republic and Aristotle s Poetics to Nietzsche s The Birth of Tragedy the theme of tragedy has been subject to radically conflicting philosophical interpretations Despite being at the heart of philosophical debate from Ancient Greece to the Nineteenth Century however tragedy has yet to receive proper treatment as a philosophical tradition in its own right Philosophy and Tragedy is a compelling contribution to that oversight and the first book to address the topic in a major way Eleven new essays by internationally renowned philosophers clearly show how time and again major thinkers have returned to tragedy in many of their key works Philosophy and Tragedy asks why it is that thinkers as far apart as Hegel and Benjamin should make tragedy such an important theme in their work and why after Kant an important strand of philosophy should present itself tragically From Heidegger s reading of Sophocles Antigone to Nietzsche and Benjamin s book length studies of tragedy Philosophy and Tragedy presents an outstanding and original study of this preoccupation The five sections are organised clearly around five major philosophers Hegel Holderlin Nietzsche Heidegger and Benjamin

Child Creativity and the Visual Arts: From Secessionist Vienna to Postwar America Megan Brandow-Faller, 2025-07-24 Tracing the dissemination of Secessionist ideas of child creativity from their origination in early 20th century Vienna through to their eventual commodification in postwar America this book highlights the central role that visual art has played in child education and in nurturing creativity in elementary and preschool curricula Taking the reader through the ideas of three artistic visionaries and their students Franz Ci ek and Austrian American migr s Emmy Zweybr ck and Viktor L wenfeld this book reveals how these ideas developed in postwar America through a focus on child centered methods of learning by doing in artistic practice By centring the visual arts as a vital educational medium we see how these teachings have been popularized as a means of nurturing creativity in childhood Across three chapter length case studies interspersed with three mini chapters on the reception of each artist educator s radical teachings in the American education system Child Creativity and the Visual Arts provides new interpretations into the impact of these three luminaries differing philosophies on a broader program of socio political activism in the USA Drawing on previously untapped archival and primary source materials it blends deep material culture analysis with narrative elements to present a compelling account of the unrecognized influence of migr art pedagogy on progressive international art education In doing so it provides fresh transregional and thematic perspectives on early 1900s Vienna as a hotbed of creative and cultural experimentation

and mecca of progressive art education *Poems; Wadsworth Handbook and Anthology* Charles Frederick Main, Peter J.
