Grimshaw,2008 This study of the Matthean narrative uses the interpretive lens of food exchange to explore the Matthean community s relationship with the wider world While many studies depict this community as withdrawing from or in conflict with the larger society James P Grimshaw s focus on the daily need for food reveals a community that while distinct progressively integrates itself into the larger Jewish and Gentile society and the natural world In addition this view of community corresponds to the view of a God who actively provides for and relates to all creation Grimshaw s alternative portrayal of the Matthean community whose interactions with its surrounding environment are more complex and sustained than often imagined is a compelling interpretation for today s stratified and disconnected world
