Shakespeare In The Cinema Ocular Proof:

Shakespeare in the Cinema Stephen M. Buhler, 2002-01-01 A comprehensive look at film adaptations of Shakespeare's plays

Shakespeare on screen, Richard III Nathalie Vienne-Guerrin, This volume does not only provide the reader with diverging assessments of the Richard III films but it also deploys a large array of methodologies used to study Shakespeare on film What gives the volume its coherence is that it thoroughly interrogates what those films do with and to Shakespeare's text and suggests that at least for Shakespearean scholars Shakespearean films are hybrid creatures They are and are not films they are and are not Shakespeare Ce volume offre non seulement au lecteur un examen précis et pluriel des adaptations filmiques de Richard III mais il déploie tout le ventail des méthodologies qui permettent d'étudier Shakespeare à l'écran La cohérence de ce volume vient de ce qu'il propose des questionnements multiples sur ce que ces films font de Shakespeare et suggère que le film shakespearien est une création hybride qui est et n'est pas un film qui est et n'est pas Shakespeare Ouvrage en anglais

Shakespeare on screen : a midsummer night's dream Nathalie Vienne-Guerrin (éd.), Sarah Hatchuel (éd.), Ce livre a pour objet l'étude des représentations du Songe d'une nuit d'été à l'écran la pièce ayant fait l'objet d'un colloque qui s'est tenu Rouen sous les auspices de la Société française Shakespeare Les plus grands spécialistes de Shakespeare et de Shakespeare au cinéma ont contribué à l'ouvrage Monolingue anglais le livre contient en outre une bibliographie exhaustive sur le sujet

The Cambridge Companion to Shakespeare on Screen Russell Jackson, 2020-12-17 The Cambridge Companion to Shakespeare on Screen provides a lively guide to film and television productions adapted from Shakespeare's plays Offering an essential resource for students of Shakespeare the companion considers topics such as the early history of Shakespeare films the development of live broadcasts from theatre to cinema the influence of promotion and marketing and the range of versions available in world cinema Chapters on the contexts genres and critical issues of Shakespeare on screen offer a diverse range of close analyses from Classical Hollywood films to the BBC's Hollow Crown series The companion also features sections on the work of individual directors Orson Welles Akira Kurosawa Franco Zeffirelli Kenneth Branagh and Vishal Bhardwaj and is supplemented by a guide to further reading and a filmography

Shakespeare on screen : The Henriad Nathalie Vienne-Guerrin (éd.), Sarah Hatchuel (éd.), Filming plays from a tetralogy of history plays implies specific problems and strategies The papers in this volume show that the plays are parts of a series and can hardly be staged or filmed without referring to one another What does the big screen bring to the representation of history battles and national issues When do ideological interpretations stop being triggered by the text itself By deciphering the different ways in which meaning is created and ideology is conveyed whether it be through specific aesthetics performances intertextuality or cultural codes the papers in this volume all take part in the ongoing exploration of what Shakespeare's contrasting afterlives keep saying not only about the dramatic texts but also about ourselves

Shakespeare and World Cinema Mark Thornton Burnett, 2013 This book explores the significance of Shakespeare in contemporary world cinema for the first time Mark

Thornton Burnett draws on a wealth of examples from Africa the Arctic Brazil China France India Malaysia Mexico Singapore Tibet Venezuela Yemen and elsewhere

The Fluid Frame in Cinema Pradipta Mukherjee, 2021-08-13 This book is a passionate rendezvous with cinema the most collaborative of art forms The essays here explore the possibilities offered by a close reading of cinema that keeps cultural contexts and their socio historical roots firmly in sight This collection does not consider the frame that oft referenced basic unit of vision in films as a limiting structure Rather it brings into purview what is left out Divided into three sections the essays look firstly at Indian cinema both Bollywood and regional films tracing the journey of Indian cinema from the periphery to the center The second section focuses on Adaptation Studies and takes an unorthodox look at classic adaptations of literature The final section is a reappraisal of directors like Alfred Hitchcock and Stanley Kubrick The essays propose that even though the film as an artwork does not change fundamentally over time it still strikes a contemporary critical gaze differently

Shakespeare on Film Maurice Hindle, 2015-09-10 An approachable guide to Shakespeare on film this book establishes the differences between stage and screen It covers the history of Shakespeare on the screen since 1899 and discusses various modes and conventions of adaptations Thoroughly updated to include the most recent films for instance Joss Whedon's 2013 *Much Ado About Nothing* it also explores the latest technology such as DVD and Blu ray as well as live stage to screen productions It also includes an exclusive interview with filmmaker John Wyver discussing his own adaptations for the small screen

The Shakespearean World Jill L Levenson, Robert Ormsby, 2017-03-27 The *Shakespearean World* takes a global view of Shakespeare and his works especially their afterlives Constantly changing the Shakespeare central to this volume has acquired an array of meanings over the past four centuries Shakespeare signifies the historical person as well as the plays and verse attributed to him It also signifies the attitudes towards both author and works determined by their receptions Throughout the book specialists aim to situate Shakespeare's world and what the world is because of him In adopting a global perspective the volume arranges thirty six chapters in five parts Shakespeare on stage internationally since the late seventeenth century Shakespeare on film throughout the world Shakespeare in the arts beyond drama and performance Shakespeare in everyday life Shakespeare and critical practice Through its coverage The *Shakespearean World* offers a comprehensive transhistorical and international view of the ways this Shakespeare has not only influenced but has also been influenced by diverse cultures during 400 years of performance adaptation criticism and citation While each chapter is a freshly conceived introduction to a significant topic all of the chapters move beyond the level of survey suggesting new directions in Shakespeare studies such as ecology tourism and new media and making substantial contributions to the field This volume is an essential resource for all those studying Shakespeare from beginners to advanced specialists

Screening the Stage Bert Cardullo, 2006 This book examines the historical cultural and aesthetic relationships between theater and film As we enter the 21st century almost all artists students and critics working in theater will have had earlier and greater exposure to film than to theater In fact film has

become central to the way in which we perceive and formulate stories images ideas and sounds At the same time film and video occupy an increasingly significant place in theater study both for the adaptation of plays and for the documentation and preservation of theatrical performances Yet far too often theater and film artists as well as educators make the jump from one medium to the other without being fully aware of the ways in which the qualities of each medium affect content and artistic expression This book is intended to fill such a gap by providing a theoretical and practical foundation for understanding the effect that film and drama have had and continue to have on each other's development Moreover this study provides a history of the relationship between drama and cinema starting with the pre cinematic late 19th century impulse towards capturing spectacular action on the stage and examining the artistic and commercial interaction between movies and plays both in popular and experimental work throughout the 20th century Important subjects treated in this book include stage versus screen acting the adaptation process itself the theatrical as well as the cinematic avant garde and the portability or adaptability of dramatic character
