Yeats and Angelos Sikelianos](#) Anastasia Psoni, 2018-12-19 Modernism as a powerful movement saw the literary and artistic traditions as well as pure science starting

to evolve radically creating a crisis even chaos in culture and society Within this chaos myth offered an ordered picture of that world employing symbolic and poetic images Both W B Yeats and Angelos Sikelianos embraced myth and symbols because they liberate imagination and raise human consciousness bringing together humans and the cosmos Being opposed to the rigidity of scientific materialism that inhibits spiritual development the two poets were waiting for a new age and a new religion expecting that they themselves would inspire their community and usher in the change In their longing for a new age archaeology was a magnetic field for Yeats and Sikelianos as it was for many writers and thinkers After Sir Arthur Evans s discovery of the Minoan Civilization where women appeared so peacefully prominent the dream of re creating a gynocentric mythology was no longer a fantasy In Yeats s and Sikelianos s gynocentric mythology the feminine figure appears in various forms and like in a drama it plays different roles Significantly a gynocentric mythology permeates the work of the two poets and this mythology is of pivotal importance in their poetry their poetics and even in their life as the intensity of their creative desire brought to them female personalities to inspire and guide them Indeed in Yeats s and Sikelianos s gynocentric mythology the image of the feminine holds a place within a historical context taking the reader into a larger social political and religious space

This Strange Loneliness Peter Mackay,2021-04-15 This Strange Loneliness is the first comprehensive account of the poetic relationship between Seamus Heaney and William Wordsworth Peter Mackay explores how Heaney repeatedly turns to the Romantic poet s work for inspiration corroboration and amplification and as a model for the fortifying power of poetry itself which offers the fundamental lesson that it is on this earth we find our happiness or not at all Through an in depth look at archival materials and at uncollected poems and prose by Heaney Mackay traces the evolution of Heaney s readings of Wordsworth throughout his career revealing their shared interest in the connections between poetry and education the possibility of a beneficial understanding of poetic influence the complexities of place and displacement ideas of transcendence and ultimately the importance of late style later poems by Wordsworth might prove a cautionary tale as well as example for any poet Placing Heaney s readings within their political historical and poetic contexts the book also explores how he negotiated the complex relationship between Irish and British culture and identity to claim a persistent form of kinship and forge a strange community with the Romantic poet With illuminating readings that reveal new contexts to and currents in Heaney s work This Strange Loneliness is a powerful evocation of the Irish poet s sense of the uplift that poetry can provide

Dance and literature seem to have much in common Both are part of a culture represent a culture and subvert a culture Yet at the same time they appear to be medial antagonists one is kinetic and multimedial the other often verbal and seemingly mono medial What happens however when both meet when movement is integrated into the literary world or even replaces verbal communication Dance is artistic and popular traditional and innovative bodily and ephemeral It holds cultural and kinetic information in a nutshell and thus brings movement and cultural history into a text Shakespeare's plays Restoration comedy 19th century caricature popular and elitist theatre all make use of dance as special means of signification Thus this study explores dance in British literature from Shakespeare to Yeats and illustrates the many ways in which these two forms of artistic expression can enter into various kinds of intermedial encounters and cultural alliances **Romanticism** Carmen

Eucharist Robert Barron, 2021-07-15 For many Catholics today the Eucharist is merely a symbol of Christ and the Mass is merely a collectivity of like minded individuals gathering to remember his life But the truth of what is made present on the altar and what the faithful dare to receive into their bodies and souls is far more strange and beautiful In this engaging theological treatise Bishop Robert Barron offers a reintroduction to the ancient meaning and power of the Eucharist Through a threefold analysis of the Eucharist as sacred meal sacrifice and

Real Presence distinct but tightly interwoven motifs grounded in Scripture Bishop Barron draws readers into the profound truth flowing out of Jesus words at the Last Supper Take eat this is my body Drink from it all of you for this is my blood of the covenant We are not merely invited to remember Jesus or imitate his moral example we are invited to the grace of communion and ultimately to the realm of God by eating and drinking the very self that he offers in sacrifice **Self**

Impression Max Saunders,2010-04-22 I am aware that once my pen intervenes I can make whatever I like out of what I was Paul Val ry Moi Modernism is often characterized as a movement of impersonality a rejection of auto biography But most of the major works of European modernism and postmodernism engage in very profound and central ways with questions about life writing Max Saunders explores the ways in which modern writers from the 1870s to the 1930s experimented with forms of life writing biography autobiography memoir diary journal increasingly for the purposes of fiction He identifies a wave of new hybrid forms from the late nineteenth century and uses the term autobiografiction discovered in a surprisingly early essay of 1906 to provide a fresh perspective on turn of the century literature and to propose a radically new literary history of Modernism Saunders offers a taxonomy of the extraordinary variety of experiments with life writing demonstrating how they arose in the nineteenth century as the pressures of secularization and psychological theory disturbed the categories of biography and autobiography in works by authors such as Pater Ruskin Proust Mark Rutherford George Gissing and A C Benson He goes on to look at writers experimenting further with autobiografiction as Impressionism turns into Modernism juxtaposing detailed and vivacious readings of key Modernist texts by Joyce Stein Pound and Woolf with explorations of the work of other authors including H G Wells Henry James Joseph Conrad Ford Madox Ford and Wyndham Lewis whose experiments with life writing forms are no less striking The book concludes with a consideration of the afterlife of these fascinating experiments in the postmodern literature of Nabokov Lessing and Byatt Self Impression sheds light on a number of significant but under theorized issues the meanings of autobiographical the generic implications of literary autobiography and the intriguing relation between autobiography and fiction in the period **The Bibliographer and Reference List**
