The Eisenhower Years Richard T. Stanley, 2012-06 The Fabulous Fifties were America's Happy Days The Eisenhower Years produced amazing contributions to our American culture and to other cultures around the world In so many ways Americans innovated and the world imitated from Elvis Presley and rock n roll to the Salk anti polio vaccine America's contributions to the world included motion pictures and the Broadway stage radio and television amateur and professional sports jazz the blues country and Western music traditional ballads and popular songs and rock n roll domestic and international business and trade public and private educational opportunities and a rich and varied literature While Americans did not invent all these categories they nevertheless took each to new heights during the Eisenhower Years and shared their bounty with the world The Eisenhower Years generally speaking were happier more stable more prosperous more optimistic and simpler times than the preceding decades of the 1930s and 40s and the increasingly turbulent 1960s and 70s that followed In fact America's exuberance in so many areas of the arts and everyday life was omnipresent As for political and military achievements President Eisenhower kept us safely out of war and was wise enough to stay out of the way of America's artists and entrepreneurs As a result the Eisenhower Years should forever be remembered as those Happy Days

Housework and Gender in American Television Kristi Rowan Humphreys, 2015-10-29 Housework and Gender in American Television Coming Clean examines representations of housework and their relationships with gender in sixty of the most popular television shows of the 1950s through the 1980s searching for trends similarities inconsistencies and meaning Much of the critical scholarship addressing mid century televised housework claims that domestic activities marginalize female characters removing them from scenes involving important familial discussions and placing them in devalued positions This book challenges the notion that housework functions primarily as a mechanism through which female characters are marginalized devalued invisible or passive and instead proposes a different reading of housework in television one that brings to the fore the loving sacrificial and active qualities so crucial and foundational to housework activity in both representation and reality These qualities in turn attach a strength to female characters and male characters when applicable that is often ignored in standard feminist analyses of television This study reveals roughly twenty trends established in four decades of televised housework from the housewives of the fifties to the witches and genies of the sixties to the elimination of male domestic labor in the seventies to the dominance of male housekeepers in the eighties

God's Black Badge Jim Finn, 2013-10-18 It seems that since my conception God has always blessed me with his guidance and protection He has always taken care of my enemies and he took my pain to become their pain There were many times that I could not understand or rationalize why my situations were eased and the end results were always positive It took me many years to realize that Gods unchanging hand dealt me the necessary cards of life that has carried me from the gutter most to the uttermost As we Christian folks always say God may not be there when you need him most but he will not forsake you and he is always be there on time The following occurrences are true and without my Lord and Savior Jesus Christ my life would be in turmoil and filled with sadistic behavior The following is also my testimony of just how great Gods
