Mastering Iron Anne Kelly Knowles, 2013-01-15 Veins of iron run deep in the history of America Iron making began almost as soon as European settlement with the establishment of the first ironworks in colonial Massachusetts Yet it was Great Britain that became the Atlantic world s dominant low cost high volume producer of iron a position it retained throughout the nineteenth century It was not until after the Civil War that American iron producers began to match the scale and efficiency of the British iron industry In *Mastering Iron* Anne Kelly Knowles argues that the prolonged development of the US iron industry was largely due to geographical problems the British did not face Pairing exhaustive manuscript research with analysis of a detailed geospatial database that she built of the industry Knowles reconstructs the American iron industry in unprecedented depth from locating hundreds of iron companies in their social and environmental contexts to explaining workplace culture and social relations between workers and managers She demonstrates how ironworks in Alabama Maryland Pennsylvania and Virginia struggled to replicate British technologies but in the attempt brought about changes in the American industry that set the stage for the subsequent age of steel Richly illustrated with dozens of original maps and period art work all in full color *Mastering Iron* sheds new light on American ambitions and highlights the challenges a young nation faced as it grappled with its geographic conditions

Pennsylvania Farming Sally McMurry, 2017-06-08 Since precolonial times agriculture has been deeply woven into the fabric of Pennsylvania s history and culture *Pennsylvania Farming* presents the first history of Pennsylvania agriculture in more than sixty years and offers a completely new perspective Sally McMurry goes beyond a strictly economic approach and considers the diverse forces that helped shape the farming landscape from physical factors to cultural repertoires to labor systems Above all the people who created and worked on Pennsylvania s farms are placed at the center of attention More than 150 photographs inform the interpretation which offers a sweeping look at the evolution of Pennsylvania s agricultural landscapes right up to the present day

[A Stranger Here Below](#) Charles Fergus, 2019-03-05 For fans of C J Box s Joe Pickett series a fabulous historical mystery series set in early America Deeply imagined and intricately plotted *A Stranger Here Below* marries richly textured historical fiction with the urgency of a mystery novel Fergus knows certain things deep in the bone horses hunting the folkways of rural places and he weaves this wisdom into a stirring tale Geraldine Brooks author of *March* and *People of the Book* Set in 1835 in the Pennsylvania town of Adamant Fergus s first novel in a new mystery series introduces Sheriff Gideon Stoltz who as a young deputy is thrust into his position by the death of the previous sheriff Gideon faces his first real challenge as death rocks the small town again when the respected judge Hiram Biddle commits suicide No one is more distraught than Gideon whom the old judge had befriended as a mentor and hunting partner Gideon is

regarded with suspicion as an outsider he s new to town and Pennsylvania Dutch in the back country Scotch Irish settlement And he found the judge s body Making things even tougher is the way the judge s death stirs up vivid memories of Gideon s mother s murder the trauma that drove him west from his home in the settled Dutch country of eastern Pennsylvania He had also discovered her body At first Gideon simply wants to learn why Judge Biddle killed himself But as he finds out more about the judge s past he realizes that his friend s suicide was spurred by much more than the man s despair Gideon s quest soon becomes more complex as it takes him down a dangerous path into the past A Stranger Here Below is so atmospheric so compelling and convincing that readers will taste the grit of the dirt roads cringe at the unsanitary conditions and medical superstitions that inflame a flu epidemic and marvel at the immensely arduous task of carrying out an investigation using the primitive tools of the early 1800s Fergus leaves us breathlessly waiting for the next Gideon Stoltz mystery *Evan Pugh's Penn State* Roger L.
