The Glories of Mary Alphonse de Liguori, 1868 **A Short Treatise on the Virgin Mary** Rene Laurentin, 2022-08-26 As a peritus at Vatican II and by the end of his life arguably the world's leading Mariologist Ren Laurentin has earned the privilege of republication of a work of considerable value for any theologian who aims for comprehensiveness of Catholic theological perspective historically and systematically Laurentin's orthodox yet highly original treatment displays his command of all of the relevant biblical patristic medieval and modern texts up to and including the entire proceedings of the Second Vatican Council as well as the whole range of related historical and theological scholarship His proposal to pursue Mariological speculation along two tracks first from above following the course of doctrinal development from biblical revelation to the VCI era and second from below considering Mary's own life walking in her footsteps as it were from before the Annunciation to the Parousia provides a clear accessible structure for the work yielding rich theological and spiritual fruit Not only are all the major Marian doctrines and their developments handled with the greatest sensitivity from the Virgin birth to the modern promulgations of Immaculate Conception and Assumption but Laurentin's approach in his second part opens the way to a human psychological treatment of motherhood still solidly bolstered by traditional Christian anthropology Regarding Mary's status as Mother of God Laurentin's discussion of the Theotokos exhibits his deep ecumenical commitments as much as his specific attention to Mary's soteriological role as a sticking point for Protestantism One of the most striking qualities of the work is Laurentin's deft integration of his evident scholastic formation into an overarching vision thoroughly at ease with the phenomenological personalist and existential currents in which he also inevitably swam throughout his education and professional scholarly occupation As a result the work can be read and appreciated instinctively as it were as much by the eclectic contemporary theologian influenced by the likes of Heidegger et al as by the Thomist

Mary in the Middle Ages Luigi Gambero, 2005-01-01 **The English Reports**, 1903 **Simply Mary** James Prothero, 2019-11-05 The Virgin Mary has appeared to thousands and performed miracles from the early fifth century until now Millions around the world are devoted to her But have we wrapped so much elevating imagery around her that we've lost the real woman who gave birth to Our Lord Was Mary of Nazareth a pain free perpetual virgin a spiritual superwoman even something of a goddess floating calmly above the storms of her life Or was she a woman who experienced the agony of childbirth the dirt and grit of everyday existence and ultimately witnessed her Son being tortured to death What do we really know about her from Scripture and how have we made this first century peasant woman into a sort of glowing semi goddess And while we're at it how has the divinity of her Son obscured our clear sight of her Simply Mary Meditations on the Real Life of the Mother of Christ answers these questions in a combination of reflection and

biography exploring things we can know and can surmise from the record that have not been brought up before now With both the eyes of faith and of a realistic historical appraisal this book addresses the most important question that has never been answered who was the woman Mary of Nazareth Before she can be the Mother of God she has to be a woman **Forty Sermons Preached at the Parish-church of St. Mary Magdalene, Milk-street, London** Anthony Farindon, 1663
