education today and reviews the literature on teaching and learning Chapter 1 looks at the analytical foundations for all of the model's elements from adult learning theory to communities of practice and Chapter 2 presents the model's theory of change Chapter 3 describes the model in detail and Chapters 4 and 5 concern the infrastructure of the faculty collaborative community focusing on both its interpersonal and technological dimensions The book concludes in Chapter 6 with an assessment of the value of this approach to professional development and a call to action for faculty member engagement in this important work so essential to both professional passion and mandate
