Girls Make Media Mary Celeste Kearney, 2013-08-21 More girls are producing media today than at any other point in U S history and they are creating media texts in virtually every format currently possible magazines films musical recordings and websites *Girls Make Media* explores how young female media producers have reclaimed and reconfigured girlhood as a site for radical social cultural and political agency Central to the book is an analysis of Riot Grrrl a 1990s feminist youth movement from a fusion of punk rock and gender theory and the girl power movement it inspired The author also looks at the rise of girls only media education programs and the creation of girls studies This book will be essential reading for anyone seeking to understand contemporary female youth in today s media culture

Literacy in Multimedia America Ladislaus M Semali, 2017-11-28 Originally published in 2000 This book provides insights practical suggestions and clear cut strategies for integrating media across the K 12 curriculum This contribution to teaching and curriculum design uses students own media experiences or media vignettes from students lives to enter teaching and learning It provides a road map for teachers longing to reflect and take seriously the knowledge students bring to school from their homes and communities and to draw upon this background to develop students critical thinking viewing and reading of written texts visuals and other electronic images and messages

The Media and Communications in Australia Bridget Griffen-Foley, Sue Turnbull, 2023-11-21 At a time when the traditional media have been reshaped by digital technologies and audiences have fragmented people are using mediated forms of communication to manage all aspects of their daily lives as well as for news and entertainment *The Media and Communications in Australia* offers a systematic introduction to this dynamic field Fully updated and expanded this fifth edition outlines the key media industries from print sound and television to film gaming and public relations and explains how communications technologies have changed the ways in which they now operate It offers an overview of the key approaches to the field including a consideration of Indigenous communication and features a hot topics section with contributions on issues including diversity misinformation algorithms COVID 19 web series and national security With chapters from Australia s leading researchers and teachers in the field *The Media and Communications in Australia* remains the most comprehensive and reliable introduction to media and communications from an Australian perspective It is an ideal student text and a key resource for teachers lecturers media practitioners and anyone interested in understanding these influential industries

Media, Culture and Society Paul Hodkinson, 2024-04-19 As digital media come to saturate more and more of our societies what benefits and challenges do they bring Who holds power in contemporary media industries and do they have our best interests at heart What role do

media play in our cultural identities and the relations between communities How much control do media users have over the role of platforms algorithms and data in their lives Media increasingly dominate our social and cultural worlds affecting issues of power politics knowledge identity and everyday life But what are the implications of the mediatisation of contemporary life and how should we make sense of it In this fully updated and revised edition of his bestselling textbook Paul Hodkinson explores the social and cultural significance of media in the age of digital platforms Encompassing media technologies industries texts and users and combining coverage of classic theories with extensive new material on platforms social media datafication and more this book will equip you to navigate the fast moving field of media and communication studies Media Culture and Society provides an essential overview for students studying introductory media modules as well as depth for those further into their media degree

Democratizing Journalism through Mobile Media Ivo

Burum,2016-04-20 Fuelled by a distrust of big media and the development of mobile technologies the resulting convergence of journalism praxis professional to alternative workflows analogue to multipoint digital and platforms PC to mobile result in a 24 hour always on content cycle The information revolution is a paradigm shift in the way we develop and consume information in particular the type we call news While many see this cultural shift as ruinous Burum sees it as an opportunity to utilize the converging information flow to create a galvanizing and common digital language across spheres of communication community education and mainstream media Embracing the digital literacies researched in this book will create an information bridge with which to traverse journalism s commercial precarity the marginalization of some communities and the journalism school curricula

Multimedia Stardom in Hong Kong Leung Wing-Fai,2014-11-27

This book details original research into the practices and discourse of multimedia stardom alongside changing social and cultural landscapes in Hong Kong since 1980 It examines the cultural and sociological significance of stardom in the region and the conditions which gave rise to such famous stars as Jackie Chan This book elaborates the distinction between multimedia stardom and celebrity asserting that in Hong Kong stardom has been central in the production and consumption of local media while demonstrating the importance of multimedia stardom as part of the cultural Chinese mediascape and transnational popular culture from both historical and contemporary contexts

Journalism and Ethics: Breakthroughs in Research and Practice Management Association, Information Resources,2019-05-03

In the modern hyperconnected society consumers are able to access news from a variety of channels including social media television mobile devices the internet and more From sensationalist headlines designed to attract click throughs to accusations of bias assigned to specific news sources it is more important now than ever that the media industry maintains best practices and adheres to ethical reporting By properly informing citizens of critical national concerns the media can help to transform society and promote active participation Journalism and Ethics Breakthroughs in Research and Practice examines the impacts of journalism on society and the media s responsibility to accurately inform citizens of government and non government activities in an ethical

manner It also provides emerging research on multimedia journalism across various platforms and formats using digital technologies Highlighting a range of pertinent topics such as investigative journalism freedom of expression and media regulation this publication is an ideal reference source for media professionals public relations officers reporters news writers scholars academicians researchers and upper level students interested in journalism and journalistic ethics The Education of a CD-ROM Publisher Chris Andrews,1998 *Media Convergence Handbook - Vol. 1* Artur Lugmayr,Cinzia Dal Zotto,2015-11-20 The Media Convergence Handbook sheds new light on the complexity of media convergence and the related business challenges Approaching the topic from a managerial technological as well as end consumer perspective it acts as a reference book and educational resource in the field Media convergence at business level may imply transforming business models and using multiplatform content production and distribution tools However it is shown that the implementation of convergence strategies can only succeed when expectations and aspirations of every actor involved are taken into account Media consumers content producers and managers face different challenges in the process of media convergence Volume I of the Media Convergence Handbook encourages an active discourse on media convergence by introducing the concept through general perspective articles and addressing the real world challenges of conversion in the publishing broadcasting and social media sectors **Social Problems** Anna Leon-Guerrero,2010-09-16 With an engaging writing style that has made it a popular choice at both 2 and 4 year schools the Third Edition of Anna Leon Guerrero s Social Problems textbook clearly presents contemporary social problems and addresses their consequences while emphasizing community involvement by both individuals and groups to achieve real solutions With an overarching focus on social inequalities this proven text provides a platform for discussion that encourages critical thinking through compelling illustrations boxed features learning checks discussion questions and online learning tools all designed to inspire hope rather than simply present a disheartening parade of maladies *Mobile and Social Media Journalism* Anthony Adornato,2021-07-29 Now in its second edition Mobile and Social Media Journalism continues to be an essential resource for learning how journalists and news organizations use mobile and social media to gather news distribute content and engage with audiences Merging theory and practice the book includes checklists and practical activities in every chapter enabling readers to immediately build the mobile and social media skills that today s journalists need and which news organizations expect The second edition retains a focus on journalism s core values such as authentication verification and credibility while guiding readers on how to apply them to digital media activities The book also offers an in depth discussion of the audience s active role in producing content how mobile devices and social media have changed the way the audience consumes news and what these changes mean for journalists Updated to address the latest trends in multimedia journalism the second edition includes two new chapters Writing mobile friendly web stories and The spread of fake news This is a valuable resource for journalism students as well as media professionals seeking to update their skills The book also features a

companion website at www.mobileandsocialmediajournalism.com providing online resources for students and lecturers including video tutorials industry news and sample assignments The book's Twitter account MobileJourn and Facebook page fb.com/MobileandSocialMediaJournalism share the latest industry trends and offer tips for teaching the topic

Media Culture in Nomadic Communities Allison Hahn, 2015-10-01 Media Culture in Nomadic Communities examines the ways that new technologies and ICT infrastructures have changed the communicative norms and patterns that regulate mobile and nomadic communities engagement in local and international deliberative decision making Each chapter examines a unique communicative event such as how the Maasai of Tanzania have used online petitions to demand government action how Mongolians in northern China have used microblogs to record and debate land tenure and how herding communities from around the world have supported the Lakota Sioux protests at Standing Rock Through these case studies Hahn argues that mobile and nomadic communities are creating and utilizing new communicative networks that are radically changing local national and international deliberations

Power Performance Tony Silvia, Terry Anzur, 2011-03-21 This book is a unique and definitive guide to the skills necessary for on camera journalism and offers an invaluable behind the scenes look at the profession Tailors the traditional skills of writing reporting and producing to the needs of journalists working in front of the camera Includes chapters devoted to the role of the storyteller reporting the story across multiple platforms and presenting the story on camera Incorporates profiles of leading multimedia journalists and public relations practitioners Addresses the key ethical issues for the profession Offers practical advice for putting presentation skills to work Storytelling skills covered can be applied to a variety of traditional and new media formats including television news radio and podcasts

Multimedia Security Technologies for Digital Rights Management Wenjun Zeng, Heather Yu, Ching-Yung Lin, 2011-07-28 Security is a major concern in an increasingly multimedia defined universe where the Internet serves as an indispensable resource for information and entertainment Digital Rights Management DRM is the technology by which network systems protect and provide access to critical and time sensitive copyrighted material and or personal information This book equips savvy technology professionals and their aspiring collegiate protégés with the latest technologies strategies and methodologies needed to successfully thwart off those who thrive on security holes and weaknesses Filled with sample application scenarios and algorithms this book provides an in depth examination of present and future field technologies including encryption authentication copy control tagging tracing conditional access and media identification The authors present a diversified blend of theory and practice and focus on the constantly changing developments in multimedia applications thus providing an admirably comprehensive book Discusses state of the art multimedia authentication and fingerprinting techniques Presents several practical methodologies from industry including broadcast encryption digital media forensics and 3D mesh watermarking Focuses on the need for security in multimedia applications found on computer networks cell phones and emerging mobile computing devices

An Introduction to Digital Media Tony Feldman, 2003-09-02 In this clear and

highly accessible book Tony Feldman provides an account of the evolution and application of digital media Clarifying its underlying technologies he identifies its immense commercial and human potential Using as a starting point a simplification which considers new media in two distinct sectors packaged off line media such as CD ROMs and the world of transmitted media which includes digital broadcasting and interactive online services Feldman provides a comprehensive overview of the digital media landscape Focusing on multimedia and the entertainment media he describes and analyses the spectacular rise of CD based information and the equally revolutionary development of the Internet and online services Set within a commercial context readers can identify the potential to generate revenue and profit from the new media An Introduction to Digital Media concludes with a strategic assessment of the implications of going digital for individuals companies and corporations

Writing for Visual Media Anthony Friedmann,2021-11-28 Writing for Visual Media provides writers with an understanding of the nature of visual writing behind all visual media Such writing is vital for directors actors and producers to communicate content to audiences Friedmann provides an extended investigation into dramatic theory and how entertainment narrative works illustrated by examples and detailed analysis of scenes scripts techniques and storylines This new edition has a finger on the pulse of the rapidly evolving media ecosystem and explains it in the context of writing and creating content Friedmann lays out many of the complex professional creative and commercial issues that a writer needs to understand in order to tell engaging stories and construct effective and professional screenplays This new edition includes A new chapter on storytelling A fresh examination of dramatic theory and how to apply it to constructing screenplays Updated discussion of mobile platforms A lengthened discussion of copyright ethics and professional development issues An updated companion website with sample scripts and corresponding videos an interactive glossary sample storyboards and screenplays links to industry resources and materials for instructors such as slides a syllabus and a test bank

Computing Japan,1997

Media Management Andrej Vizjak,Max Josef Ringlstetter,2012-11-02 As the media converges with the telecommunication industry leveraging content becomes key for both formerly separate industries As new channels are offered and used to distribute various contents from music to games from text to videos companies have to think about innovative ways to even more profit from providing the channels or from providing the content or from providing both New business models are emerging that are made for leveraging content and finding their way to the customers This book explains why and how more content leverage becomes reality

SOCIOLOGICAL AND CULTURAL ASPECTS OF MEDIA AND COMMUNICATIONS Anant Chauhan Vishwendra,2022-01-16 Mass media play a significant role in shaping public perceptions on a variety of important issues both through the information that is dispensed through them and through the interpretations they place upon this information They also play a large role in shaping modern culture by selecting and portraying a particular set of beliefs values and traditions an entire way of life as reality That is by portraying a certain interpretation of reality they shape reality to be more in line with that interpretation Mass communication is the process by

which a person group of people or large organization creates a message and transmits it through some type of medium to a large anonymous heterogeneous audience Mass communication is regularly associated with media influence or media effects and media studies Mass communication is a branch of social science that falls under the larger umbrella of communication studies or communication With the rise of mass society and the rapid growth of the mass media starting in the nineteenth century the public media critics and scholars have raised questions about the effects various media might have on society and individuals These effects were viewed initially as being strong direct and relatively uniform on the population as a whole More recently research has expanded to move beyond looking just at the effects that media and media content have on individuals and society to examinations of how living in a world with all pervasive media changes the nature of our interactions and culture It is hoped that the book will serve the purpose of students and scholars of the subject and can be useful to them in allied fields
