Making Of Tocquevilles Democracy In America

George Athan Billias

Making Of Tocquevilles Democracy In America:

The Making of Tocqueville's Democracy in America James T. Schleifer, 1980 It is impossible fully to understand the American experience apart from Alexis de Tocqueville's *Democracy in America* Moreover it is impossible fully to appreciate Tocqueville by assuming that he brought to his visitation to America or to the writing of his great work a fixed philosophical doctrine James T Schleifer documents where when and under what influences Tocqueville wrote different sections of his work In doing so Schleifer discloses the mental processes through which Tocqueville passed in reflecting on his experiences in America and transforming these reflections into the most original and revealing book ever written about Americans For the first time the evolution of a number of Tocqueville's central themes democracy individualism centralization despotism emerges into clear relief As Russell B Nye has observed Schleifer's study is a model of intellectual history an account of the intertwining of a man a set of ideas and the final product a book The Liberty Fund second edition includes a new preface by the author and an epilogue The Problem of the Two Democracies

The Chicago Companion to Tocqueville's Democracy in America James T. Schleifer, 2022-12-22 One of the greatest books ever to be written on the United States *Democracy in America* continues to find new readers who marvel at the lasting insights Alexis de Tocqueville had into our nation and its political culture The work is however as challenging as it is important its arguments can be complex and subtle and its sheer length can make it difficult for any reader especially one coming to it for the first time to grasp Tocqueville's meaning The Chicago Companion to Tocqueville's *Democracy in America* is the first book written expressly to help general readers and students alike get the most out of this seminal work Now James T Schleifer an expert on Tocqueville has provided the background and information readers need in order to understand Tocqueville's masterwork In clear and engaging prose Schleifer explains why *Democracy in America* is so important how it came to be written and how different generations of Americans have interpreted it since its publication He also presents indispensable insight on who Tocqueville was his trip to America and what he meant by equality democracy and liberty Drawing upon his intimate knowledge of Tocqueville's papers and manuscripts Schleifer reveals how Tocqueville's ideas took shape and changed even in the course of writing the book At the same time Schleifer provides a detailed glossary of key terms and key passages all accompanied by generous citations to the relevant pages in the University of Chicago Press Mansfield Winthrop translation The Chicago Companion will serve generations of readers as an essential guide to both the man and his work

The Making of Tocqueville's Democracy in America James T. Schleifer, 1972

The Making of Tocqueville's America Kevin Butterfield, 2024-05-31 Alexis de Tocqueville was among the first to draw attention to Americans propensity to form voluntary associations and to join them with a fervor and frequency unmatched anywhere in the world For nearly two centuries we have sought to understand how and why early nineteenth century Americans were in Tocqueville's words forever forming associations In *The Making of Tocqueville's America* Kevin Butterfield argues that to understand this we need to first ask

what did membership really mean to the growing number of affiliated Americans Butterfield explains that the first generations of American citizens found in the concept of membership in churches fraternities reform societies labor unions and private business corporations a mechanism to balance the tension between collective action and personal autonomy something they accomplished by emphasizing law and procedural fairness As this post Revolutionary procedural culture developed so too did the legal substructure of American civil society Tocqueville then was wrong to see associations as the training ground for democracy where people learned to honor one another's voices and perspectives Rather they were the training ground for something no less valuable to the success of the American democratic experiment increasingly formal and legalistic relations among people **Tocqueville: Democracy in America** Alexis de Tocqueville, 2010-01-18

Tocqueville Democracy in America written by legendary author Alexis de Tocqueville is widely considered to be one of the greatest books of all time This great classic will surely attract a whole new generation of readers For many Tocqueville Democracy in America is required reading for various courses and curriculums And for others who simply enjoy reading timeless pieces of classic literature this gem by Alexis de Tocqueville is highly recommended Published by Classic Books International and beautifully produced Tocqueville Democracy in America would make an ideal gift and it should be a part of everyone's personal library *Democracy in America (Volumes 1 and 2, Unabridged)* Alexis de Tocqueville, 2007 In 1831 the then twenty seven year old Alexis de Tocqueville was sent with Gustave de Beaumont to America by the French Government to study and make a report on the American prison system Over a period of nine months the two traveled all over America making notes not only on the prison systems but on all aspects of American society and government From these notes Tocqueville wrote Democracy in America an exhaustive analysis of the successes and failures of the American form of government a republican representative democracy Contained here are both of the unabridged volumes of that classic exposition as translated by Henry Reeve *American Constitutionalism Heard Round the World, 1776-1989* George Athan Billias, 2011-12 Winner of the 2010 Book Award from the New England Historical Association American constitutionalism represents this country's greatest gift to human freedom yet its story remains largely untold For over two hundred years its ideals ideas and institutions influenced different peoples in different lands at different times American constitutionalism and the revolutionary republican documents on which it is based affected countless countries by helping them develop their own constitutional democracies Western constitutionalism of which America was a part along with Britain and France reached a major turning point in global history in 1989 when the forces of democracy exceeded the forces of autocracy for the first time Historian George Athan Billias traces the spread of American constitutionalism from Europe Latin America and the Caribbean region to Asia and Africa beginning chronologically with the American Revolution and the fateful shot heard round the world and ending with the conclusion of the Cold War in 1989 The American model contributed significantly by spearheading the drive to greater democracy throughout the Western world and Billias's landmark study tells a story that

will change the way readers view the important role American constitutionalism played during this era *The Cambridge Companion to Tocqueville* Cheryl B. Welch, 2006-10-02 The Cambridge Companion to Tocqueville contains a set of critical interpretive essays by internationally renowned scholars on the work of Alexis de Tocqueville The essays cover Tocqueville's major themes liberty equality democracy despotism civil society religion and texts Democracy in America Recollections Old Regime and the Revolution other important reports speeches and letters The authors analyze both Tocqueville's contributions as a theorist of modern democracy and his craft as a writer Collections of secondary work on Tocqueville have tended to fall into camps either bringing together only scholars from one point of view or discipline or treating only one major text This Companion transcends national ideological disciplinary and textual boundaries to bring together the best in recent Tocqueville scholarship The essays not only introduce Tocqueville's major themes and texts but also put forward provocative arguments that advance the field of Tocqueville studies **Alexis de Tocqueville and the Art of Democratic Statesmanship** Brian Danoff, Louie Joseph Hebert, 2011-01-01 In 1835 Alexis de Tocqueville famously called for a new political science that could address the problems and possibilities of a world itself quite new For Tocqueville the democratic world needed not just a new political science but also new arts of statesmanship and leadership In this volume Brian Danoff and L Joseph Hebert Jr have brought together a diverse set of essays revealing that Tocqueville's understanding of democratic statesmanship remains highly relevant today The first chapter of the book is a new translation of Tocqueville's 1852 address to the Academy of Moral and Political Sciences in which Tocqueville offers a profound exploration of the relationship between theory and practice and between statesmanship and political philosophy Subsequent chapters explore the relationship between Tocqueville's ideas on statesmanship on the one hand and the ideas of Plato Aristotle Machiavelli Montesquieu the Puritans the Framers of the U S Constitution Oakeshott Willa Cather and the Second Vatican Council on the other Timely and provocative these essays show the relevance of Tocqueville's theory of statesmanship for thinking about such contemporary issues as the effects of NGOs on civic life the powers of the American presidency the place of the jury in a democratic polity the role of religion in public life the future of democracy in Europe and the proper balance between liberalism and realism in foreign policy *Democracy in America (Volume 1, Unabridged)* Alexis de Tocqueville, 2007 In 1831 the then twenty seven year old Alexis de Tocqueville was sent with Gustave de Beaumont to America by the French Government to study and make a report on the American prison system Over a period of nine months the two traveled all over America making notes not only on the prison systems but on all aspects of American society and government From these notes Tocqueville wrote Democracy in America an exhaustive analysis of the successes and failures of the American form of government a republican representative democracy Contained here is the unabridged first volume of that classic exposition as translated by Henry Reeve [Traveling Back](#) Susan McWilliams, 2014-01-15 We live in a global age an age of vast scale and speed an age of great technological and economic and environmental change in conditions our ancestors could hardly

have imagined What does this compression of geographical and temporal scale mean for our political thinking Do we need new modes of political thought or a new kind of political imagination How might we begin to develop a truly global political theory Against the common belief that we need a wholly new political theory for our global age Susan McWilliams argues that the best foundation is already behind us and can be found by traveling back In doing this revisiting the history of political thought with a mind to the questions accompanying globalization it becomes clear that the greatest tool for understanding our new world lies in one of the oldest themes in Western political theory travel Since the beginnings of Western political thought the ancient Greeks referred to travel as *theoria* political theorists have used images of travel to illuminate the central questions of globalization where travel stories appear we find serious reflection about how to live in cross cultural and interconnected political conditions Here we find attention to the contingency of political identity to hybridity and to the threats of colonialism and imperialism We even find self critical questioning about the dangers that face political theorists who want to think globally In *Traveling Back* McWilliams uncovers the rich travel story tradition of political theorizing that speaks directly to the problems of our age She explores why this travel story tradition has been so long neglected especially in this time when we need its wisdom and she calls for its rediscovery In order to move forward toward a global political theory as McWilliams eloquently demonstrates we must first learn to travel back

Term Paper Resource Guide to Nineteenth-Century U.S. History Kathleen W. Craver, 2008-06-30 Major help for those inevitable American History term paper projects has arrived to enrich and stimulate students in challenging and enjoyable ways Students from high school age to undergraduate will be able to get a jumpstart on assignments with the hundreds of term paper projects and research information offered here in an easy to use format Users can quickly choose from the 100 important events of the nineteenth century carefully selected to be appealing to students and delve right in Each event entry begins with a brief summary to pique interest and then offers original and thought provoking term paper ideas in both standard and alternative formats that incorporate the latest in electronic media such as iPod and iMovie The best in primary and secondary sources for further research are then annotated followed by vetted stable Web site suggestions and multimedia resources for further viewing and listening Librarians and faculty will want to use this as well Students dread term papers but with this book the research experience is transformed and elevated **Term Paper Resource Guide to Nineteenth Century U S History** is a superb source to motivate and educate students who have a wide range of interests and talents The provided topics on events people inventions cultural contributions wars and technological advances reflect the country s nineteenth century character and experience Some examples of the topics are Barbary Pirate Wars the Thomas Jefferson and Sally Hemings liaison Tecumseh and the Prophet the Santa Fe Trail Immigration in the 1840s the Seneca Falls Convention the Purchase of Alaska Boss Tweed s Ring Wyatt Earp and the Gunfight at O K Corral United States v Wong Kim Ark and Scott Joplin and Ragtime Music

Postcolonialism and Political Theory Nalini Persram, 2008-01-01 Postcolonialism and Political Theory explores the

intersection between the political and the postcolonial through an engagement with critique of and challenge to some of the prevalent restrictive tenets and frameworks of Western political and social thought It is a response to the call by postcolonial studies as well as to the urgent need within world politics to turn towards a multiplicity_largely excluded from globally dominant discourses of community subjectivity power and prosperity_constituted by otherness radical alterity or subordination to the newly reconsolidated West The book offers a diverse range of essays that re examine and open the boundaries of political and cultural modernity s historical domain that look at how the racialized and gendered and cultured subject visualizes the social from elsewhere that critique the limits of postcolonial theory and its claim to celebrate diversity and that complicate the notion of postcolonial politics within settler societies that continue to practice exile of the indigenous Postcolonialism and Political Theory is an ideal book for graduate and advanced undergraduate level study and for those working both disciplinarily and interdisciplinarily both inside and outside academia **De Tocqueville** Cheryl B.

Welch,2001 Founders of Modern Political and Social Thought present critical examinations of the work of major political philosophers and social theorists assessing both their initial contribution and continuing relevance to politics and society Each volume provides a clear accessible historically informed account of each thinker s work focusing on a reassessment of their central ideas and arguments Founders encourage scholars and students to link their study of classic texts to current debates in political philosophy and social theory Alexis de Tocqueville is one of the most topical and debated figures in contemporary political and social theory This clear new introduction to de Tocqueville s thought examines in detail his classic works and their major themes Welch argues that Tocqueville s major themes tap into deep anxieties about democratic practices and his writings help us to identify the major fault lines in democracy at the turn of the new century Beginning with a consideration of Tocqueville s distinctiveness against the historical background and intellectual context of his time Welch goes on to trace the development of his thought on democracy and revolution history slavery religion and gender including chapters dealing with his writings on France and the United States The final chapter then explores Tocqueville s historical legacy and his contemporary significance illuminating the reasons why this displaced nineteenth century aristocrat has become one of the most topical figures in contemporary political and social theory Revolution and the Republic Jeremy Jennings,2011-06-16 Revolution and the Republic provides a new and wide ranging interpretation of political thought in France from the eighteenth century to the present day At its heart are the dramatic and violent events associated with the French Revolution of 1789 and the birth of the First Republic in 1792 For the next two centuries writers in France struggled to make sense of these and subsequent events in French revolutionary history producing a rich and perceptive analysis of the nature of republican government But as Revolution and the Republic shows these important debates were not limited to the narrow confines of politics and to the writing of constitutions Such was their significance that they occupied a central place in discussions about religion science philosophy commerce and the writing of history They also shaped arguments about the

character of France and the French nation as well as polemics about the role of intellectuals in French society Moreover they continue to be of importance in France today as the country faces the challenges posed by globalisation multiculturalism and the reform of the welfare state Integrating the perspectives of intellectual history political theory social and cultural history and political economy Jeremy Jennings has written a study of political ideas that appeals to all those interested in the history of modern France and Europe more generally

French Liberalism from Montesquieu to the Present Day Raf Geenens, Helena Rosenblatt, 2012-01-19 This collection of essays explores an unjustly neglected tradition that is now experiencing a remarkable renaissance French political liberalism

Montesquieu's Comparative Politics and the Spirit of American Constitutionalism Anne M. Cohler, 2021-10-08 American republicans notes Forrest McDonald regarded selected doctrines of Montesquieu as being virtually on par with Holy Writ But exactly how the French jurist's labyrinthine work *The Spirit of the Laws* with which was published in 1748 influenced the eighteenth century conception of the republic is not well understood by historians or theorists Anne M Cohler undertakes to show the importance of Montesquieu's teaching for modern legislation and for modern political prudence generally with specific reference to his impact on the Federalist and Tocqueville In so doing she delineates Montesquieu's contribution to political philosophy and suggests new ways to think about the formation of the American Constitution To analyze the comparative politics found in the *Spirit of the Laws* Cohler focuses on four fundamental principles underlying Montesquieu's view of government spirit moderation liberty and legislation In this endeavor she is guided by the conviction that the philosopher hews to the spirit of the laws rather than to the laws themselves that is to internal rather than external principles Montesquieu in Cohler's argument addresses the problem posed by the tendency to see human beings in light of universal abstractions at the expense of particular relationships distinctions and forms To counter this tendency which can be fostered by religion Montesquieu develops a theory of prudence designed to support the world of politics an intermediate world necessarily an intermediate world occupying a space between universal abstractions and individual particularities Cohler suggests that the Federalists and Tocqueville were most influenced by this preoccupation with spirit and moderation James Madison and other Federalists for example were not drawn to limited government as a principled notion but rather as a consequence of understanding the context within which a moderate government must act not to become despotic Similarly Tocqueville extols democracy as self government as an antidote to the dangers of democracy as a rule the character of the governed shapes the nature of the governors These and other conclusions will prove valuable to intellectual historians political theorists and students of religion

The Oxford Handbook of Sociology and Organization Studies Paul S. Adler, 2009 Organizations are a defining feature of the modern world and the study of organizations Organization Studies has become well established in both sociology departments and professional schools most notably business and management schools Organization Studies has long drawn inspiration from foundational work in sociology The sociological lens affords depth of insight into the technological economic cultural and

political forces that shape organizations from both within and without. In particular, classical works in sociology have long energized organizational research primarily by suggesting ways of making sense of the ever accelerating pace of social change. In recent decades, however, the field has lost interest in these sociology classics. This trend reflects and reinforces an increasingly academic focus of contemporary Organization Studies. Not only does this trend weaken Organization Studies' engagement with the big social issues of our time, but it isolates the field from the broader field of the social sciences. The aim of this Handbook is to reassert the importance of classical sociology to the future of Organization Studies. Alongside several thematic chapters, the volume includes chapters on each of nearly two dozen major European and American theorists, each of these chapters addressing a) the ideas and their context, b) the impact of these ideas on the field of Organization Studies, and c) the potential future research these ideas might inspire. The goal is not reverential exegesis, but rather to examine how the classics can energize organizational research. This wide-ranging Handbook, with contributions from leading American and European scholars, will be a vital, informative, and stimulating resource for anybody undertaking research in teaching or interested in learning more about Organization Studies today.

About the Series: Oxford Handbooks in Business Management bring together the world's leading scholars on the subject to discuss current research and the latest thinking in a range of interrelated topics, including Strategy, Organizational Behavior, Public Management, International Business, and many others. Containing completely new essays with extensive referencing to further reading and key ideas, the volumes in hardback or paperback serve as both a thorough introduction to a topic and a useful desk reference for scholars and advanced students alike.

Tocqueville James T. Schleifer, 2018-10-22 Alexis de Tocqueville, a French aristocrat paradoxically famous for his insights into democracy and equality, is one of history's greatest analysts of American society and politics. His contributions to political theory and sociology are of enduring significance. This book from one of the world's leading experts is a clearly written and accessible introduction to Tocqueville's social and political theories. Schleifer guides readers through his two major works, *Democracy in America* (1835-40) and *The Old Regime and the Revolution* (1856), as well as his working papers, correspondence, and other writings. Schleifer examines Tocqueville's essential themes and explores the various meanings of his key terms, including equality, democracy, liberty, and revolution. He combines a skillful exposition of Tocqueville's analysis of the beneficial and harmful consequences of democracy with a crystal-clear discussion of his often-overlooked economic ideas and social reform proposals. Schleifer traces both the overall unity and the significant changes in Tocqueville's ideas, demonstrating the complexity and subtlety of his thought and the importance of his legacy. It will be essential reading for all scholars, students, and general readers interested in the history of political thought, political theory, American politics, and sociology.

Western Political Thought Robert Eccleshall, Michael Kenny, 1995 This is a guide to the vast amount of literature on the history of political thought which has appeared in English since 1945. The editors provide an annotation of the content of many entries and, where appropriate, indicate their significance, controversial nature, and readability.

Making Of Tocquevilles Democracy In America Introduction

In today's digital age, the availability of Making Of Tocquevilles Democracy In America books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Making Of Tocquevilles Democracy In America books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Making Of Tocquevilles Democracy In America books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Making Of Tocquevilles Democracy In America versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Making Of Tocquevilles Democracy In America books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Making Of Tocquevilles Democracy In America books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Making Of Tocquevilles Democracy In America books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of

digitized books and historical documents. In conclusion, Making Of Tocquevilles Democracy In America books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Making Of Tocquevilles Democracy In America books and manuals for download and embark on your journey of knowledge?

FAQs About Making Of Tocquevilles Democracy In America Books

What is a Making Of Tocquevilles Democracy In America PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Making Of Tocquevilles Democracy In America PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Making Of Tocquevilles Democracy In America PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Making Of Tocquevilles Democracy In America PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Making Of Tocquevilles Democracy In America PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share

and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
