Making Government Work:

Making Government Work Ernest F. Hollings, Kirk Victor, 2008 This book describes a career politician's pragmatic remedies for broken government drawn from a half century of political leadership experience Performance is better than promise has long been the motto of Ernest F. Fritz Hollings former governor of South Carolina and 6 term U S Senator In this political autobiography of his 50 year career in public service Hollings takes to task our flawed political machine and pulls from his own experiences compelling and often colorfully candid accounts how one makes government work in spite of itself Confrontational at times toward those individuals and issues he cites as to blame for deadlocking government and putting America in the ditch Hollings proves through his crystal clear prose he is deeply committed to improving our system of government strengthening regulations on free trade countering dependence on wooing campaign contributions and enhancing our communication and education systems to better compete in an information driven global market Hollings details specific instances from his past of moments when bold leadership and smart use of resources and authority led to positive differences in the lives of Americans It is his mission through this volume to reinvigorate a floundering system and call good people and good ideas back into the service of America's future

Making Government Work Katherine Barrett, Richard Greene, 2019-12-24 In this book Barrett and Greene present evolving theories of performance management the practices necessary for a good performance based government and the pitfalls that can easily be encountered along the way and how to avoid them As performance management has evolved it has encompassed many different tools and approaches including measurement data analysis evidence based management process improvement research and evaluation In the past many of the efforts to improve performance in government have been fragmented separated into silos and labeled with a variety of different names including performance based budgeting performance informed management managing for results and so on *Making Government Work The Promises and Pitfalls of Performance Informed Management* by Katherine Barrett and Rich Greene is loaded with dozens of stories of what practitioners are currently working on what's working and what's not The benefits are ample so are the challenges This book describes both along with practical steps taken by practitioners to make government work better Readers will discover that while the authors strive to meet the documentation standards of carefully vetted academic papers the approach they take is journalistic Over the last year Barrett and Greene talked to scores of state and local officials as well as academics and other national experts to find out how performance management tools and approaches have changed and what is coming in the near term future Performance management has been in a state of evolution for decades now and so Barrett and Greene have endeavored to capture the state of the world as it is today By detailing both the challenges and conquests of performance management in *Making Government Work The Promises and Pitfalls of Performance Informed Management* Barrett and Greene ensure readers will find the kind of balanced information that is helpful to both academics and practitioners and that can move the field forward

Making Government

Work United States. Congress. Office of Technology Assessment,1993 This report published in its entirety OTA TCT 578 and in a summary form OTA TCT 579 containing only the first chapter of the complete report focuses on key topics and issues that are central to the successful use of electronic delivery by government The review conducted by the Office of Technology Assessment concludes that the movement toward electronic delivery of government services is accelerating but that many factors must be considered The greatest risks of electronic delivery are overlooking the human element and users needs which would further widen the gap between the technologically literate and the technologically illiterate and failing to capitalize on all the opportunities that partnerships among government agencies and the private sector could provide Changes that will be required in federal management are outlined and options for successful implementation of electronic delivery are sketched Many rely on the amplification of existing structures Five appendixes complement the complete report including a list of the 11 boxes 5 figures and 22 tables that illustrate the discussion and lists of acronyms and terms contributors field study participants and contractor reports The summary volume contains four tables and two boxes SLD
