Making History The People Who Shaped The San Juan Islands:

Making History Lucile Saunders McDonald, 1986 **Making History: The People who Shaped the San Juan Islands [excerpt].** , 1990 Extent 2 files Shipwrecks of the San Juans: A History of Maritime Disaster in the San Juan Islands Joseph Reigel, 2024-09-07 Mariners have long dreaded the labyrinth of the San Juan Islands Bounded by the howling straits of Georgia Rosario Haro and Juan de Fuca the islands have proved the resting place of many an unlucky ship With the aid of period accounts and historical photographs Shipwrecks of the San Juans brings to life harrowing tales such as the infamous Clallam tragedy the Bahada mystery and the unsolved disappearance of the yacht Prelude along with many more

Mysterious San Juan Island: Ghost Stories and Other Legends Joseph Reigel, 2025-02-25 Few places could hope to rival the rich history of Washington's San Juan Island From the famed Pig War to the secretive kingdom at Roche Harbor the island has played host to countless remarkable stories Like any historic place however there are some tales that the textbooks tend to omit tales like the terrifying Cry Baby House or the subterranean sasquatch said to stalk the woods around Cady Mountain With the aid of articles first hand accounts and period photographs *Mysterious San Juan Island* attempts to document this strange side of San Juan history and to ensure that the island's campfire stories remain suitably spooky for years to come *Lopez Island* Susan Lehne Ferguson, 2010 The story of Lopez Island is a story of community Skilled brave generous people like Sampson Chadwick Mother Brown Captain Barlow and Amelia Davis carved a spirited nurturing community out of seaside wilderness Homesteaders cleared forests built farms grew food and raised large families surviving then thriving together The hamlets of Port Stanley Richardson and Lopez emerged creating hubs with stores post offices and schools as well as thriving fishing canning and shipping industries The community fostered education music writing dances chivarees baseball quilting a birthday club and grand Fourth of July celebrations Living self reliant lives while helping friends neighbors and newcomers Lopezians created a unique community character that abides today

Outlaw Tales of the Old West: Fifty True Stories of Desperados, Crooks, Criminals, and Bandits Erin H. Turner, 2016-06-03 This collection of fifty outlaw tales includes well knowns such as Butch Cassidy and the Sundance Kid Frank and Jesse James Belle Starr and her dad and Pancho Villa along with a fair smattering of women organized crime bosses smugglers and of course the usual suspects highwaymen bank and train robbers cattle rustlers snake oil salesmen and horse thieves Men like Henry Brown and Burt Alvord worked on both sides of the law either at different times of their lives or simultaneously Clever shyster Soapy Smith and murderer Martin Couk survived by their wits while the outlaw careers of the dimwitted DeAutremont brothers and bigmouthed Diamondfield Jack were severely limited by their intellect or lack thereof Nearly everyone in these pages was motivated by greed revenge or a lethal mixture of the two The most bloodthirsty of the bunch such as the heartless and some might argue soulless Annie Cook and trigger happy Augustine Chac n surely had evil written into their very DNA **The Aesthetics of Island Space** Johannes Riquet, 2019-12-18 Oxford Textual Perspectives is a series of informative and

provocative studies focused upon literary texts conceived of in the broadest sense of that term and the technologies cultures and communities that produce inform and receive them It provides fresh interpretations of fundamental works and of the vital and challenging issues emerging in English literary studies By engaging with the materiality of the literary text its production and reception history and frequently testing and exploring the boundaries of the notion of text itself the volumes in the series question familiar frameworks and provide innovative interpretations of both canonical and less well known works The Aesthetics of Island Space discusses islands as central figures in the modern experience of space It examines the spatial poetics of islands in literary texts from Shakespeare's *The Tempest* to Ghosh's *The Hungry Tide* in the journals of explorers and scientists such as James Cook and Charles Darwin and in Hollywood cinema It traces the ways in which literary and cinematic islands have functioned as malleable spatial figures that offer vivid perceptual experiences as well as a geopoetic oscillation between the material energies of words and images and the energies of the physical world The chapters focus on America's island gateways Roanoke and Ellis Island visions of tropical islands Tahiti and imagined South Sea islands the islands of the US Canadian border region in the Pacific Northwest and the imaginative appeal of mutable islands It argues that modern voyages of discovery posed considerable perceptual and cognitive challenges to the experience of space and that these challenges were negotiated in complex and contradictory ways via poetic engagement with islands Discussions of island narratives in postcolonial theory have broadened understanding of how islands have been imagined as geometrical abstractions bounded spaces easily subjected to the colonial gaze There is however a second story of islands in the Western imagination which runs parallel to this colonial story In this alternative account the modern experience of islands in the age of discovery went hand in hand with a disintegration of received models of understanding global space Drawing on and rethinking post phenomenological geocritical and geopoetic theories The Aesthetics of Island Space argues that the modern experience of islands as mobile and shifting territories implied a dispersal fragmentation and diversification of spatial experience and it explores how this disruption is registered and negotiated by both non fictional and fictional responses

Unusual Orcas Island Joseph Reigel, 2024-07-03 Orcas Island Washington has long been known for its rare beauty and colorful history but for many visitors and locals alike the feeling that something strange lurks beneath the surface is all too real Does Sasquatch really stalk the remote woods Did pirates bury a fortune on Turtleback Mountain Is there a portal to a hidden world in Mount Constitution and an Atlantean energy vortex in East Sound With scores of articles first hand accounts and historical photographs *Unusual Orcas Island* attempts to shed light on these legends and to uncover others that have never been collected before

Leaving Paradise Jean Barman, Bruce McIntyre Watson, 2006-05-31 Native Hawaiians arrived in the Pacific Northwest as early as 1787 Some went out of curiosity many others were recruited as seamen or as workers in the fur trade By the end of the nineteenth century more than a thousand men and women had journeyed across the Pacific but the stories of these extraordinary individuals have gone largely unrecorded in Hawaiian or

Western sources Through painstaking archival work in British Columbia Oregon California and Hawaii Jean Barman and Bruce Watson pieced together what is known about these sailors laborers and settlers from 1787 to 1898 the year the Hawaiian Islands were annexed to the United States In addition the authors include descriptive biographical entries on some eight hundred Native Hawaiians a remarkable and invaluable complement to their narrative history Kanakas as indigenous Hawaiians were called formed the backbone of the fur trade along with French Canadians and Scots As the trade waned and most of their countrymen returned home several hundred men with indigenous wives raised families and formed settlements throughout the Pacific Northwest Today their descendants remain proud of their distinctive heritage The resourcefulness of these pioneers in the face of harsh physical conditions and racism challenges the early Western perception that Native Hawaiians were indolent and easily exploited Scholars and others interested in a number of fields Hawaiian history Pacific Islander studies Western U S and Western Canadian history diaspora studies will find Leaving Paradise an indispensable work
