Thompson,2019-10-29

Nothing that God created is the source of our human temptation To the contrary The human body is the crown of God s creation consummated by his declaration that it was good That God s people are unable to view the body without sinning is not an indictment of the body itself but of the immaturity of the post modern evangelical mind We live in a culture whose inhabitants spend billions of dollars a year to see each other naked on internet sites and in pornographic films yet are often uncomfortable changing in front of each other in locker rooms or even being seen in a swimsuit on the beach Could it be that we have so profoundly fused the image of the exposed body with sexual gratification that there is no context left for it to be laid bare without evoking either shame or arousal In That Famous Fig Leaf Chad Thompson explores the spiritual implications of the physical body and surprisingly uncovers a new kind of freedom from sexual addiction along the way Chad critiques the Christian purity movement for conflating purity with prudery and reveals that changing how we esteem our bodies has the power to heal the hypersexualized body consciousness of our culture *Mere Christianity* Clive Staples Lewis,1958 **Mere Christianity** C.
