Families & Time Kerry Daly, 1996-09-18 What is family time and what value do we place on it How many families today
have time to be families How do families view use and seek to control time and how successful are they at it Caught between
a public world speeding along on information superhighways and their own private desire to preserve the family as a rest
stop family members look for new and efficient ways to protect control and manage their time The concept of time is central
to the study of families and is used in several different ways families have changed through history families experience the
passage of time as they age over the life course and families negotiate time for being together Families as well as such
specific topics as time and technology in the home controlling time and the societal gender and intergenerational politics of
family time Though at its heart a theoretical book Families Time consciously focuses on the practical aspects of this theory in
understanding the power in the family the family life cycle and work family conflicts Scholars interested in the development
of theory of the family examining gender and work issues and exploring various perspectives on time will find this book
indispensable In this compelling portrayal of the patterns and politics of family time author Kerry J Daly has produced a
masterpiece Destined to become a classic Families Time will alert scholars across disciplines to the breadth and depth of
interdisciplinary family studies Accessible to everyone Families Time can be read for knowledge and pleasure as a new
contribution to family theory construction a mediation on the pervasiveness and value of time in family experience and a
wellspring of creative ideas for families who want to gain control over their perceived loss of time in an accelerated society
Scrupulously documented in a writing style that combines metaphor narrative and empirical findings Daly succeeds in
offering a new consciousness and theory of family time I will read and recommend this book to others over and over again
