Metamorphosis Identity:

Metamorphosis and Identity Caroline Walker Bynum, 2001-05-06 An exploration of the roles of metamorphosis and hybridity in the establishment of personal identity with particular emphasis on the twelfth and thirteenth centuries The four studies in this book center on the Western obsession with the nature of personal identity Focusing on the twelfth and thirteenth centuries but with an eye toward antiquity and the present Caroline Walker Bynum explores the themes of metamorphosis and hybridity in genres ranging from poetry folktales and miracle collections to scholastic theology devotional treatises and works of natural philosophy She argues that the obsession with boundary crossing and otherness was an effort to delineate nature's regularities and to establish a strong sense of personal identity extending even beyond the grave She examines historical figures such as Marie de France Gerald of Wales Bernard Clairvaux Thomas Aquinas and Dante as well as modern fabulists such as Angela Carter as examples of solutions to the perennial question of how the individual can both change and remain constant Addressing the fundamental question for historians that of change Bynum also explores the nature of history writing itself

Determinants of Neuronal Identity Marty Shankland, 2012-12-02 *Determinants of Neuronal Identity* brings together studies of a wide range of vertebrate and invertebrate organisms that highlight the determinants of neuronal identity Emphasis of this book is on how neurons are generated how their developmental identities are specified and to what degree those identities can be subsequently modified to meet the changing needs of the organism This book also considers various techniques used in the analysis of different organisms This volume is comprised of 15 chapters the first of which introduces the reader to the specification of neuronal identity in *Caenorhabditis elegans* The discussion then turns to neurogenesis and segmental homology in the leech as well as intrinsic and extrinsic factors influencing the development of Retzius neurons in the leech nervous system *Drosophila* is discussed next with particular reference to neuronal diversity in the embryonic central nervous system cell choice and patterning in the retina and development of the peripheral nervous system Other chapters explore endocrine influences on the postembryonic fates of neurons during insect metamorphosis neuron determination in the nervous system of *Hydra* and in the mammalian cerebral cortex and segregation of cell lineage in the vertebrate neural crest This book will help scientists and active researchers in synthesizing a conceptual framework for further studies of neuronal specification

Identity Troubles Anthony Elliott, 2015-10-29 In our turbulent world of global flows and digital transformations pervasive identity crises and self reinvention have become increasingly central to everyday life In this fascinating book Anthony Elliott shows how global transformations the new electronic economy digital worlds biotechnologies and artificial intelligence generate a metamorphosis across the force field of identities today *Identity Troubles* documents various contemporary mutations of identity from robotics to biomedicine from

cosmetic surgery to digital lives and considers their broader social cultural and political consequences Elliott offers a synthesis of the key conceptual innovations in identity studies in the context of recent social theory He critically examines accounts of individualization reflexivity liquidization and new maladies of the soul situating these in wider social and historical contexts and drawing out critical themes He follows with a series of chapters looking at how what is truly new in contemporary life is having profound consequences for identities both private and public This book will be essential reading for undergraduate students in sociology cultural studies political science and human geography It offers the first comprehensive overview of identity studies in the interdisciplinary field of social theory *The Logics of Change* Andreas Koch,Clemens Sedmak,2012-12-19 We live in a world of constant and dynamic change Change manifests in various guises ranging from small to big local to global individual to societal or from subtle to sudden It often comes out of the unexpected yet people can also actively bring about change Change can be for the better but often reality means change for the worse Preconditions for a contented and happy life both material and intangible are constantly challenged Living conditions of individuals as well as communities are affected by inequality exclusion or poverty Different kinds of challenge and change require different reactions This volume results from a two day conference in November 2011 in Salzburg Austria bringing together researchers and practitioners from different scientific disciplines in order to discuss approaches of poverty research social inclusion strategies and local knowledge applications with particular focus on transformation The contributions shed light on appropriate theories methodologies and concrete applications of change concepts referring to poverty place and identity at different temporal social and spatial scales They address a readership ranging from social and political scientists economists and statisticians to philosophers cultural scientists and geographers *European Identity and Citizenship* Sanja Ivic,2016-06-08 This book uses a theoretical and empirical approach to explore the philosophies of European citizenship and European identity The author applies a focused analytical framework to argue that European identity and citizenship should be perceived as postmodern categories which are multi layered dynamic and fluid The book offers a detailed review of political and legal studies which do not comprehend or explain postmodernist concepts of citizenship and identity In the theoretical part of the book various philosophical models of citizenship and identity from antiquity to the postmodern era are portrayed and the author s own theory and analytical framework is developed The empirical part of the book discusses a variety of case studies illustrating how European Union policies apply to this framework *Hizbullah's Identity Construction* Joseph Elie Alagha,2011 The important study title offers a revolutionary new perspective on the political phenomenon of Hizbullah whose evolution has frequently confounded scholars and politicians Drawing on his unparalleled access to primary sources Alagha has produced a unique work which traces all the shifts in Hizbullah s construction and reconstruction of its identity Publisher s site *Ali Smith* Monica Germanà,Emily Horton,2013-07-18 In such novels as *Hotel World* and the Whitbread Prize winning *The Accidental* Ali Smith has established herself as one of the most distinctive voices in

contemporary fiction Covering her complete oeuvre from the short stories to her most recent novel *There but for the this* is the first comprehensive critical guide to Smith's work Bringing together leading scholars Ali Smith *Contemporary Critical Perspectives* covers such topics as Language truth and reality Spectral presences and the uncanny Gender and sexuality Cosmopolitanism Smith's place in the contemporary canon Including a new interview with the author a chronology of her life and authoritative guides to further reading this is an essential guide for anyone interested in the best of contemporary fiction

Hizbullah's Identity Construction Joseph Alagha, 2025-10-01 As the dominant political force in Lebanon and one of the most powerful post Islamist organizations in the world Hizbullah is a source of great controversy and uncertainty in the West Despite the significant attention paid to this group by the media the details of Hizbullah's evolution have frequently confounded politicians and even scholars In this important study Joseph Alagha a scholar with unprecedented access to the organization exhaustively and objectively analyzes Hizbullah's historical evolution and offers a revolutionary new perspective on the political phenomenon of the organization Hizbullah's Identity Construction is a timely examination of one of the world's most turbulent regions a major contribution to the study of contemporary Islamic political movements in the Middle East and a refreshing departure from the bland hagiographies and ad hominem attacks that are all too common in studies of Hizbullah's murky history Superbly documented and argued and rooted in broad knowledge of contemporary Islamist political thought this study brings much needed clarity to a hot button subject **The Matter of Identity in Medieval**

Romance Phillipa Hardman, 2002 Twelve essays address a central concern of medieval romance the matter of identity Identity is a central concern of medieval romance Here it is approached through essays on issues of origin and parentage transformation and identity and fundamental questions of what constitutes the human The construction of knightly identity through education and testing is explored and placed in relation to female identity the significance of the motif of doubling is studied Shifting perceptions of identities are traced through the histories of specific texts and the identity of romance itself is the subject of several essays discussing ideas of genre the overlap between romance and hagiography is a theme linking a number of articles in the collection Medieval romance is shown as a marketable commodity in the printed output of William Copland and as an opportunity for literary experimentation in the work of John Metham The texts discussed include *Chevalere Assigne* *Sir Gowther* *Sir Ysumbras* *Beves of Hamtoun* *Robert of Cisyle* the *Fierabras* romances Breton lays *Thomas's Tristan* and *Marie de France's Eliduc* Contributors W A DAVENPORT JOANNE CHARBONNEAU CORINNE SAUNDERS AMANDA HOPKINS MORGAN DICKSON MARIANNE AILES JUDITH WEISS JOHN SIMONS RHIANNON PURDIE MALDWYN MILLS A S G EDWARDS ROGER DALRYMPLE *Social Identity at Work* S. Alexander Haslam, Daan van Knippenberg, Michael J. Platow, Naomi Ellemers, 2014-04-04 Social identity research is very much on the ascendancy particularly in the field of organizational psychology Reflecting this fact this volume contains chapters from researchers at the cutting edge of these developments Origin of Group Identity Luis P. Villarreal, 2008-12-10 A sense of belonging is

basic to the human experience But in this humans are not unique Essentially all life from bacteria to humans have ways by which it determines which members belong and which do not This is a basic cooperative nature of life I call group membership which is examined in this book However cooperation of living things is not easily accounted for by current theory of evolutionary biology and yet even viruses display group membership That viruses have this feature would likely seem coincidental or irrelevant to most scientist as having any possible relationship to human group identity Surely such simple molecular based relationships between viruses are unrelated to the complex cognitive and emotional nature of human group membership Yet viruses clearly affect bacterial group membership which are the most diverse and abundant cellular life form on Earth and from which all life has evolved Viruses are the most ancient numerous and adaptable biological entities we know And we have long recognized them for the harm and disease they can cause and they have been responsible for the greatest numbers of human deaths However with the sequencing of entire genomes and more recently with the shotgun sequencings of habitats we have come to realize viruses are the black hole of biology a giant force that has until recently been largely unseen and historically ignored by evolutionary biology Viruses not only can cause acute disease but also persist as stable unseen agents in their host

Flesh and Word Sarah Künzler, 2016-08-22 Bodies and their role in cultural discourse have been a constant focus in the humanities and social sciences in recent years but comparatively few studies exist about Old Norse Icelandic or early Irish literature This study aims to redress this imbalance and presents carefully contextualised close readings of medieval texts The chapters focus on the role of bodies in mediality discourse in various contexts that of identity in relation to ideas about self and other of inscribed and marked skin and of natural bodily matters such as defecation urination and menstruation By carefully discussing the sources in their cultural contexts it becomes apparent that medieval Scandinavian and early Irish texts present their very own ideas about bodies and their role in structuring the narrated worlds of the texts The study presents one of the first systematic examinations of bodies in these two literary traditions in terms of body criticism and emphasises the ingenuity and complexity of medieval texts

We Still Demand! Patrizia Gentile, Gary Kinsman, L. Pauline Rankin, 2017-01-31 We Still Demand recovers vibrant and unsung histories of sex and gender activism across Canada from the 1970s to the present Departing from conventional accounts this book demonstrates the varied nature of resistance and the productive power of remembering sex and gender struggles In attending to the records and accounts that have slipped out of view it also redraws the boundaries between activism and scholarship The first part of the book remembers these struggles Drawing on a rich history of activism the contributors recall 1970s same sex marriage activism early queer union organizing organizing against police repression early trans organizing the emergence of dyke marches the organization of black queer space at Toronto Pride events The second part of the book rethinks past and current struggles The authors address gender passing in historical research lesbian s m porn sex worker organizing problems with organizing against human trafficking queer immigration and refugee struggles and trans identity

By recovering the history of activism and outlining contemporary challenges *We Still Demand* provides a vital rewriting of the history of sex and gender activism that will enlighten current struggles and activate new forms of resistance

People Living with HIV in the USA and Germany Lauren Kaplan, 2014-07-08 Lauren Kaplan illuminates the problematic issues in the life experiences of people living with HIV She focuses on the challenges embedded in social policy such as access cost and availability of quality medical care as well as immigration policies which can restrict the freedom of people to travel work and live in different nations and regions Another focus are stigma discrimination as well as existential struggles of identity meaning and reality By engaging in a transnational comparison the author identifies areas of strength and weakness in domestic U S policy as compared to social policies in Germany
