**Embodying Wesley's Catholic Spirit** Daniel Castelo, 2017-03-16 To what degree is Wesleyan theology part of the church's catholic witness This book explores this question from a number of angles and goes on to embody some of these possibilities in conversation with other major traditions and figures within the Christian church Overall the volume shows that Wesleyan theology does draw from and can contribute to conversations related to the catholic Christian witness

*A Living Tradition* Dr. Mary Elizabeth Mullino Moore, 2013-09-17 This book engages in a critical recovery and reconstruction of the Wesleyan theological legacy in relation to current theological concepts and Christian practices with the intent to present opportunities for future directions The contributors address urgent questions from the contexts in which people now live particularly questions regarding social holiness and Christian practices To that end the authors focus on historical figures John Wesley Susanna Wesley Harry Hoosier and Richard Allen historical developments such as the ways in which African Americans appropriated Methodism and theological themes such as holistic healing work and vocation and prophetic grace The purpose is not to provide a comprehensive historical and theological coverage of the tradition but to exemplify approaches to historical recovery and reconstruction that follow appropriately the mentorship of John Wesley and the living tradition that has emerged from his witness Contributors W Stephen Gunter Richard P Heitzenrater Diane Leclerc William B McClain Randy L Maddox Rebekah L Miles Mary Elizabeth Mullino Moore Amy G Oden and Elaine A Robinson

*Reshaping Ecumenical Theology* Paul Avis, 2010-02-11 Reshaping Ecumenical Theology is a major contribution to the study of the Church It provides clear and authoritative orientation for the student while probing deep into a range of key issues in ecclesiology and ecumenical dialogue from a critical standpoint that will stimulate discussion among scholars and ecumenists It reclaims some old orthodoxies while challenging some new ones and points to a deeper and more personal engagement with the major traditions of the Christian Church as the way to fuller unity and more effective mission Reshaping Ecumenical Theology argues that the values of difference and diversity and the priority of mission and evangelisation must shape our picture of unity It transcends old arguments about establishment by showing that all churches are compelled to develop a constructive relationship to the modern state wherever possible if they are to be effective in mission The central ecumenical notion of reception is reinterpreted not as the faithful unquestioningly receiving the teaching of church authorities but as the process whereby the whole Church discerns the truth of new developments The mantra baptism is complete sacramental initiation is challenged and the place of confirmation is secured within a total process of initiation The ministry of the episcopate is affirmed but only by being related to the gospel on which the Church is founded The nature of communion is examined and the imperative of maintaining it against divisive tendencies is affirmed The hermeneutics of unity shows that

we are shaped by each other through the conflict or rivalry of traditions We are what we are because you are what you are

Reimagining Theologies of Marriage in Contexts of Domestic Violence Rachel Starr, 2018-04-17 Domestic violence is a significant threat to women's survival But Christian understandings of marriage often prevent women from resisting abusive relationships Can the Church's teaching on marriage be reshaped so that it helps women to survive rather than encourage them to submit to their husband bear their cross or sacrifice themselves for the sake of their marriage Focusing on everyday practices of marriage in two very different contexts Argentina and England Reimagining Theologies of Marriage in Contexts of Domestic Violence considers how Christian understandings of marriage as a covenant or sacrament relate to the lived experience of marriage Drawing on Augustine's notion of the goods of marriage and on belief in the saving power of marriage this book suggests that only when the wellbeing of bodies is central to a marriage can it have the power to save **The**

Stephens, 2024-03-29 Reckoning Methodism addresses the brokenness of The United Methodist Church UMC in the United States Homosexuality is but one of several fault lines with decades long histories in this predominantly White denomination Demographic shifts racism and imperialism are heavily implicated in the current state of division What then is the true nature and mission of this church The UMC is the public church divided Distinct missional theologies arise from competing commitments and priorities When Methodist programmatic initiatives such as vital congregations environmental witness and volunteers in mission fail to account for these differences denominational unity is weakened Constructively this book seeks historical clarity collective repentance charismatic learning and institutional courage as United Methodists reckon with inherited animosities and divisions This book provides no answers or programmatic fixes Rather it provides possibilities for repairing past harms as United Methodists seek ways to continue living out their Wesleyan faith Reckoning with the public church divided we glimpse the nature and mission of the church not only as it has been but also as it could be **Historical Dictionary of Methodism** Jennifer Woodruff Tait, Christopher J. **Embracing the Past—Forging the Future** Wm. Andrew Schwartz, John M. Bechtold, 2015-09-17 The times they are a changin' As such our theology needs to adapt to be responsive to the changing landscape The idea for Embracing the Past Forging the Future A New Generation of Wesleyan Theology came from our assessment that Wesleyan theology has yet to fully adapt to this changing landscape and that the future of Wesleyan theology requires the bringing together of old and new voices The difficult task of balancing between continuity and change keeping up with the developments of our culture and staying true to the roots of our tradition requires the dual focus of looking forward and backward simultaneously In this volume we have brought together contributions by young Wesleyan scholars graduate students and junior faculty as a way of illustrating and articulating a new generation of Wesleyan theology These younger voices demonstrate the desire to push Wesleyan theology in new directions Additionally we have included contributions from senior scholars who have been doing important work and who have already made significant contributions to Wesleyan theology This is not simply the old guard but the voices of scholars who continue to

make a profound impact on Wesleyan theology      **Religious Responses to Marriage Equality** Luke Perry, 2018-05-11 The Supreme Court ruling in *Obergefell v Hodges* 2015 ended a 20 year political battle over same sex marriage in the USA The ruling in favor of a constitutional right for gays and lesbians to marry reflected growing social acceptance and political rights for gays and lesbians At the same time America remains a deeply religious country and many religious organizations have long opposed same sex marriage How do religious organizations interpret process and respond to shifting attitudes and public policy toward the LGBT community Examining how religious groups in America have responded theologically and politically to the legalization of same sex marriage the book provides case studies from across the American religious spectrum to explore how each group understands same sex marriage and has reacted theologically socially and politically to its new standing as a constitutional right Each case study focuses on formal statements made by church leaders incorporates original data gathered from interviews with regional and local religious authorities and analyzes existing polling data of adherents at large Offering a comprehensive examination of religious responses to marriage equality in the USA this book will interest scholars and students in the fields of religion and politics civil rights social change and public policy      **Old or New School Methodism?** Kevin M. Watson, 2019-03-01 On September 7 1881 Matthew Simpson Bishop in the Methodist Episcopal Church in a London sermon asserted that As to the divisions in the Methodist family there is little to mar the family likeness Nearly a quarter century earlier Benjamin Titus B T Roberts a minister in the same branch of Methodism as Simpson had published an article titled in the *Northern Independent* in which he argued that Methodism had split into an Old School and New School He warned that if the new school were to generally prevail then the glory will depart from Methodism As a result Roberts was charged with unchristian and immoral conduct and expelled from the Genesee Conference of the Methodist Episcopal Church MEC Old or New School Methodism examines how less than three decades later Matthew Simpson could claim that the basic beliefs and practices that Roberts had seen as threatened were in fact a source of persisting unity across all branches of Methodism Kevin M Watson argues that B T Roberts s expulsion from the MEC and the subsequent formation of the Free Methodist Church represent a crucial moment of transition in American Methodism This book challenges understandings of American Methodism that emphasize its breadth and openness to a variety of theological commitments and underemphasize the particular theological commitments that have made it distinctive and have been the cause of divisions over the past century and a half Old or New School Methodism fills a major gap in the study of American Methodism from the 1850s to 1950s through a detailed study of two of the key figures of the period and their influence on the denomination      [Retrieving the Tradition and Renewing Evangelicalism](#) Daniel H. Williams, 1999 A learned and uniquely constructive book that gently urges suspicious Christians to reclaim the patristic roots of their faith This is the first book of its kind meant to help Protestant Christians recognize the early church fathers as an essential part of their faith Writing primarily to the evangelical independent and free church communities who remain largely suspicious of church history and

the relationship between Scripture and tradition D H Williams clearly explains why every branch of today's church owes its heritage to the doctrinal foundation laid by postapostolic Christianity Based on solid historical scholarship this volume shows that embracing the catholic roots of the faith will not lead to the loss of Protestant distinctiveness but is essential for preserving the Christian vision in our rapidly changing world

**The Quest for a Theological Connection with the (African Holocaust) Transatlantic Chattel Slave Trade in Africans** Dr. Robinson A. Milwood, 2017-09-13 The quest for a theological connection with the heinous transatlantic chattel slave trade in Africans is an academically and intellectually lignum vitae nut to crack It must be cracked by all means necessary to do a measured dose of justice to the subject of the slave trade that British academic and encomium scholars have been treating for centuries with impunity that it has no relevance theologically and philosophically ignoring the historical and racial facts that British proslavery groups defended and opposed the abolition of the brutal and immoral forced enslavement of Africa on biblical grounds with a bent theology and misleading hermeneutics The notebook of Rev Dr James Ramsay is a solid evidence of how British proslavery movement operated This attitude was false groundless deceptive and above all a massive cover up of the iniquities and abomination of the slave trade in Africa by an extraordinary committee of presidium syndication which I shall deal with during the evolution of this significant thesis

Election, Barth, and the French Connection Pierre Maury, 2016-07-29 Karl Barth's famous account of the doctrine of election in his mammoth Church Dogmatics has been described as the heart of his theology a great hymn to the grace of God in Christ He maintained that we must look away from all others and excluding all side glances or secondary thoughts we must look only upon the name of Jesus Christ God's election is primarily about his self decision or self determination not about his election of individuals In this book we discover Barth's fascinating French connection pastor theologian Pierre Maury 1890-1956 His close friendship and especially a paper he gave in 1936 helped stimulate Barth's reflection Also included are some never before translated works of Maury as well as a revision of a previously published piece on predestination Four theologians then reflect on their significance for us today from historical textual pastoral and theological standpoints and seek to draw conclusions for us in our contemporary setting sixty to eighty years from their original composition

J. I. Packer and the Evangelical Future (Beeson Divinity Studies) Timothy George, 2009-10-01 J I Packer is one of the most significant evangelical theologians of the last one hundred years In this book a team of leading scholars including Chuck Colson Mark Dever Timothy George Bruce Hindmarsh Edith Humphrey James Earl Massey Alister McGrath David Neff and Richard John Neuhaus assesses Packer's impact on evangelicalism over the past half century and asks what more we can learn from him about ministry and the evangelical future J I Packer himself offers a response and reflection The book also includes a full bibliography of Packer's writings which is the most comprehensive listing of his writings in print
