The Invention of Race Nicolas Bancel, Thomas David, Dominic Thomas, 2014-04-24 This edited collection explores the genesis of scientific conceptions of race and their accompanying impact on the taxonomy of human collections internationally as evidenced in ethnographic museums world fairs zoological gardens international colonial exhibitions and ethnic shows A deep epistemological change took place in Europe in this domain toward the end of the eighteenth century producing new scientific representations of race and thereby triggering a radical transformation in the visual economy relating to race and racial representation and its inscription in the body These practices would play defining roles in shaping public consciousness and the representation of otherness in modern societies The Invention of Race provides contextualization that is often lacking in contemporary discussions on diversity multiculturalism and race

Jewish Rights, National Rites Simon Rabinovitch, 2016-10-01 In its full color poster for elections to the All Russian Jewish Congress in 1917 the Jewish People s Party depicted a variety of Jews in seeking to enlist the support of the broadest possible segment of Russia s Jewish population It forsook neither traditional religious and economic life like the Jewish socialist parties nor life in Europe like the Zionists It embraced Hebrew Yiddish and Russian as fulfilling different roles in Jewish life It sought the democratization of Jewish communal self government and the creation of new Russian Jewish national cultural and governmental institutions Most importantly the self named folkists believed that Jewish national aspirations could be fulfilled through Jewish autonomy in Russia and Eastern Europe more broadly Ideologically and organizationally this party s leadership would profoundly influence the course of Russian Jewish politics Jewish Rights National Rights provides a completely new interpretation of the origins of Jewish nationalism in Russia It argues that Jewish nationalism and Jewish politics generally developed in a changing legal environment where the idea that nations had rights was beginning to take hold and centered on the demand for Jewish autonomy in Eastern Europe Drawing on numerous archives and libraries in the United States Russia Ukraine and Israel Simon Rabinovitch carefully reconstructs the political movement for Jewish autonomy its personalities institutions and cultural projects He explains how Jewish autonomy was realized following the February Revolution of 1917 and for the first time assesses voting patterns in November 1917 to determine the extent of public support for Jewish nationalism at the height of the Russian revolutionary period

The Muslim Question and Russian Imperial Governance Elena I. Campbell, 2015-01-26 A major contribution to the history of nationality religious identity and governance in late imperial Russia William G Rosenberg coauthor of Processing the Past From the time of the Crimean War through the fall of the Tsar the question of what to do about the Russian empire s large Muslim population was a highly contested issue among educated Russians both inside and outside the government As formulated in the nineteenth and early twentieth centuries the Muslim Question comprised a complex set of ideas and

concerns that centered on the problems of reimagining and governing the tremendously diverse Russian empire in the face of the challenges presented by the modernizing world. Basing her analysis on extensive research in archival and primary sources, Elena I. Campbell reconstructs the issues, debates, and personalities that shaped the development of Russian policies toward the empire's Muslims and the impact of the Muslim Question on the modernizing path that Russia would follow. Readable, original, and endlessly interesting, Campbell's book deserves the very highest praise. *Journal of Islamic Studies*

Campbell's book shows how profound official Islamophobia paradoxically led to the preservation of earlier confessional structures, grudging non-interference with the spiritual and social life of most Muslim communities, a restraining hand on the actions of not the rhetoric of Orthodox missionaries and a certain uneasy toleration. *Slavonic and East European Review*

A major contribution to the understanding of Russia's Muslim Question, past and present. Recommended Choice. *Count Sergei Witte and the Twilight of Imperial Russia* Sidney Harcave, 2015-04-08

Sergei Witte served as finance minister and later prime minister of Russia during the reigns of Alexander III and Nicholas II and was in large part responsible for the development policies which saw Russia transformed from a peasant economy into an industrial nation. This is the first biography of Witte in English. *Painting Imperialism and Nationalism Red* Stephen Velychenko, 2015-09-15

In *Painting Imperialism and Nationalism Red*, Stephen Velychenko traces the first expressions of national anti-colonial Marxism to 1918 and the Russian Bolshevik occupation of Ukraine. Velychenko reviews the work of early twentieth-century Ukrainians who regarded Russian rule over their country as colonialism. He then discusses the rise of national communism in Russia and Ukraine and the Ukrainian Marxist critique of Russian imperialism and colonialism. The first extended analysis of Russian communist rule in Ukraine to focus on the Ukrainian communists, their attempted anti-Bolshevik uprising in 1919, and their exclusion from the Comintern. *Painting Imperialism and Nationalism Red* re-opens a long forgotten chapter of the early years of the Soviet Union and the relationship between nationalism and communism. An appendix provides a valuable selection of Ukrainian Marxist texts, all translated into English for the first time.

Nourzhanov, Christian Bleuer, 2013-10-08 This book is a historical study of the Tajiks in Central Asia from the ancient times to the post Soviet period For millennia these descendants of the original Aryan settlers were part of many different empires set up by Greek Arab Turkic and Russian invaders as well as their own most notably during the Middle Ages The emergence of the modern state of Tajikistan began after 1917 under Soviet rule and culminated in the promulgation of independence from the moribund USSR in 1991 In the subsequent civil war that raged between 1992 and 1997 Tajikistan came close to becoming a failed state The legacy of that internal conflict remains critical to understanding politics in Tajikistan a generation later Exploring the patterns of ethnic identity and the exigencies of state formation the book argues that despite a strong sense of belonging underpinned by shared history mythology and cultural traits the Tajiks have not succeeded in forming a consolidated nation The politics of the Russian colonial administration the national territorial delimitation under Stalin and the Soviet strategy of socio economic modernisation contributed to the preservation and reification of sub ethnic cleavages and regional identities The book demonstrates the impact of region based elite clans on Tajikistan's political trajectory in the twilight years of the Soviet era and identifies objective and subjective factors that led to the civil war It concludes with a survey of the process of national reconciliation after 1997 and the formal and informal political actors including Islamist groups who compete for influence in Tajik society Tajikistan A Political and Social History is the best source of information on this important country in the English language Drs Nourzhanov and Bleuer present a comprehensive yet detailed account of the past and prospects of this emerging nation and have filled one of the major gaps in Central Asian scholarship This book must be read by those who wish to grasp the vagaries of Central Asia's evolving political and cultural landscapes Reuel Hanks Professor of Geography Oklahoma State University and Editor of the Journal of Central

Asian Studies If Tajikistan is known outside its region it is often for the civil war that gravely damaged it This volume authoritatively provides the longer perspective to the unsettling events of the 1990s and skilfully explains them in terms of history social structure and sub state identities In addition to highlighting a wealth of local factors it is insightful on the ways in which antagonists can be transformed into broader ethnic and regional blocs Kirill Nourzhanov and Christian Bleuer are erudite guides to an understudied part of Central Asia while astutely instructing us about larger patterns of state society relations and their impact on the logic of conflict James Piscatori Professor of International Relations Durham University

Eastern Front Anthony Tucker-Jones, 2017-05-01 In the summer of 1941 a collective madness overtook Adolf Hitler and his senior generals They convinced themselves that they could take on and defeat a superpower in the making the Soviet Union Foolishly they thought in a swift campaign they could smash the Red Army and force Stalin to sue for peace despite dire warnings that Stalin was amassing a reserve army of more than 1 million men on the Volga The end result would be such carnage that it would tear the German forces apart In his major reassessment of the war on the Eastern Front Anthony Tucker Jones casts new light on the brutal fighting including such astounding German defeats as at Stalingrad Kursk Minsk and finally Berlin He controversially contends that from the very start intelligence officers on both sides failed to influence their leadership resulting in untold slaughter He also reveals the shocking blunders by Hitler Stalin and even Churchill that led to the appalling needless destruction of Hitler s armed forces as early as the winter of 1941 42 Step by step Tucker Jones describes how the German war machine fought to its very last against a relentless enemy fully aware that defeat was inevitable

The Tsar's Armenians Onur Önoğlu, 2017-05-30 In 1903 Tsar Nicholas II issued a decree allowing the confiscation of Armenian Church property marking the low point in relations between imperial Russia and its Armenian

subjects Yet just over a decade later Russian Armenians were fully supportive of the Russian war effort Drawing on previously untouched archival material and a range of secondary sources published in English French Russian and Turkish this is the first English language study of this drastic change in relations in the Caucasus Onur Onol explains how and why the shift took place by looking in detail at the imperial Russian authorities and their relationship with the three pillars of the Russian Armenian community the Armenian Church the Armenian bourgeoisie and the Armenian Revolutionary Federation Dashnaktsutiun Onol places the evolution within a context of wider political questions such as the Russian revolutionary movement Russia's nationalities question Tsarist fears of pan Islamism the path to World War I and the influence of key characters in Russian policy making from Pyotr Stolypin to Illarion Vorontsov Dashkov This book fills a conspicuous void in the extant historiography and will be of interest to scholars working on Russian Armenian and Ottoman history

Tatar Empire Danielle Ross, 2020-02-04 An in depth study of the relationship between the Russian government and its first Muslim subjects who served in the vanguard of the empire's colonialism In the 1700s Kazan Tatar Muslim scholars of Kazan and scholarly networks stood at the forefront of Russia's expansion into the South Urals western Siberia and the Kazakh steppe It was there that the Tatars worked with Russian agents established settlements and spread their own religious and intellectual culture that helped shaped their identity in the nineteenth and early twentieth centuries Kazan Tatars profited economically from Russia's commercial and military expansion to Muslim lands and began to present themselves as leaders capable of bringing Islamic modernity to the rest of Russia's Muslim population Danielle Ross bridges the history of Russia's imperial project with the history of Russia's Muslims by exploring the Kazan Tatars as participants in the construction of the Russian empire Ross focuses on Muslim clerical and commercial networks to reconstruct the ongoing interaction among Russian imperial policy nonstate actors and intellectual developments within Kazan's Muslim community and also considers the evolving relationship with Central Asia the Kazakh steppe and western China Tatar Empire offers a more Muslim centered narrative of Russian empire building making clear the links between cultural reformism and Kazan Tatar participation in the Russian eastward expansion This is a rich study that makes important contributions to the historiography of the Russian Empire sharpening our picture of an empire in which lines between colonizer and colonized were far from clear The Middle Ground Journal

Russia and Ukraine Myroslav Shkandrij, 2001-10-09 Concepts of civilizational superiority and redemptive assimilation widely held among nineteenth century Russian intellectuals helped to form stereotypes of Ukraine and Ukrainians in travel writings textbooks and historical fiction stereotypes that have been reactivated in ensuing decades Both Russian and Ukrainian writers have explored the politics of identity in the post Soviet period but while the canon of Russian imperial thought is well known the tradition of resistance B which in the Ukrainian case can be traced as far back as the meeting of the Russian and Ukrainian polities and cultures of the seventeenth century B is much less familiar Shkandrij demonstrates that Ukrainian literature has been marginalized in the interests of converting readers to imperial and

assimilatory designs by emphasizing narratives of reunion and brotherhood and denying alterity A Nation of Refugees Assistant Professor of History and Jewish Studies Polly Zavadvker, Polly Zavadvker, 2024-10-23 Though the Holocaust has been documented in depth historians and the public know very little about the experience of Eastern European Jews during the preceding world war A Nation of Refugees tells the story of how ordinary Jewish people in the Russian Empire survived World War I as refugees and civilians It focuses on the resilience and organized campaigns of humanitarian war relief that countered violence and victimization Above all it captures the voices and experiences of refugees at a time of upheaval and war through first hand accounts *Eurasian Empires as Blueprints for Ethiopia* Asnake Kefale, Tomasz

Kamusella, Christophe Van der Beken, 2021-02-17 This book is a contribution to the global history of the transfer of political ideas as exemplified by the case of modern Ethiopia Like many non European nation states Ethiopia adopted a western model of statehood that is the nation state Unlike the postcolonial polities that have retained the mode of statehood imposed on them by their colonial powers Ethiopia was never successfully colonized leaving its ruling elite free to select a model of modern western statehood In 1931 via Japan they adopted the model of unitary ethnolinguistically homogenous nation state in turn copied by Tokyo in 1889 from the German Empire founded in 1871 Following the Ethiopian Revolution 1974 that overthrew the imperial system the new revolutionary elite promised to address the nationality question through the marxist leninist model The Soviet model of ethnolinguistic federalism originally derived from Austria Hungary was introduced in Ethiopia first in 1992 and officially with the 1995 Constitution To this day the politics of modern Ethiopia is marked by the tension between these two opposed models of the essentially central European type of statehood The late 19th century German German quarrel on the proper model of national statehood for Germany or more broadly modern central Europe remains the quarrel of Ethiopian politics nowadays The book will be useful for scholars of Ethiopian and African history and politics and also offers a case in comparative studies on the subject of different models of national statehood elsewhere

Becoming Soviet Jews Elissa Bemporad, 2018-11-01 An endlessly rewarding contribution to the study of Jewish life in the Soviet Union Fascinating nuanced and respectful of human limitations Slavic Review Minsk the present capital of Belarus was a heavily Jewish city in the decades between the world wars Recasting our understanding of Soviet Jewish history Becoming Soviet Jews demonstrates that pre revolutionary forms of Jewish life in Minsk maintained continuity through the often violent social changes enforced by the communist project Using Minsk as a case study of the Sovietization of Jews in the former Pale of Settlement Elissa Bemporad reveals the ways in which many Jews acculturated to Soviet society in the 1920s and 1930s while remaining committed to older patterns of Jewish identity such as Yiddish culture and education attachment to the traditions of the Jewish workers Bund circumcision and kosher slaughter This pioneering study also illuminates the reshaping of gender relations on the Jewish street and explores Jewish everyday life and identity during the years of the Great Terror Highly readable and brimming with novel facts and insights A rich and engaging portrayal of a
