Love (EasyRead Super Large 24pt Edition) , *Therapeutic Love and Heartfulness* Gerry McNeilly,2025-03-14 This book
introduces the concepts of therapeutic love and heartfulness combining models of group analysis art therapy and individual
psychotherapy to present a new psychotherapeutic framework where non erotic love is engendered and evoked within
therapeutic encounters The heart has often been conceptualised as symbolic of sexuality and eroticism with little meaning
beyond the romantic and therefore often removed from psychotherapeutic perspectives Responding to this the author calls
for placing the heart as the central point of reference in therapeutic work emphasising how it is touched during a therapeutic
session This in turn gives way for the therapist s own emotions and thoughts such as empathy identification concern
protectiveness and laughter to be released Building upon the author s 40 years of experience in practice and new
developments in these models this book meanders through evolving theories and integrates them for both patients and
trainees across backgrounds and cultures Enriched with the author s personal clinical vignettes and unique influences of
music art golf and even Ireland this book aims to give a greater voice to the patient and their heart within the therapeutic
space This book is essential reading for any counsellor therapist or analyst and offers a new way of looking at therapeutic
endeavours across methodologies in all their simplicities and complexities The Cultural Politics of Emotion Sara
