Orphan Island Dame Rose Macaulay, 1961 *Orphan Island* Dame Rose Macaulay, 1941 Orphan texts Laura Peters, 2018-09-30 In one of the first studies of its kind *Orphan texts* seeks to insert the orphan and the problems its existence poses in the larger critical areas of the family and childhood in Victorian culture In doing so Laura Peters considers certain canonical texts alongside lesser known works from popular culture in order to establish the context in which discourses of orphanhood operated The study argues that the prevalence of the orphan figure can be explained by considering the family The family and all it came to represent legitimacy race and national belonging was in crisis In order to reaffirm itself the family needed a scapegoat it found one in the orphan figure As

one who embodied the loss of the family the orphan figure came to represent a dangerous threat to the family and the family reaffirmed itself through the expulsion of this threatening difference Orphan texts will be of interest to final year undergraduates postgraduates academics and those interested in the areas of Victorian literature Victorian studies postcolonial studies history and popular culture

Paradise Pursued Alice Crawford,1995 *Paradise Pursued* reinterprets the fiction of one of England's most important mid century novelists Knowledgeably yet accessibly written it demonstrates the recurring obsession with paradisaal pursuit that runs through all twenty three of Rose Macaulay's richly varied fictions
