Orphée, 1930 Orphée Jean Cocteau (Dichter, Filmregisseur, Maler, Frankreich), 1927 **Apollon de Bellac** Jean Cocteau, Jean Giraudoux, 1979 *E. E. Cummings' Modernism and the Classics* J. Alison Rosenblitt, 2016-09-22 This volume is a major ground breaking study of the modernist E E Cummings engagement with the classics With his experimental form and syntax his irreverence and his rejection of the highbrow there are probably few current readers who would name Cummings if asked to identify 20th century Anglophone poets in the Classical tradition But for most of his life and even for ten or twenty years after his death this is how many readers and critics did see Cummings He specialised in the study of classical literature as an undergraduate at Harvard and his contemporaries saw him as a pagan poet or a Juvenalian satirist with an Aristophanic sense of humour In *E E Cummings Modernism and the Classics* Alison Rosenblitt aims to recover for the contemporary reader this lost understanding of Cummings as a classicizing poet The book also includes an edition of previously unpublished work by Cummings himself unearthed from archival research For the first time the reader has access to the full scope of Cummings translations from Horace Homer and Greek drama as well as two short pieces of classically related prose a short Alcaics and a previously unknown and classicizing parody of T S Eliot's *The Waste Land* This new work is exciting in its own right and essential to understanding Cummings development as a poet Le remords d'Orphée Patrick Moulin, 2025-09-12T00:00:00Z Au commencement tait le remords Il n y avait que le vide dans le c ur d Orph e et l absence au creux de ses entrailles Le remords planait la surface des eaux Et depuis son exil Mar a dit Que les t n bres soient Car la lumi re ne peut na tre que de l obscurit la plus profonde et seule l aube apporte le sens Ce livre invite un crime de l se philosophie sacrifier la raison pour que l impossible s accomplisse afin que l me puisse enfin se mettre en route Dans son p riple elle aura pour compagnie le chantre du Rhodope le Chevalier la Triste Figure mais aussi des destins immenses Vico le Napolitain Unamuno le Basque Lezama le Cubain et surtout la parole aurorale de Mar a Zambrano Pour tre du voyage il vous suffira de penser autrement c est dire librement *Les Livres de L'année*, 1927 **Diary of a Philosophy Student** Simone de Beauvoir, 2006-10-09 Simone de Beauvoir still a teen began a diary while a philosophy student at the Sorbonne Written in 1926 27 before Beauvoir met Jean Paul Sartre the diaries reveal previously unknown details about her life and times and offer critical insights into her early intellectual interests philosophy and literary works Presented for the first time in translation this fully annotated first volume of the Diary includes essays from Barbara Klaw and Margaret A Simons that address its philosophical historical and literary significance It remains an invaluable resource for tracing the development of Beauvoir's independent thinking and her influence on philosophy feminism and the world In 1926 Hans Ulrich GUMBRECHT, Hans Ulrich Gumbrecht, 2009-06-30 In this thoroughly innovative work Hans Ulrich Gumbrecht evokes the year 1926 through explorations of such things as bars boxing movie palaces hunger artists airplanes hair gel bullfighting film

Death, Disease and Mystical Experience in Early Modern Art Michael Hill, Jennifer Milam, 2025-10-01 Fear of death and disease preoccupied the European consciousness throughout the early modern era becoming most acute at times of plague and epidemics In these times of heightened anxieties images of saints and protectors served to reassure the faithful of their religious protection against infection Modes of visual engagement and devotional subject matter were coupled in new ways to reinforce the emotive impact of art works and to reaffirm the perceived reality of the afterlife In this context a visual language of mystical devotion which overcame the limits of the body and even eroticised its suffering could serve the needs of the desolate and the pained In this series of essays focused on spiritual sensibilities in Renaissance art and its legacies authors present original ideas about the themes of death disease and mystical experience based primarily on the study of objects and their documented historical contexts Methodologically wide ranging in approach the resulting volume provides novel insights into the interplay between suffering and art making in the Western world **More Books** Boston Public

Orphée. Tragédie en un acte et un intervalle. 3e édition Jean Cocteau, 1927 **The Classics in South America** Germán Campos Muñoz, 2021-04-08 This volume examines the long and complex history of the Greco Roman tradition in South

America arguing that the Classics have played a crucial though often overlooked role in the self definition in the New World
Chronicling and theorizing this history through a detailed analysis of five key moments chosen from the early and late colonial period the emancipatory era and the 20th and 21st centuries it also examines an eclectic selection of both literary and cinematographic works and artefacts such as maps letters scientific treatises songs monuments political speeches and even the drafts of proposals for curricular changes across Latin America The heterogeneous cases analysed in this book reveal cultural anxieties that recur through different periods fundamentally related to the newness of the continent and the formation of identities imagined as both Western and non Western a genealogy of apprehensions that South American intellectuals and political figures have typically experienced when thinking of their own role in world history In tracing this genealogy The Classics in South America innovatively reformulates our understanding of well known episodes in the cultural history of the region while providing a theoretical and historical resource for further studies of the importance of the Classical tradition across Latin America *Conferencia.
