A Treatise of Legal Philosophy and General Jurisprudence Enrico Pattaro, Corrado Roversi, 2016-07-13 A Treatise of Legal Philosophy and General Jurisprudence is the first ever multivolume treatment of the issues in legal philosophy and general jurisprudence from both a theoretical and a historical perspective The work is aimed at jurists as well as legal and practical philosophers Edited by the renowned theorist Enrico Pattaro and his team this book is a classical reference work that would be of great interest to legal and practical philosophers as well as to jurists and legal scholar at all levels The work is divided in two parts The theoretical part published in 2005 consisting of five volumes covers the main topics of the contemporary debate the historical part consisting of six volumes Volumes 6 8 published in 2007 Volumes 9 and 10 published in 2009 Volume 11 published in 2011 and Volume 12 forthcoming in 2016 accounts for the development of legal thought from ancient Greek times through the twentieth century

Volume 12 Legal Philosophy in the Twentieth Century The Civil Law World Volume 12 of A Treatise of Legal Philosophy and General Jurisprudence titled Legal Philosophy in the Twentieth Century The Civil Law World functions as a complement to Gerald Postema's volume 11 titled Legal Philosophy in the Twentieth Century The Common Law World and it offers the first comprehensive account of the complex development that legal philosophy has undergone in continental Europe and Latin America since 1900 In this volume leading international scholars from the different language areas making up the civil law world give an account of the way legal philosophy has evolved in these areas in the 20th century the outcome being an overall mosaic of civil law legal philosophy in this arc of time Further specialists in the field describe the development that legal philosophy has undergone in the 20th century by focusing on three of its main subjects namely legal positivism natural law theory and the theory of legal reasoning and discussing the different conceptions that have been put forward under these labels The layout of the volume is meant to frame historical analysis with a view to the contemporary theoretical debate thus completing the Treatise in keeping with its overall methodological aim namely that of combining history and theory as a necessary means by which to provide a comprehensive account of jurisprudential thinking

A Politics of the Common Good Patrick Riordan, 1996

Law as Symbolic Form Deniz Coskun, 2007-07-17 This book describes the rule of law as the reign of persuasion rather than the reign of force and democracy as the reign by persuasion rather than the reign by force It synthesizes a vast amount of current Cassirer literature and makes a contribution to jurisprudence The book is the first systematic elaboration on law as a symbolic form and it sheds new light on a still dark area of intellectual and jurisprudential thought

Towards a Transformation of Philosophy Karl Otto Apel, 2023-10-13 First Published in 1980 English Translation Towards a Transformation of Philosophy presents selected essays from Karl Otto Apel's two volume German collection that was published in 1973 under the title Transformation der Philosophie Karl Otto Apel's studies in philosophy and the social sciences can be said to have bridged the gap that had hitherto existed between the Anglo Saxon traditions of analytical philosophy of language and pragmatism and the philosophical traditions of the European continent of phenomenology existentialism and hermeneutics Apel points to language as the crucial dimension in the constitution of historical meaning and therefore as the historical condition for the possibility of truth In this context he discusses the hermeneutic dimension of Wittgenstein's philosophy and that of his followers together with the development of pragmatism and with recent trends in Chomsky's linguistics In arguing for the complementarity of technical and practical interests in acquiring knowledge for a critical theory of society Apel examines the preconditions for an emancipatory critique of ideology and the communication community as the predeterminate of both the social sciences and moral discourse In all the essays Apel sets out to counter the positivistic and scientistic restrictions placed upon a satisfactory understanding of the preconditions for the possibility and validity of human knowledge This is a must read for scholars and researchers of philosophy

The University of Western Ontario Series in Philosophy of

Science ,1989 Action and Contemplation Robert C. Bartlett,Susan D. Collins,1999-08-27 European and North American scholars explore the political philosophy of Aristotle with particular attention to questions arising from the Politics and the Nicomachean Ethics *Ibuanyidanda (complementary Reflection) and Some Basic Philosophical Problems in Africa Today* Innocent Asouzu,2013 This book gives an insightful account of how some fundamental phenomena and mechanisms control human consciousness impacting the way we think will and act The book identifies these phenomena and mechanisms as the mpuchi anya the super maxim and the inherently tension laden ambivalent character of our experience of reality It re-examines fundamental problems of philosophy from the perspective of ibuanyidanda complementary reflection and how the problems reappear in the way philosophy is conducted in Africa today Series Studies in African Philosophy Vol 8

Philosophical Introductions Jürgen Habermas,2018-08-08 On the occasion of Habermas's 80th birthday the German publisher Suhrkamp brought out five volumes of Habermas's papers that spanned the full range of his philosophical thought from the theory of rationality to the critique of metaphysics For each of these volumes Habermas wrote an introduction that crystallized in a remarkably clear and succinct way his thinking on the key philosophical issues that have preoccupied him throughout his long career This new book by Polity brings together these five introductions and publishes them in translation for the first time The resulting volume provides a unique and comprehensive overview of Habermas's philosophy in his own words In the five chapters that make up this volume Habermas discusses the concept of communicative action and the grounding of the social sciences in the theory of language the relationship between rationality and the theory of language discourse ethics political theory and problems of democracy and legitimacy and the critique of reason and the challenge posed by religion in a secular age The volume includes a substantial introduction by Jean Marc Durand Gasselin which offers a synoptic view of the development of Habermas's thought as a whole followed by concise accounts of his contributions in each of the areas mentioned Together they provide the reader with the necessary background to understand Habermas's distinctive and original contribution to philosophy Philosophical Introductions will be an indispensable text for students and scholars in philosophy and in the humanities and social sciences generally as well as anyone interested in the most important developments in philosophy and critical theory today **Handbook of Argumentation Theory** Frans H. van Eemeren,Rob Grootendorst,Tjark Kruiger,2019-11-05 No detailed description available for Handbook of Argumentation Theory

The Philosopher's Index ,2009 Vols for 1969 include a section of abstracts **Boston Studies in the Philosophy of Science** ,2006 **Posthuman Personhood** Daryl J. Wennemann,2013-05-02 Posthuman Personhood takes up the ethical challenge posed by Francis Fukuyama's work Our Posthuman Future Daryl J Wennemann argues that the traditional concept of personhood may be fruitfully applied to the ethical challenge we face in a posthuman age He draws upon Wilfrid Sellars treatment of the concept of a person within the manifest image of man in the world Sellars proposed that we develop a stereoscopic view of reality that includes both a scientific understanding of the world and a meaningful place for persons

living and acting in the world Following Mary Anne Warren Wennemann develops a distinction between two meanings of the term human a biological meaning and a moral meaning and maintains that all biologically humanbeings are persons But it is not necessarily the case that all persons must be biologically human After drawing on a contemporary version of Kant s distinction between a theoretical possibility and a real possibility the book posits that biologically non human persons like robots computers or aliens are a theoretical possibility but that we do not know if they are a real possibility Finally Wennemann describes an ethic of self limitation for the posthuman age

Schuermann,2019-12-02 This study provides an overview of philosophical questions relating to sight and vision It discusses the intertwinement of seeing and ways of seeing against the background of an entirely different theoretical framework Seeing is both a proven means of acquiring information and a personality specific way of disclosing the apparent perceptible world conditioned by individual and cultural variations In a peculiar way the eye holds a middle position between inside and outside of the self and its relations towards itself and others This book provides a way out of false alternatives by offering a third way with reference to concrete cases of aesthetical and ethical experiences It will be of particular interest to scholars of the phenomenology and philosophy of perception and it will be valuable to students of philosophy cultural studies and art

Philosophy and History ,1974 **Critique, Norm, and Utopia** Seyla Benhabib,1986 Displaying an impressive command of complex materials Seyla Benhabib reconstructs the history of theories from a systematic point of view and examines the origins and transformations of the concept of critique from the works of Hegel to Habermas Through investigating the model of the philosophy of the subject she pursues the question of how Hegel s critiques might be useful for reformulating the foundations of critical social theory

In the digital age, access to information has become easier than ever before. The ability to download Practical Philosophy Of Oswald Schwemmer has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Practical Philosophy Of Oswald Schwemmer has opened up a world of possibilities. Downloading Practical Philosophy Of Oswald Schwemmer provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Practical Philosophy Of Oswald Schwemmer has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Practical Philosophy Of Oswald Schwemmer. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Practical Philosophy Of Oswald Schwemmer. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Practical Philosophy Of Oswald Schwemmer, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Practical Philosophy Of Oswald Schwemmer has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
