police magistrates and even the criminals who played their parts in Melbourne and Victoria's development. We are shown how the prison hulks developed into stockades on land and uncover the philosophy behind the construction of the prisons many no longer occupied and the building of courts which were built for conducting trials both civil and criminal. The book is in many ways an insight into an aspect of Victoria's social history about which little has been written elsewhere. It is a valuable addition to the justice bibliography and even exposes a mystery or two. It took seven years to research and fact check and includes many photos. All of the author's proceeds of this book after costs will be donated to Victoria Police Legacy which looks after families of deceased police officers who have died in the course of their duties.
