Ethical Idealism Nicholas Rescher, 2023-07-28 *Ethical Idealism* An Inquiry into the Nature and Function of Ideals explores the role of ideals in guiding human thought and action The book argues that although ideals are often unrealistic and unachievable they play an essential and productive role in human affairs The first chapter contends that pursuing unattainable goals is rational if these goals bring about positive results The second chapter extends this argument by asserting that an obligation remains valid even if its fulfillment is impossible challenging the traditional ought implies can principle within the confines of real world limitations The third chapter critiques the idea that rationality should focus solely on maximization arguing instead that human goods are too varied to be standardized Subsequent chapters delve deeper into the utility of ideals in human life Chapter IV supports the value of optimism even in seemingly hopeless situations for its positive influence on actions and outcomes Chapter V draws parallels between ideals and other abstract concepts like the equator or the prime meridian which though unattainable in a literal sense are crucial for navigation and orientation The final chapter emphasizes that ideals despite their impractical nature serve to give meaning to human endeavors and structure our actions toward higher goals Throughout the book the central theme is the harmonious relationship between the real and the ideal with ideals serving as practical tools for guiding behavior and achieving values The book thus defends the rationality of maintaining ideals not as literal goals but as essential instruments for human practice and moral understanding This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1987

Truth and Tolerance Joseph Ratzinger, 2009-11-24 Is truth knowable If we know the truth must we hide it in the name of tolerance Cardinal Ratzinger engages the problem of truth tolerance religion and culture in the modern world Describing the vast array of world religions Ratzinger embraces the difficult challenge of meeting diverse

understandings of spiritual truth while defending the Catholic teaching of salvation through Jesus Christ But what if it is true is the question that he poses to cultures that decry the Christian position on man's redemption Upholding the notion of religious truth while asserting the right of religious freedom Cardinal Ratzinger outlines the timeless teaching of the Magisterium in language that resonates with our embattled culture A work of extreme sensitivity understanding and spiritual maturity this book is an invaluable asset to those who struggle to hear the voice of truth in the modern religious world Beyond all particular questions the real problem lies in the question about truth Can truth be recognized Or is the question about truth simply inappropriate in the realm of religion and belief But what meaning does belief then have what positive meaning does religion have if it cannot be connected with truth Joseph Cardinal Ratzinger From the Preface [The Quest for Truth](#) F. Leroy Forlines, 2001 This invaluable tool seriously discusses profound truths that apply to every facet of life Biblical truth should be made applicable to the total personality The inescapable questions of life are answered from the standard of God's authoritative Word

Rethinking Satyagraha Ananta Kumar Giri,2025-06-09 Rethinking Satyagraha Truth Travel and Translations explores the multi dimensional aspects of Satyagraha as a movement of being with and striving for and fighting for Truth and Truth realizations The book goes beyond the conventional discourse of Satyagraha as a social and political action that Gandhi undertook and links this to the wider moral philosophical and spiritual quest that are implicated in Satyagraha with and beyond Gandhi It links Satyagraha to our efforts to overcome the dualism between self and other in various ways It also relates work and meditation with Truth in Satyagraha to translation and travel It cultivates a new hermeneutics politics and spirituality of Satyagraha which is simultaneously everyday and epochal The book further invites us to rethink and transform the post Truth discourse and live with Truth and truths relative relational and Absolute with care courage creativity and transcendence With contribution from leading scholars from across the world Rethinking Satyagraha is a pioneering effort in reiterating the epochal significance of Satyagraha for the 21st century It makes an important contribution to contemporary Gandhian scholarship and new horizons of social and political theory It will be of interest to scholars and researchers of movement and resistance studies Gandhi Indian philosophy cultural studies literary studies religious studies development studies sociology anthropology political science and future studies

Marx's Theory of Ideology (RLE Marxism) Bhikhu Parekh,2015-04-17 Although Marx's concept of ideology has been a subject of considerable discussion much of the debate has proved to be rather disappointing There has been no systematic attempt to examine why Marx needed the concept of ideology why it was an important concept

for him and how it related to his views on truth and objectivity This book first published in 1982 considers these and other neglected questions It explains why Marx continued to use the term ideology throughout his life to mean both idealism and apologia and traces the complex ways in which according to Marx such talented writers as Hegel became apologists In conclusion the book outlines the lessons Marx learnt from his investigations into the nature and mechanism of ideology and discusses his theories of objectivity and truth

Knowledge, Language and Logic: Questions for Quine A. Orenstein,P. Kotatko,2012-12-06 Quine is one of the twentieth century s most important and influential philosophers The essays in this collection are by some of the leading figures in their fields and they touch on the most recent turnings in Quine s work The book also features an essay by Quine himself and his replies to each of the papers Questions are raised concerning Quine s views on knowledge observation holism truth naturalized epistemology about language meaning the indeterminacy of translation conjecture and about the philosophy of logic ontology singular terms vagueness identity and intensional contexts Given Quine s preeminent position this book must be of interest to students of philosophy in general Quine aficionados and most particularly to those working in the areas of epistemology ontology philosophies of language of logic and of science

Artistic Truth Lambert Zuidervaat,2004-10-18 It is unfashionable to talk about artistic truth Yet the issues traditionally addressed under that term have not disappeared Indeed questions concerning the role of the artist in society the relationship between art and knowledge and the validity of cultural interpretation have intensified Lambert Zuidervaat challenges intellectual fashions He proposes a new critical hermeneutics of artistic truth that engages with both analytic and continental philosophies and illuminates the contemporary cultural scene People turn to the arts as a way of finding orientation in their lives communities and institutions But philosophers hamstrung by their own theories of truth have been unsuccessful in accounting for this common feature in our lives This book portrays artistic truth as a process of imaginative disclosure in which expectations of authenticity significance and integrity prevail Understood in this way truth becomes central to the aesthetic and social value of the arts
