 Very Life and Other Stories** Carroll Dale Short, 2005-01-01 In the eighteen stories in this retrospective of his best short
 fiction Dale Short shows why he is one of the best prose stylists of his generation and why he deserves a break out success
 Short's writing has been hailed by Wally Lamb as simultaneously mythical and modern a wild ride and Dennis Covington has
 called him wise and compassionate a major Southern writer He writes here from many perspectives male female first person
 third person grieving widow newly divorced dad jailed redneck riverman laid up with heart trouble conjure woman and in
 every story the voice is as true as that of a child and as clear as fresh ice The marvel of Short's prose is that the writing is so
 good it disappears leaving the reader surrounded only by the story which resonates long after the last word is absorbed The
 other remarkable thing is how Short can go from comedy to tragedy within a single paragraph sometimes within a single
 sentence and then back again His timelines here range from the Civil War to the near future and the locales vary from a
 Kentucky mining town to the Gulf Coast of Mexico to the constellation Orion all in all a rare feast for the imagination Stories
 that have appeared before only in magazines this collection charts more than two decades of the growth and exploration of
 an author who won the first Redbook Fiction Prize at the age of twenty seven and whose acclaimed novel *The Shining*
Shining Path was called by reviewers Southern magical realism and praised by Publishers Weekly as boldly imaginative a
 provocative spiritual odyssey Publishers Weekly added Short takes risks in a single paragraph that many writers never
 attempt in an entire novel *The Searchlight* , 1924 **Girlfriends, Ghosts, and Other Stories** Robert Walser, 2016-09-13
Girlfriends Ghosts and Other Stories brings together eighty one brief texts spanning Robert Walser's career from pieces

conceived amid his early triumphs to later works written at a psychiatric clinic in Bern Many were published in the feuilleton sections of newspapers during Walser s life others were jotted down on slips of paper and all but forgotten They are strung together like consciousness idiosyncratic and vulnerable genuine in their irony wistful in their humor Some dwell on childish or transient topics carousels the latest hairstyles an ekphrasis of the illustrations in a picture book others on the grand themes of nature art and love But they remain conversational almost lighter than air Every emotion ventured takes on the weight of a sincerity that is imperiled as soon as it comes into contact with the outside world which retains all of the novelty it had in childhood and all of the danger
