Bell, 2002-11-30 This book presents an age of nationalism imperialism modernization industrialism and great cultural achievement stretching from 1800 when Europe was awash in the wake of the French Revolution the reign of terror and the coming rise of Napoleon to Archduke Franz Ferdinand's assassination in 1914 Concise biographical entries provide basic information on the great talents of the era Beethoven the Romantic poets Hegel as well as leaders in the modernization and industrialization of Western culture Included are figures who played major roles on the imperialist and nationalist stage those such as Darwin and Planck who made significant contributions to science and those who struggled for women's rights and Abolition in the United States *Revolution and the Historical Novel* John McWilliams, 2017-12-15 John McWilliams has written the first much needed account of the ways the promise and threat of political revolution have informed masterpieces of the historical novel The jolting sense of historical change caused by the French Revolution led to an immense readership for a new kind of fiction centered on revolution counter revolution and warfare which soon came to be called the historical novel During the turbulent wake of The Declaration of the Rights of Man promptly followed by the phenomenon of Napoleon

Bonaparte the historical novel thus served as a literary hybrid in the most positive sense of that often dismissive term. It enabled readers to project personal hopes and anxieties about revolutionary change back into national history. While immersed in the fictive lives of genteel often privileged heroes readers could measure their own political convictions against the wavering loyalties of their counterparts in a previous but still familiar time. McWilliams provides close readings of some twenty historical novels from Scott and Cooper through Tolstoy Zola and Hugo to Pasternak and Lampedusa and ultimately to Marquez and Hilary Mantel but with continuing regard to historical contexts past and present. He traces the transformation of the literary conventions established by Scott's Waverley novels showing both the continuities and the changes needed to meet contemporary times and perspectives. Although the progressive hopes imbedded in Scott's narrative form proved no longer adaptable to twentieth century carnage and the rise of totalitarianism the meaning of any single novel emerges through comparison to the tradition of its predecessors. A foreword and epilogue explore the indebtedness of McWilliams's perspective to the Marxist scholarly tradition of Georg Lukacs and Frederic Jameson while defining his differences from them. This is a scholarly work of no small ambition and achievement. *Pushkin's Lyric Intelligence* Andrew Kahn, 2012-05-31 Pushkin's lyric intelligence is his capacity to transform philosophical and aesthetic ideas into poetry that questions the creative process. This first major study of his lyrics reveals the links between Pushkin's conceptual vocabulary and his intellectual life and between his writing and the influences of French and English authors and movements.

Natasha's Dance Orlando Figes, 2014-02-11 History on a grand scale an enchanting masterpiece that explores the making of one of the world's most vibrant civilizations. A People's Tragedy wrote Eric Hobsbawm did more to help us understand the Russian Revolution than any other book I know. Now in *Natasha's Dance* internationally renowned historian Orlando Figes does the same for Russian culture summoning the myriad elements that formed a nation and held it together. Beginning in the eighteenth century with the building of St Petersburg a window on the West and culminating with the challenges posed to Russian identity by the Soviet regime Figes examines how writers artists and musicians grappled with the idea of Russia itself its character spiritual essence and destiny. He skillfully interweaves the great works by Dostoevsky Stravinsky and Chagall with folk embroidery peasant songs religious icons and all the customs of daily life from food and drink to bathing habits to beliefs about the spirit world. Figes's characters range high and low the revered Tolstoy who left his deathbed to search for the Kingdom of God as well as the serf girl Praskovya who became Russian opera's first superstar and shocked society by becoming her owner's wife. Like the European schooled countess Natasha performing an impromptu folk dance in Tolstoy's *War and Peace* the spirit of Russianness is revealed by Figes as rich and uplifting complex and contradictory a powerful force that unified a vast country and proved more lasting than any Russian ruler or state. How Russia Learned to Write Irina Reyfman, 2016-08-23 How the status of Russian writers as members of the nobility and their careers in service to the imperial state shaped the course of Russian literature from Sumarokov and Derzhavin through Pushkin Gogol and

Dostoevsky **Reference Guide to Russian Literature** Neil Cornwell, 2013-12-02 First Published in 1998 This volume will surely be regarded as the standard guide to Russian literature for some considerable time to come It is therefore confidently recommended for addition to reference libraries be they academic or public *How Russian Literature Became Great* Rolf Hellebust, 2024-01-15 How Russian Literature Became Great explores the cultural and political role of a modern national literature orchestrated in a Slavonic key but resonating far beyond Russia's borders Rolf Hellebust investigates a range of literary tendencies philosophies and theories from antiquity to the present Roman jurisprudence to German Romanticism French Enlightenment to Czech Structuralism Herder to Hobbsawm Samuel Johnson to Sainte Beuve and so on Besides the usual Russian suspects from Pushkin to Chekhov Hellebust includes European writers Byron and Shelley Goethe and Schiller Chateaubriand and Baudelaire Dante Mickiewicz and more As elsewhere writing in Russia advertises itself via a canon of literary monuments constituting an atemporal ideal order among themselves T S Eliot And yet this is a tradition that could only have been born at a specific moment in the golden nineteenth century age of historiography and nation building The Russian example reveals the contradictions between immutability and innovation universality and specificity at the heart of modern conceptions of tradition from Sainte Beuve through Eliot and down to the present day The conditions of its era of formation the prominence of the crucial literary historical question of the writer's social function and the equation of literature with national identity make the Russian classical tradition the epitome of a unified cultural text with a complex narrative in which competing stories of progress and decline unfold through the symbolic biographical encounters of the authors who constitute its members How Russian Literature Became Great thus offers a new paradigm for understanding the paradoxes of modern tradition *My Half Century* Anna Andreevna Akhmatova, 1997 Anna Akhmatova is known as one of twentieth century Russia's greatest poets a member of the quartet that included Mandelstam Pasternak and Tsvetaeva This is the first paperback collection of her prose available in English The subjects of her memoirs are extraordinary she describes Modigliani as she knew him in Paris Blok near the end of his days and Mandelstam as a close friend The autobiographical prose section reveals the elusive poet's personality more clearly than any biography could including her thoughts about how difficult it was to be a poet at a time when women writers were rarely taken seriously Book Jacket *A History of Western Literature* J.M.
