Spot the Difference Puzzles for Language Learning Fun David DeRocco, 1997 Spot the differences puzzles are the ones where you are given nearly identical drawings and you must spot the eight differences This book consists of 50 spot the differences puzzles But it is more than just a puzzle book Each of the 50 drawings is on a subject that students must know about things like giving directions taking a driver's test going to see a doctor going to a job interview or asking a question in class Each unit is a self contained lesson on one of these subjects To begin with each unit is four pages long Students are first given a single error free copy of the drawing with which they identify objects in the drawing and brainstorm vocabulary Next your students read a paragraph which tells the story of the drawing Now your students come up with a title for the unit Page two has the two copies of the drawing with and without missing items and space to write down what they are Following this are a variety of vocabulary exercises and word puzzles There is a close dictation and each unit provides a couple of personal interpretation questions as well There is a complete answer key

The Power of Identity and Ideology in Language Learning Peter I. De Costa, 2016-05-09 This critical ethnographic school based case study offers insights on the interaction between ideology and the identity development of individual English language learners in Singapore Illustrated by case studies of the language learning experiences of five Asian immigrant students in an English medium school in Singapore the author examines how the immigrant students negotiated a standard English ideology and their discursive positioning over the course of the school year Specifically the study traces how the prevailing standard English ideology interacted in highly complex ways with their being positioned as high academic achievers to ultimately influence their learning of English This potent combination of language ideologies and circulating ideologies created a designer student immigration complex By framing this situation as a complex the study problematizes the power of ideologies in shaping the trajectories and identities of language learners

Soft Power and the Worldwide Promotion of Chinese Language Learning Jeffrey Gil, 2017-05-11 The Confucius Institute Project consisting of Confucius Institutes and Classrooms the posting of Chinese language teachers to overseas schools and universities and the Chinese Bridge language competition represents an attempt by China to extend its influence globally through the use of soft power Facilitated by a rapidly increasing demand for Chinese language learning it has established a presence across the globe and made valuable contributions to the learning and teaching of Chinese However this has not necessarily led to an increasingly positive view of China either at a political or a societal level Through an analysis of official documents interviews with those involved a survey

of Chinese language learners and a study of academic and media sources the author evaluates the aims of the project and discusses whether these aims are being met *The Puzzles of Power* David H.
