A Philosopher's Journey Steven M. Cahn, 2020-06-22 For over fifty years Steven M Cahn has been a prolific contributor to discussions of philosophical and educational issues In this volume he has chosen his favorite articles from the 1960s to the present reflecting his long standing interests in the concept of free will the rationality of religious belief the insights of John Dewey the affirmative action debate the aims of higher education and the nature of living well Also included are several philosophical puzzles Professor Cahn is a noted teacher and lecturer and these essays reflect his skills at explaining complex ideas with clarity and defending challenging positions with cogency His work demonstrates how philosophical inquiry can be both engaging and enlightening

A Teacher's Life Robert B.

Talisse, Maureen Eckert, 2021-08-24 Steven M Cahn belongs to that exclusive class of professors who have not only contributed influentially to the leading debates of their discipline but have also written insightfully about the academic vocation itself This volume comprises thirteen essays authored by Cahn's colleagues and former students presented in his honor on the occasion of his twenty fifth year as professor of philosophy at the City University of New York Graduate Center The essays focus on topics that have been central to Cahn's philosophical work such as the teaching of philosophy the responsibilities of philosophy professors the nature of happiness and the concept of the good life CONTRIBUTORS Norman Bowie Steven M Cahn Randall Curren Maureen Eckert Alan Goldman Tziporah Kasachkoff Peter Markie John O Connor David Rosenthal David Shatz George Sher Robert Simon Douglas Stalker Robert B Talisse Christine Vitrano **From Student to Scholar** Steven M. Cahn, 2024-05-10 This expanded edition of a celebrated book by philosopher and educator Steven M Cahn offers sound advice on building a successful academic career He explains how to plan complete and defend a dissertation how to handle interviews for academic positions how to improve your teaching how to prepare and publish research how to develop a professional network and how to garner support for earning tenure Whether you are considering enrolling in graduate school seeking an academic position or balancing the demands of a professorial career you will find valuable guidance in Cahn's insightful account of the ways of academia **The Definitive Answer to the Meaning of Life** Jack Abaza, 2023-11-16 This haunting question in all of its variations and interpretations has echoed through the annals of time Since the dawn of philosophy the world's intellectual titans have grappled valiantly with this enigma and many of them dedicated entire lifetimes to unearthing answers in religion aesthetics love personal convictions and myriad other realms but to no avail How has this ineluctable conundrum come to signify everything and nothing To term it the Holy Grail of philosophy is almost to insultingly undersell its gravitas the meaning of life remains maddeningly elusive mocking our most desperate curiosities Despite over 2 500 years of introspection debate and countless theories its mysterious prize remains unclaimed However this tome is no mere philosophical expedition for it is a revolution in the making it manifests a rebellion against the two thousand year old foundations of speculation and dares to shatter the orthodoxy By venturing into the forbidden realm of a science philosophers long denied as relevant and converging the scientific method with peerless reasoning the sort that would stupefy the most weathered thinkers this most eminent opus heralds philosophy's renaissance no longer as a quaint forgotten relic of bygone eras but as a vanguard discipline poised for reawakening Religion Within Reason, Second Edition Steven M. Cahn, 2025-02-27 Most believers and their critics agree that religious commitment relies on the acceptance of supernaturalism Steven M Cahn argues to the contrary He maintains that theism is neither necessary nor sufficient for adherence to a religious outlook He writes in a nonpolemical spirit about morality the problem of evil faith miracles heaven mystical experience and religious diversity His book develops a strong case for the reconciliation of science and religion *Correcting the Scholarly Record for Research Integrity* M. V. Dougherty, 2018-11-09 This volume is the first

book length study on post publication responses to academic plagiarism in humanities disciplines It demonstrates that the correction of the scholarly literature for plagiarism is not a task for editors and publishers alone each member of the research community has an indispensable role in maintaining the integrity of the published literature in the aftermath of plagiarism If untreated academic plagiarism damages the integrity of the scholarly record corrupts the surrounding academic enterprise and creates inefficiencies across all levels of knowledge production By providing case studies from the field of philosophy and related disciplines the volume exhibits that current post publication responses to academic plagiarism are insufficient It catalogues how humanities disciplines fall short in comparison with the natural and biomedical sciences for ensuring the integrity of the body of published research This volume provides clarity about how to conceptualize the scholarly record surveys the traditional methods for correcting it and argues for new interventions to improve the reliability of the body of published research The book is valuable not only to those in the field of philosophy and other humanities disciplines but also to those interested in research ethics meta science and the sociology of research **Ethics** Steven M. Cahn, Peter J. Markie, 2006 This is a collection of readings in ethics and moral philosophy The book gives instructors flexibility in structuring their ethics courses allowing them to choose material from historical selections This edition includes selections on issues such as euthanasia abortion and the death penalty **Philosophical Debates** Steven M. Cahn, 2021-05-04 This volume completes a trilogy of Steven M Cahn s shorter writings that includes *The Road Traveled and Other Essays* 2019 and *A Philosopher s Journey* 2020 Included here are his contributions to three philosophical debates first whether events are fated to occur second whether God is knowable and third whether morality can conflict with happiness The book contains not only Cahn s essays but also edited versions of the writings to which he is responding thereby putting his remarks into context and rendering them accessible to all These pieces make clear why Professor Cahn is regarded as one of the leading philosophy teachers of his generation **Exploring Academic Ethics** Steven M. Cahn, 2024-11-27 Academic ethics is the study of moral problems arising in higher education These may concern the responsibilities of professors or the institutional policies of colleges and universities In this work Steven M Cahn a pioneer in the field brings together his essays concerning four provocative issues curricular controversies tenure processes affirmative action and pedagogic obligations Written with his characteristic clarity and imaginative examples Cahn vividly demonstrates how academic life is replete with practices that raise moral concerns **Navigating Academic Life** Steven M. Cahn, 2020-12-14 This engaging collection of recent essays reveals how a professorial career involves not only pursuit of a scholarly discipline but also such unwelcome features as the tribulations of graduate school the trials of teaching and the tensions that develop from membership in a department The author who enjoyed a distinguished career as a professor of philosophy and senior university administrator draws on his extensive experience to offer candid advice about handling the frustrations of academic life Combining philosophical principles practical concerns and personal observations this book serves as a reliable guide for both new and veteran

academics as well as for anyone seeking to understand the inner workings of colleges and universities *Ten Essential Texts in the Philosophy of Religion* Steven M. Cahn, 2005 Includes selections from Plato Boethius Anselm Thomas Aquinas David Hume Kierkegaard William James Anthony Flew accompanied by modern essays **Professors as Teachers** Steven M. Cahn, 2022-07-15 Too many professors view themselves primarily not as teachers but researchers How can the system be changed so that success in the classroom will be promoted and receive greater emphasis Noted philosopher and educator Steven M Cahn presents proposals to achieve that end including changes in graduate education the appointment process the evaluation of teaching the tenure system and the choice of administrators Filled with actual examples from academic life the book is jargon free and compellingly argued *Plato: A Collection of Critical Essays, vol 1: Metaphysics & Epistemology* NA NA, 2016-01-13 **Happiness** Steven M. Cahn, Christine Vitrano, 2007 Part I Historical Sources Part II Contemporary theories **Pathways Through Academia** Steven M. Cahn, 2025-06-19 Philosopher Steven M Cahn the author of numerous works about higher education here offers his most recent thoughts about life in academia Among the issues he discusses are building a professorial career motivating one's students making strong faculty appointments choosing effective administrators and maintaining a commitment to academic ethics His approach is principled and practical his writing clear and concise his illustrations realistic and illuminating The book is at once a mirror of the academic world as it is and a map to what it should be **Wisdom, Consciousness, and the Future** Thomas Lombardo, 2011-06-17 *Wisdom Consciousness and the Future* Collected Essays Thomas Lombardo Ph D Center for Future Consciousness *Wisdom Consciousness and the Future* is a profound deeply important and timely book that concerned people and change agents everywhere will want to read Copthorne Macdonald The Wisdom Page As a college professor and teacher of psychology philosophy and the future Tom Lombardo's mind has been drawn toward such questions as How will the human mind evolve in the future In fact how should the human mind evolve and improve itself What might be the standards and ideals that guide this evolution And what role does ethical development or evolution play in this process The twenty previously published articles collected together in *Wisdom Consciousness and the Future* chronicle the development of Dr Lombardo's ideas on these related questions and topics and together constitute a theoretical perspective on the nature of the human mind on how to best educate and evolve the human mind in the future and how to integrate into this vision the central importance of both future consciousness as a key dimension of human consciousness and ethical character virtues True to its title three key themes emerge in this collection wisdom consciousness and the future and all three concepts tie into the author's main contribution to the field of futures studies future consciousness Numerous essays for example *Evolving Future Consciousness through the Pursuit of Virtue* and *The Evolution and Psychology of Future Consciousness* address the nature of future consciousness a term Dr Lombardo defines as the complex set of mental capacities all humans possess for imagining conceptualizing and approaching the future Aside from describing the psychological make up of future consciousness which includes emotional motivational

cognitive and personal dimensions the author also explains in numerous essays such as Developing Constructive and Creative Attitudes about the Future how to proactively enhance ones future consciousness Other essays deal directly with consciousness and the human mind in the broadest sense as in The Future Evolution of the Ecology of Mind and connect this general area of inquiry with the futurist question of how consciousness and mind might evolve in the future Dr Lombardo proposes that the progressive emergence of cosmic consciousness is the central evolutionary trajectory of the human mind Hence this book contains essays on both consciousness of the future and consciousness in the future While the discussion of consciousness and the future fascinates in its own right Dr Lombardo is a holistic and deep thinker who searches for connections among myriad philosophical topics A number of essays address the question of ethics and virtue and how such concepts connect with both future consciousness and the evolution of consciousness in the future He then expands on this theme to explore how virtue applies to the goals of higher education in essays such as Ethical Character Development and Personal and Academic Excellence In thinking through the concept of virtue and how it applies to consciousness education and the future Dr Lombardo emphasizes the one key virtue wisdom that provides the center of gravity around which all other character virtues revolve Indeed if any one concept unites the majority of essays in this collection it is wisdom In The Wisdom of Future Consciousness the author argues that wisdom is the highest expression of future consciousness and systematically describes the numerous connections between wisdom and heightened future consciousness Further according to the author wisdom is the key ideal that we should model and teach within education now and in the future This argume
