

# PYLON

by  
WILLIAM FAULKNER

Pylon is a story of explosive power and time stopping intensity. In a scene of human activity where there is a wealth of nervous motion, the author in typical Faulkner fashion treats this with imagination and persistence.

The scene is laid in a southern city where there is a Mardi Gras in progress. The action covers four days in the lives of a strange set of people connected with the airplane contests which are being held in celebration of the opening of a new

and flying machines. The author takes hold of the interest and never lets go until the very last line.
