Peebles, 2012-08-16 The Knights of Pythias fraternal organization was founded in 1865 by an Act of Congress When African American men were denied membership they created their own organization in Vicksburg MS in 1880 Its founder Thomas Stringer believed that fraternal organizations could provide the black community with business networks economic safety nets and political experience at a time when Jim Crow laws were being constructed all around them In Birmingham Alabama these Pythians became the cornerstone of an African American business community that included the first black owned and operated bank in the state They provided burial life and disability insurance for members and became a source of civic pride and racial solidarity When their right to exist was challenged they took the case to the Supreme Court in 1912 and won This strategy would be used decades later in Brown v Board of Education

History of San Diego, 1542-1908 William Ellsworth Smythe, 2017 When writing this book the author had two objects prominently in mind First of

all to make a faithful collection of all essential facts pertaining to the history of San Diego from the day of its discovery by Europeans down to the time in which the author was living In the second place to save from oblivion the rich traditions which cluster about the life of Old San Diego a place which has all but perished from the earth yet which should ever possess an absorbing interest not only for those who dwell about the shores of San Diego Bay but for all students of American history One will hardly find another book on the history of San Diego that will prove more valuable informative and entertaining than this volume
