   Post-editing of Machine Translation Laura Winther Balling,Michael Carl,Sharon O'Brian,2014-03-17 Post editing is

possibly the oldest form of human machine cooperation for translation It has been a common practice for just about as long as operational machine translation systems have existed Recently however there has been a surge of interest in post editing among the wider user community partly due to the increasing quality of machine translation output but also to the availability of free reliable software for both machine translation and post editing As a result the practices and processes of the translation industry are changing in fundamental ways This volume is a compilation of work by researchers developers and practitioners of post editing presented at two recent events on post editing The first Workshop on Post editing Technology and Practice held in conjunction with the 10th Conference of the Association for Machine Translation in the Americas held in San Diego in 2012 and the International Workshop on Expertise in Translation and Post editing Research and Application held at the Copenhagen Business School in 2012 *Quantitative Marketing and Marketing Management* Adamantios Diamantopoulos,Wolfgang Fritz,Lutz Hildebrandt,2013-01-31 Quantitative marketing has been gaining importance during the last decade This is indicated by the growing number of model and method oriented studies published in leading journals as well as by the many successful applications of quantitative approaches in pricing advertising new product planning and market segmentation decisions In addition market research has clearly benefitted from applying advanced quantitative models and methods in practice Some 60 researchers among them worldwide leading scholars offer a broad overview of quantitative approaches in marketing They not only highlight diverse mathematical and methodological perspectives but also demonstrate the relevance and practical consequences of applying quantitative approaches to marketing problems **California.
