Brutality Garden Christopher Dunn,2014-01-01 In the late 1960s Brazilian artists forged a watershed cultural movement known as Tropicalia Music inspired by that movement is today enjoying considerable attention at home and abroad Few new listeners however make the connection between this music and the circumstances surrounding its creation the most violent and repressive days of the military regime that governed Brazil from 1964 to 1985 With key manifestations in theater cinema visual arts literature and especially popular music Tropicalia dynamically articulated the conflicts and aspirations of a generation of young urban Brazilians

Focusing on a group of musicians from Bahia an impoverished state in northeastern Brazil noted for its vibrant Afro Brazilian culture Christopher Dunn reveals how artists including Caetano Veloso Gilberto Gil Gal Costa and Tom Ze created this movement together with the musical and poetic vanguards of Sao Paulo Brazil s most modern and industrialized city He shows how the tropicalists selectively appropriated and parodied cultural practices from Brazil and abroad in order to expose the fissure between their nation s idealized image as a peaceful tropical garden and the daily brutality visited upon its citizens
