Ralph Ellison:

Ralph Ellison Arnold Rampersad, 2007-04-24 Ralph Ellison is justly celebrated for his epochal novel *Invisible Man* which won the National Book Award in 1953 and has become a classic of American literature But Ellison's strange inability to finish a second novel despite his dogged efforts and soaring prestige made him a supremely enigmatic figure Arnold Rampersad skillfully tells the story of a writer whose thunderous novel and astute courageous essays on race literature and culture assure him of a permanent place in our literary heritage Starting with Ellison's hardscrabble childhood in Oklahoma and his ordeal as a student in Alabama Rampersad documents his improbable painstaking rise in New York to a commanding place on the literary scene With scorching honesty but also fair and compassionate Rampersad lays bare his subject's troubled psychology and its impact on his art and on the people about him This book is both the definitive biography of Ellison and a stellar model of literary biography

Ralph Ellison in Progress Adam Bradley, 2010 Ralph Ellison may be the preeminent African American author of the twentieth century though he published only one novel 1952 s Invisible Man He enjoyed a highly successful career in American letters publishing two collections of essays teaching at several colleges and universities and writing dozens of pieces for newspapers and magazines yet Ellison never published the second novel he had been composing for more than forty years A 1967 fire that destroyed some of his work accounts for only a small part of the novel s fate the rest is revealed in the thousands of pages he left behind after his death in 1994 many of them collected for the first time in the recently published *Three Days Before the Shooting* Ralph Ellison in Progress is the first book to survey the expansive geography of Ellison s unfinished novel while re imaging the more familiar but often misunderstood territory of Invisible Man It works from the premise that understanding Ellison s process of composition imparts important truths not only about the author himself but about race writing and American identity Drawing on thousands of pages of Ellison s journals typescripts computer drafts and handwritten notes many never before studied Adam Bradley argues for a shift in scholarly emphasis that moves a greater share of the weight of Ellison s literary legacy to the last forty years of his life and to the novel he left forever in progress

said We re only a partially achieved nation In The New Territory scholars show how clearly Ellison foresaw and articulated both the challenges and the possibilities of America in the twenty first century Indeed Ellison in these new essays appears more and more to be a cultural prophet of twenty first century America As literary scholar Ross Posnock states If in our global transnational age the renewed promise of cosmopolitan democracy has emerged as an animating ideal of popular political and academic culture this is a way of saying that we are only now beginning to catch up with Ralph Waldo Ellison In this collection the editors offer fourteen original essays that seek to examine and re examine Ellison s life and work in the context of its meanings for our own age the early twenty first century the age of Obama a period that is seemingly post racial and yet all too acutely racial Following a careful introduction that situates Ellison s writings in the context of new approaches and interest in his work the book offers new essays examining Ellison s 1952 masterpiece Invisible Man It then turns to his vast unfinished second novel Three Days Before the Shooting with detailed readings of that powerful and elusive narrative These essays are the first sustained treatments of that posthumous work The New Territory concludes with five chapters that discuss Ellison s political cultural and historical significance probing how he speaks to the contemporary moment and beyond
