Ranch Style The Artistic Culture And Design Of The Real West:

Ranch Style David R. Stoecklein, 2003 A collection of photographs of Western ranches highlights the details that make each ranch different such as funky mailboxes painted barns old signs family brands and creaky wagons , **Books In Print 2004-2005** Ed Bowker Staff, Staff Bowker, Ed, 2004 *Rancho Deluxe* Alan Hess, 2000-03 Given in memory of Nancy Jane Foster Ross by Clara and Claude Mounce *Frank Capra's Eastern Horizons* Elizabeth Rawitsch, 2014-10-16 Frank Capra has long had a reputation as being the quintessential American director the man who perfectly captured the identity and core values of the United States with a string of classic films in the 1930s and 40s including *It Happened One Night* *Mr Smith Goes to Washington* and *It's a Wonderful Life* However as Elizabeth Rawitsch argues Capra's construction of national identity did not occur within an exclusively national context She points out that many of his films are actually set in or include sequences set in China Latin America the Philippines and the South Seas Featuring in depth textual analysis supported by original archival research Frank Capra's *Eastern Horizons* explains that Capra's view of what constituted America changed over time extending its boundaries to embrace countries often far from the United States Complicating Edward Said's theory of Orientalism as a strict binary in which the West constructs the East as an inferior other it demonstrates that East and West often intermingle in films such as *The Bitter Tea of General Yen* and in Capra's orientation documentaries for World War II American servicemen Capra imagined a kind of global community albeit one with heavy undertones of British and American imperialism Investigating shifts in what Capra's America has meant over time both to Capra and to those who have watched and studied his films this innovative book offers a startlingly fresh perspective on one of the most iconic figures in American film history **The Western Horticultural Review** John Aston Warder, 1851

Unpacking Culture Ruth B. Phillips, Christopher B. Steiner, 1999-01-30 An outstanding set of studies that work well with each other to produce truly substantial and rich insights into the making and consuming of art in the colonial and post colonial world Susan S Bean Curator Peabody Essex Museum [Resources in Education](#) , 1982 **Encyclopedia of Consumer Culture** Dale Southerton, 2011-09-15 The Encyclopedia of Consumer Culture is the first reference work to outline the parameters of consumer culture and provide a critical scholarly resource on consumption and consumerism **The North-western Farmer** , 1869 *Westernwear* Sonya Abrego, 2022-11-03 During the prosperous forward thinking era after the Second World War a growing number of men women and children across the United States were wearing fashions that evoked the Old West *Westernwear Postwar American Fashion and Culture* examines why a sartorial style with origins in 19th century agrarian traditions continued to be worn at a time when American culture sought balance between technocratic confidence in science and technology on one side and fear and anxiety over global annihilation on the other By analysing well known and rarely considered western manufacturers *Westernwear* revises the common perception that fashionable innovation came from the East coast and places western youth cultures squarely back in the picture The book connects the

history of American working class dress with broader fashionable trends and discusses how and why Native American designs and representations of Native American people were incorporated broadly and inconsistently into the western visual vocabulary Setting westernwear firmly in context Sonya Abrego addresses the incorporation of this iconic style into postwar wardrobes and popular culture and charts the evolution of westernwear into a modern fashion phenomenon Disneyland and Culture Kathy Merlock Jackson, Mark I. West, 2011-08-31 The success of Disneyland as the world's first permanent commercially viable theme park sparked the creation of a number of other parks throughout the world from Florida to Japan France and Hong Kong But the impact of Disneyland is not confined to the theme park arena These essays explore a far reaching ideology Among the topics are Disney's role in the creation of children's architecture Frontierland as an allegorical map of the American West the cultural invasion of France in Disneyland Paris the politics of nostalgia and hyperurbanity in the town of Celebration Florida Instructors considering this book for use in a course may request an examination copy here
