Not to be Missed Kenneth Turan, 2014-06-03 The images and memories that matter most are those that are unshakeable, unforgettable. Kenneth Turan's fifty-four favorite films embrace a century of the world's most satisfying romances and funniest comedies, the most heart-stopping dramas and chilling thrillers. Turan discovered film as a child left undisturbed to watch *Million Dollar Movie* on WOR-TV Channel 9 in New York, a daily showcase for older Hollywood features. It was then that he developed a love of cinema that never left him and honed his eye for the most acute details and the grandest of scenes. *Not to be Missed* blends cultural criticism, historical anecdote, and inside Hollywood controversy. Turan's selection of favorites ranges across all genres. From *All About Eve* to *Seven Samurai* to *Sherlock Jr.*, these are all timeless films, classic and contemporary, familiar and obscure, with big budgets and small, each underscoring the truth of director Ingmar Bergman's observation that no form of art goes beyond ordinary consciousness as film does: straight to our emotions, deep into the twilight room of the soul.

**Show People** Michael Newton, 2019-09-15 *Show People* offers a comprehensive history of the idea of the film star, from Mary Pickford to Andy Serkis, traversing more than one hundred years and drawing on examples from America, Britain, Europe, and Asia. Renowned film writer Michael Newton explores our enduring love affair with fame, glamour, and the cinematic image. Newton builds up an expansive picture of movie stardom through explorations of striking and diverse figures such as Ingrid Bergman and John Wayne, Anna Karina and Sidney Poitier, Maggie Cheung and Raj Kapoor. He celebrates the great performers of the past and he looks forward to developments in the future while also illuminating the inner workings of the movie industry and what moves us in a film and in an actor's performance. An encyclopedic, illustrated

history of film idols ready for their close ups Show People is ultimately a book about cinephilia the love of cinema and our complex connection to that celebrated and beleaguered figure the movie star British Masculinity in Transatlantic Cinema Carolyn Owen-King,2024-12-12 British Masculinity in Transatlantic Cinema explores the Hollywood careers and stardom of British male actors who had fought in the first World War In an apparently incongruous development in the years after the armistice some of the men who fought in Scottish regiments during World War I found some degree of career success in Hollywood s film industry two of which included Ronald Colman and Basil Rathbone Through exploring transatlantic film history this book uncovers the ways in which these men were presented in media and on screen arguing that they carry with them even in films made at the height of censorship an appealing and attractive queerness Owen King expands on Eve Kosofsky Sedgwick s theory of homosocial homosexual continuum and offer readings of film texts that use her theories to survey gender and sexual identities within Hollywood s Golden Era **The Long Time Coming** Marvin Bram,2011-01-01 If you study the past you won t repeat its mistakes That s a hopeful sentiment but as a formula for moving forward humanely it s largely useless A useful appeal to history would adopt the old saying The farther you back up the better you jump forward But the past to which most historians appeal doesn t go back far enough The long time coming will be the time of living full lives as individuals while living in harmony with others as communities Everything we need to do to bring that world about we ve already done We must only add humanity s prehistory to its history It may come as a surprise that all the elements of a humane future can be found in this expanded timeframe but it s the case When we synthesize the life serving aspects of the deep past with those of the recent past we ll much shorten the time before the world we deserve comes into being **THE LONG TIME COMING** attempts such a synthesis **Mervyn LeRoy Comes to Town** Murray Pomerance,R. Barton Palmer,2025-05-13 Mervyn LeRoy Comes to Town is the first book devoted to the career of one of the director producers who in the early years of sound cinema was instrumental in establishing the Hollywood model of production that would endure for more than half a century As a director and producer LeRoy was responsible for turning out more than sixty feature films in a career that spanned five decades as a studio executive he contributed substantially to the success of the industry during the challenging period of the Depression and also in the period of realignment and readjustment that followed the end of World War II This book offers chapters devoted to individual films such as Little Caesar Waterloo Bridge 30 Seconds over Tokyo Gypsy and Quo Vadis *The Movie Guide* James Monaco,1992 From The Big Sleep to Babette s Feast from Lawrence of Arabia to Drugstore Cowboy The Movie Guide offers the inside word on 3 500 of the best motion pictures ever made James Monaco is the president and founder of BASELINE the world s leading supplier of information to the film and television industries Among his previous books are The Encyclopedia of Film American Film Now and How to Read a Film **Bayesian Analysis in Statistics and Econometrics** Donald A. Berry,Kathryn M. Chaloner,John K. Geweke,1996 This book is a definitive work that captures the current state of knowledge of Bayesian Analysis in Statistics and Econometrics

and attempts to move it forward It covers such topics as foundations forecasting inferential matters regression computation and applications

*The Ring of Truth* Wendy Doniger, 2017-04-03 Why are sex and jewelry particularly rings so often connected Why do rings continually appear in stories about marriage and adultery love and betrayal loss and recovery identity and masquerade What is the mythology that makes finger rings symbols of true or as the case may be untrue love The cross cultural distribution of the mythology of sexual rings is impressive from ancient India and Greece through the Arab world to Shakespeare Marie Antoinette Wagner nineteenth century novels Hollywood and the De Beers advertising campaign that gave us the expression A Diamond is Forever Each chapter of *The Ring of Truth* like a charm on a charm bracelet considers a different constellation of stories stories about rings lost and found in fish forgetful husbands and clever wives treacherous royal necklaces fake jewelry and real women modern women s revolt against the hegemony of jewelry and the clash between common sense and conventional narratives about rings Herein lie signet rings betrothal rings and magic rings of invisibility or memory The stories are linked by a common set of meanings such as love symbolized by the circular and unbroken shape of the ring infinite constant eternal a meaning that the stories often prove tragically false While most of the rings in the stories originally belonged to men or were given to women by men Wendy Doniger shows that it is the women who are important in these stories as they are the ones who put the jewelry to work in the plots

*Making The Best Years of Our Lives* Alison Macor, 2022-06-07 2023 Wall Award Finalist Theatre Library Association How a Hollywood gem transformed the national discourse on post traumatic stress disorder Released in 1946 *The Best Years of Our Lives* became an immediate success Life magazine called it the first big good movie of the post war era to tackle the veterans problem Today we call that problem PTSD but in the initial aftermath of World War II the modern language of war trauma did not exist The film earned the producer Samuel Goldwyn his only Best Picture Academy Award It offered the injured director William Wyler a triumphant postwar return to Hollywood And for Harold Russell a double amputee who costarred with Fredric March and Dana Andrews the film provided a surprising second act Award winning author Alison Macor illuminates the film s journey from script to screen and describes how this authentic motion picture moved audiences worldwide General Omar Bradley believed *The Best Years of Our Lives* would help the American people to build an even better democracy following the war and the movie inspired broad reflection on reintegrating the walking wounded But the film s nuanced critique of American ideals also made it a target and the picture and its creators were swept up in the anti Communist witch hunts of the late 1940s In this authoritative history Macor chronicles the making and meaning of a film that changed America

**We Can Take It!** Mark Connelly, 2014-07-10 *We Can Take It* shows that the British remember the war in a peculiar way thanks to a mix of particular images and evidence Our memory has been shaped by material which is completely removed from historical reality These images including complete inventions have combined to make a new history The vision is mostly cosy and suits the way in which the Britons conceive of themselves dogged good humoured occasionally bumbling unified and enjoying

diversity In fact Britons load their memory towards the early part of the war Dunkirk Blitz Battle of Britain rather than when we were successful in the air or against Italy and Germany with invasions This suits our love of being the underdog fighting against the odds and being in a crisis Conversely the periods of the war during which Britain was in the ascendant are perversely far more hazy in the public memory

*The Woman's Film of the 1940s* Alison L. McKee, 2014-04-03 This book explores the relationship among gender desire and narrative in 1940s woman s films which negotiate the terrain between public history and private experience The woman s film and other form of cinematic melodrama have often been understood as positioning themselves outside history and this book challenges and modifies that understanding contextualizing the films it considers against the backdrop of World War II In addition in paying tribute to and departing from earlier feminist formulations about gendered spectatorship in cinema McKee argues that such models emphasized a masculine centered gaze at the inadvertent expense of understanding other possible modes of identification and gender expression in classical narrative cinema She proposes ways of understanding gender and narrative based in part on literary narrative theory and ultimately works toward a notion of an androgynous spectatorship and mode of interpretation in the 1940s woman s film

**Women in War** Celia Lee, Paul Edward Strong, 2012-06-19 The changing role of women in warfare a neglected aspect of military history is the subject of this collection of perceptive thought provoking essays By looking at the wide range of ways in which women have become involved in all the aspects of war the authors open up this fascinating topic to wider understanding and debate The discuss how particularly in the two world wars women have been increasingly mobilized in all the armed services originally as support staff then in defensive combat roles They also consider the tragic story of women as victims of male violence and how women have often put up a heroic resistance and examine how women have been drawn into direct combat roles on an unprecedented level a trend that is still controversial in the present day The collection brings together the work of noted academics and historians with the wartime experiences of women who have remarkable personal stories to tell The book will be a milestone in the study of the recent history of the parts women have played in the history of warfare Authors Dr Juliette Pattinson Professor Mark Connelly Georgina Natzio Christine Halsall Jonathan Walker Major Imogen Corrigan Dr Halik Kochanski Dr T A Heathcote Elspeth Johnstone Mike Ryan Grace Filby Dr George Bailey Tatiana Roshupkina Leicester Chilton Paul Edward Strong Celia Lee John Lee
