Ransom Town:

Ransom Town Peter Alding,1990   **City on the Ocean Sea: La Rochelle, 1530-1650** Kevin C. Robbins,2021-10-11 This important volume presents the first comprehensive history of early modern La Rochelle a port town whose fractious residents became embroiled in the French Reformations Opening chapters situate the Rochelais within the geopolitics of an oceanic frontier where urbanites created a strong heavily armed civic government in part because they perceived themselves as isolated civilizing agents surrounded by the savage inhabitants of a lawless environment Analysis of the city s Reformation proceeds within this context of place and politics showing how various ranks of the citizenry idiosyncratically adopted the tenets of Calvinism amalgamating these salvific doctrines with traditional civic rites and values to the consternation of more orthodox pastors Juxtaposing serial sources from multiple archives Robbins shows with innovative detail how local political and religious struggles intermeshed setting the city and its Reformed congregations on a fatal collision course with the Bourbon monarchy Concluding chapters examine how great aristocratic families churchmen and Catholic magistrates joined in a local Counter Reformation remaking urban power politics from the ground up   An Illustrated History of Nobles County, Minnesota Arthur P.
