Rape Victim Clinical And Community Interventions:

The Rape Victim Mary P. Koss, Mary R. Harvey, 1991-04 Rape is an all too familiar event in many women's lives. But what is being done to prevent its occurrence? How do victims deal with the trauma of rape? How are local agencies dealing with the increase of victims? How effective are available treatment programs? From the causes of rape to its lingering effects from disclosure to treatment, *The Rape Victim* offers the most complete examination to date on this most heinous crime. The authors address the trauma of rape prevention, rape as a community issue, rape crisis centers, rape clinical treatment of rape victims, and group treatment for survivors. Psychologists, mental health professionals, social workers, criminologists, nurses, and counselors will benefit from the wealth of information contained in this impressive volume. Particularly recommended as supplemental reading for college programs on women's and social issues. *The Midwest Book Review*. Excellent on incidence of rape, why federal statistics are flawed, the impact of rape on the victim, how society responds, how rape crisis centers evolved, offers empowerment and the best model for change, and how to lessen the trauma of rape. Techniques for therapeutic treatment are discussed, including group treatment for survivors. *The Women's Advocate*. **The Trauma of Sexual Assault** Jenny Petrak, Barbara Hedge, 2003-07-07 The psycho-social needs of victims of rape and sexual assault are increasingly recognised, and there is a need for a critical synthesis of knowledge and practice to support the development of training and best practice in the mental health and sexual health professions. *The Trauma of Sexual Assault* provides an understanding of the theoretical underpinning of the wide range of clinical problems that can follow sexual assault. Focusing on adult victims of sexual assault, this book brings together research findings, theoretical perspectives, and implications for treatment, longer term management, and future policy. The first text to consider the psychological impact of sexual assault on women and men. Incorporates a comprehensive flow-through model of psychological and social management from the initial presentation of the assaulted person onwards. A much needed reference accessible to a wide range of professionals. Part of the Wiley Series in Clinical Psychology. *The Criminal Justice and Community Response to Rape* Joel Epstein, Stacia Langenbahn, 1994 Describes recent reforms adopted in some jurisdictions such as protecting the anonymity of the victim, allowing complainants to report sexual assault even when the victim chooses not to press charges. Law enforcement officials, district attorneys have worked to support compensation for victims, also have created victim witness advocate positions to help victims navigate the criminal justice process, speed their recovery. Contains a glossary, resources, tables. *Rape Work* Patricia Yancey Martin, 2013-01-11 Despite the proliferation of rape crisis centers and other improvements in the treatment of rape victims over the past 20 years, many victims still find themselves the victims of what has been called a second rape by doctors, lawyers, judges, police, and administrators that process them. This book takes a critical look at the organizations and officials that process rape victims to see how the structure of their respective organizations often prevents them from providing responsive care. *Just Sex?* Nicola Gavey, 2013-10-14 Winner of the

Association for Women In Psychology 2006 Distinguished Publication Award The past two decades have witnessed a significant shift in how rape is understood in Western societies This shift in perception has revealed the startling frequency of occurrences of date rape obscuring the divide between rape and what was once just sex Just Sex combines an overview of the existing literature with an analysis of recent research to examine the psychological and cultural implications of this new epidemic The result is the conclusion that feminist theory on sexual victimisation has gone both too far and not far enough The reader is presented with a challenging and original perspective on the issues of rape sex and the body incorporating subjects including rape as a social problem the social constructionism of sex subjectivity and the body heterosexuality under the microscope This book succeeds in making a valuable contribution to feminist and social constructionist work on rape that will be of interest to those studying psychology gender studies cultural studies and sociology Just Sex The Cultural Scaffolding of Rape was selected as a 2005 winner of AWP s Association for Women in Psychology distinguished publication award

VA Health-care Programs for Women Veterans United States. Congress. Senate. Committee on Veterans' Affairs,1992 **Attitudes Toward Rape** Colleen A. Ward,1995-06-22 This innovative book looks at popular perceptions of sexual violence and asks such key questions as How is rape defined Who is responsible for sexual assault How can rape be prevented The author critically examines feminist and psychological theory and research on attitudes towards rape Drawing on case studies survey research experiments fieldwork and action oriented research from Europe North America and Asia Ward combines qualitative and quantitative approaches to understanding sexual violence She highlights the negative consequences for rape victims of biased and prejudicial perceptions of sexual violence including those of legal medical and helping professionals and discusses the impact of these attitudes on victims self perceptions The book concludes by suggesting strategies for changing ideas about sexual assault including for example action oriented research which is designed to raise consciousness and improve services for victims *Emergencies in Mental Health Practice* Phillip M. Kleespies,2000-01-27 Focusing on acute clinical situations in which there is an imminent risk of serious harm or death to self or others this practical resource helps clinicians evaluate and manage a wide range of mental health emergencies Authors examine how to distinguish crises that are emergencies from those that are not and provide basic instruction in crisis theory and emergency interviewing The volume then provides guidelines for intervening with suicidal patients potentially violent patients and vulnerable victims of violence as well as patients facing life and death medical decisions with careful attention to risk management and forensic issues Also addressed are emergency related conditions including self mutilation alcohol and drug related crises adverse reactions to psychotropic medication and psychological symptoms of medical conditions Finally chapters consider the effects of emergency intervention on clinicians and offer suggestions for managing stress

Companion Reader on Violence Against Women Claire M. Renzetti,Jeffrey L. Edleson,Raquel Kennedy Bergen,2011-04-26 Designed to advance knowledge about violence against women and to serve as an inspiration to those studying or working in

the field this companion reader's 20 original articles focus first on theoretical and methodological issues then on types of violence against women and finally on prevention and direct intervention Readers will find a wide range of articles that draw attention to the global dimensions of violence against women and the importance of taking into account political economic and cultural differences across diverse groups of people While the book's articles are designed as companion pieces to the chapters in the Second Edition of the Sourcebook this reader may also be used as a stand alone text by those researching specific topics such as diversity issues conducting trainings or teaching advanced courses such as international social work

Women, Rape and Justice Jan Jordan, 2022-03-14 Is justice possible for a woman raped in contemporary patriarchal culture This book explores one of the major conundrums of our time given all the feminist activism and reforms of the last 50 years why does rape remain so prevalent and justice so elusive In exploring these questions Jan Jordan takes us back into the patriarchal origins of our rape culture in order to trace the connections between past laws and current justice realities Her examination covers developments in police and court processes and explores the connections between men masculinity and rape before considering the scope of rape prevention She argues the need for urgent transformation of the rape condoning cultures that currently make it impossible for rape prevalence to abate or for rape victims to receive justice *Current*

Perspectives on Sex Crimes Ronald M. Holmes, Stephen T. Holmes, 2002 A combination of reprinted articles most published during the past two years and original contributions solicited for the anthology offer a snapshot of the criminal justice understanding of various crimes relating to or involving sex After a basic overview of sex in the 21st century they look at nuisance sex behaviors and crime homosexuality transvestism and transsexualism juvenile sex crimes and behaviors of offenders and victims dangerous sex crimes rape and special issues and concerns **Rape Myths** Sofia Persson, Katie

Dhingra, 2022-07-21 Rape Myths Understanding Assessing and Preventing is ideal for anyone wishing to know more about their theoretical background prevalence assessment and functions Outlining their meaning and foundations this book also considers their conceptualisation and the construct of rape myth acceptance **Encyclopedia of Victimology and Crime**

Prevention Bonnie S. Fisher, Steven P. Lab, 2010-02-02 For a free 30 day online trial to this title visit www.sagepub.com/freetrial In many ways the two fields of victimology and crime prevention have developed along parallel yet separate paths and the literature on both has been scattered across disciplines as varied as sociology law and criminology public health and medicine political science and public policy economics psychology and human services and others The Encyclopedia of Victimology and Crime Prevention brings together in one authoritative resource the dispersed information and knowledge on both victimology and crime prevention With nearly 375 entries this two volume set moves victimology and crime prevention one step further into recognized scholarly fields whose research informs practice and whose practice informs research Key Features Provides users with the most authoritative and comprehensive coverage available on victimology and crime prevention Presents victimology and crime prevention as their own separate justifiable disciplines rather than subfields

within more established disciplines Discusses the status of victims within the criminal justice system as well as topics of deterring and preventing victimization in the first place and responding to victims needs Offers anchor essays written by leading scholars in their respective fields to provide starting points for investigating the more salient victimology and crime prevention topics Key Themes Business Prevention Actions Civil Justice System Correlates of Victimization Courts Alternative Remedies Courts Law and Justice Crime Prevention Crime Prevention Partnerships Criminal Justice System Fear of Crime Individual Protection Actions Interventions and Intervention Programs for Victim and Offender Intrafamilial Offenses Legislation and Statutes Media and Crime Prevention Methodology Offenses Special Topics Official Crime Data Personal Offenses Property Offenses Psychological Mental and Physical Health Issues Residential Community Crime Prevention School and Workplace Offenses School Based Crime Prevention Services and Treatment for Victims Theory Victimization Scales and Surveys Victimology Youth Focused Crime Prevention The victimology crime prevention nexus provides the foundation for a comprehensive and hopefully long lasting approach to addressing the public s risk of being victimized and aids individuals who are targeted by a criminal act This is a welcome addition to any academic library The availability in print and electronic formats provides students with convenient easy access wherever they may be **Embodiment and Experience** Thomas J.

Csordas,1994-11-17 Students of culture have been increasingly concerned with the ways in which cultural values are inscribed on the body These essays go beyond this passive construal of the body to a position in which embodiment is understood as the existential condition of cultural life From this standpoint embodiment is reducible neither to representations of the body to the body as an objectification of power to the body as a physical entity or biological organism nor to the body as an inalienable centre of individual consciousness This more sensate and dynamic view is applied by the contributors to a variety of topics including the expression of emotion the experience of pain ritual healing dietary customs and political violence Their purpose is to contribute to a phenomenological theory of culture and self an anthropology that is not merely about the body but from the body *Handbook of Women, Stress and Trauma* Kathleen A.

Kendall-Tackett,2013-01-11 The Handbook of Women Stress and Trauma focuses on the stresses and traumas that are unique to the lives of women It is the first text to merge research from the fields of trauma and women s health and development Using a lifespan developmental approach the text begins by addressing specific issues women face in their lives drawing upon theories of development and exploring how women s relationships with others buffer or sometimes cause stress and trauma Combining aspects of female development with empirical data from the fields of women s health family violence and stress and coping this volume helps sensitive care providers to the specific needs of women exposed to traumatic events

Many Mirrors Nicole Landry Sault,1994 We ve needed a book like *Many Mirrors* for a long time In the veritable explosion of new scholarship on the human body this book stands out in its focus on empirical research *Many Mirrors* will move the Anthropology of the Body a giant step forward C H Browner University of California at Los Angeles In every society people

define and change their physical appearance in response to their relationships to others we add clothes and masks remove them build up our muscles perforate our flesh cut parts away comb our hair and modify our diets In rural Jamaica fat women are considered desirable in American suburbia teenage girls are obsessed with thinness Bedouin women use tattoos to express their secret longings Asian American women undergo cosmetic surgery to conform to internalized western standards of beauty Even with mirrors to see ourselves we rely on the reactions of others to learn how we look and who we are Where contemporary Western culture sees the body as a concrete thing with an objective observable reality separate from the self many other societies regard the person as an integrated whole that includes the mind the body and the spirit Through the contributors studies of individual cultures and through the editor s unifying body image system this volume gives us a new conceptual framework for understanding how women and men in any society perceive describe and alter their bodies

Sexual Violence and Restorative Justice Marie Keenan, Estelle Zinsstag, 2023-02-10 Concerned by the high attrition rates for sexual crime and the secondary victimization experienced by victims during their participation in the criminal justice system this book analyses the extent to which restorative justice can address the justice gap that exists in current justice provision Building on clinical experience and earlier research on sexual crime the authors engage with the complex dynamics and traumatic impact of sexual crime as a critical starting point for their research and examine whether restorative justice can contribute to a more enhanced justice response The book presents extensive new data on restorative justice as applied in sexual violence cases across the globe It engages with feminist concerns regarding the traumatic impact of sexual violence and the potential for re traumatisation the power imbalances that characterise these offences and the potential for re victimisation the potential for coercion of the victim to participate in the process the potential for manipulation of restorative justice by the offender and the potential that restorative justice could lead to the reprivatisation of sexual crime and ultimately to its decriminalisation Having examined these topics in detail the book concludes there is an important role for restorative justice in addressing the justice gap that exists after sexual crime and offers guidance on how this can be achieved

Campus Action against Sexual Assault Michele A. Paludi, 2016-05-16 A practical guide to prevention of and response to sexual assault on college campuses this invaluable resource will help ensure Title IX compliance and can also help reduce the incidence of these all too prevalent events The frequency of sexual assault on college campuses is startlingly high Notwithstanding this fact most campus officials are not trained in the psychology of the victimization process while most students are not aware of their reporting options A practical guide to sexual assault at colleges and universities this book integrates theories and empirical research with information about legislation and techniques to help college administrators deal with and prevent these disturbing offenses The work brings together a team of experts who discuss various types of assault including rape stalking intimate partner violence and sexual harassment and detail the legal educational and federal responses to such events on college campuses They address federal and state laws including new bills being proposed in

Congress and present research on the physical and psychological dimensions of sexual assault Perhaps most important the book shows how human resource techniques and principles can be used to establish preventative measures and to respond appropriately when sexual assault does occur Students accounts of prevention training and education enhance the scholarly and legal contributions to this important and timely volume

Assessment and Intervention Issues Across the Life Span Stephanie M.C. Dollinger, Lisabeth F. DiLalla, Stephanie MC Dollinger, 2013-06-17 This volume evolved from the second life span development conference held at Southern Illinois University entitled Assessment and Intervention Across the Lifespan Providing an overview and consideration of important directions for research in areas of assessment and intervention across the lifespan the presentations covered a variety of topic areas including social ecology cultural diversity attitudes about aging as well as attention visual and linguistic skills This volume consists of chapters based on the conference presentations as well as additional chapters by experts in related specialty areas discussing attachment theory learning disabilities and phonological processing The second conference and volume continue the work of the first conference and its associated earlier volume The chapters cover important interactions between assessment and intervention for each major developmental period several emphasize the importance of early assessment and intervention A common theme found throughout is the critical connection between basic research and practice The editors hope this book will prove useful not only to researchers but also to practitioners in related disciplines working with individuals of all ages

Violence Against Women Nancy Lombard, Lesley McMillan, 2013 This book addresses the issue of domestic violence against women drawing on research findings policy developments and current debates to contextualise its alarming prevalence and to propose informed ways of addressing through training and practice the needs of both victims and perpetrators in current social and related care provision
