*Rapid Recovery* Stephen P. King, 2006-12-13 It only took eight years in the making but I have finally completed my book on a variety of rapid recovery and healing techniques that I use in my counselling practice and with athletes. Many workshop attendees had asked that I put these techniques in an easy to follow format with an explanation as to why certain things work the way they do. I believe I have now achieved that goal. These methods are helpful for maximising mind/body maintenance by clearing fears, phobias, addictions, obsessions, compulsions, traumas and all forms of self-sabotage. They can help optimize all aspects of our lives and open us to the fullness of life's possibilities.
