Applied Linguistics and Language

Teacher Education Nat Bartels, 2005 Applied Linguistics and Language Teacher Education is aimed at applied linguists who are interested in understanding more about the learning of novice teachers in their classes The 21 studies in this volume provide information on the complexity of novice teachers learning and use of knowledge in a variety of applied linguistics classes such as SLA Syntax Pragmatics Sociolinguistics Phonetics and Phonology L2 Reading and Writing Testing and Content Based Instruction These studies were conducted in a variety of contexts from North and South America to Europe Asia and Australia and look at the preparation of teachers of English Spanish and Chinese The book also includes a state of the art summary of research on knowledge acquisition and use which provides applied linguists with a solid basis for

developing their ideas about their students learning and use of the knowledge presented in their classes Furthermore valuable information for applied linguists interested in researching the learning in their own classrooms is provided by a chapter evaluating a variety of research methods Each author also provides insider information on the advantages and disadvantages of the research tools they used for investigating questions they have

Teacher Voices in Chinese Language Teaching Scott Smith, 2023-01-24 This book reports the results of an ethnographic study focusing primarily on the experiences of four teachers of the Chinese language in Australian secondary schools The author creates an audience for their voices as they reflect on their own understandings of culture language teaching and culture in language teaching through semi structured interviews and compares these reflections with written stimulus dialogues designed to elicit culture in language reflections as well as curriculum and policy documents produced by the Australian government The book's findings indicate that teachers of the Chinese language are diverse in their views on culture language teaching and the ways in which culture can or should inform language teaching and the author argues that language teacher intercultural competence cannot be assessed through a synthesis of the current English only research literature This book will be of interest to teachers and teacher trainers of Chinese as a foreign language as well as students and scholars of applied linguistics and language education more broadly

Understanding Intercultural Communication Marie-Louise Brunner, 2022-01-04 Today academics business professionals and private persons alike need to communicate successfully and establish relationships with people from various cultures through digital means These skills have now become essential in virtual environments This book provides an in depth analysis of how interlocutors negotiate meaning and identities in intercultural video mediated communication as an important step to improving interactions on a global scale It contributes to understanding the complex negotiation processes and strategies involved in communicating successfully and in establishing rapport in an intercultural and video mediated context Speakers in this English as a Lingua Franca setting act as accomplished conversationalists who efficiently employ various strategies to make themselves understood and to preempt interactional difficulties At the same time interlocutors re negotiate identities on various levels in the process of their interactions with conversation partners Based on these insights this book concludes with practical suggestions for educational and professional applications

Intercultural Communication and Language Pedagogy Zsuzsanna Ittész Abrams, 2020-08-27 Learning a new language offers a unique opportunity to discover other cultures as well as one's own This discovery process is essential for developing 21st century intercultural communication skills To help prepare language teachers for their role as guides during this process this book uses interdisciplinary research from social sciences and applied linguistics on intercultural communication for designing teaching activities that are readily implemented in the language classroom Diverse language examples are used throughout the book to illustrate theoretical concepts making them accessible to language teachers at all skill levels The chapters introduce various perspectives on culture intercultural

communicative competence analyzing authentic language data teaching foreign second languages with an intercultural communication orientation the intercultural journey the language culture identity connection as well as resolving miscommunication and cultural conflict While the immediate audience of this book is language teachers the ultimate beneficiaries are language learners interested in undertaking the intercultural journey **Resources in Education** ,2000
