## **Rashomon Gate:**

Rashomon Gate Ingrid J. Parker, 2002-07-31 Award winning writer Parker brings ancient Japan to life in a tale of blackmail and murder among high ranking nobles 10 illustrations      Gates Of Time Everett Sinclair, AI, 2025-03-03 Gates Of Time explores the fascinating world of city gates those monumental structures that once served as both defensive fortifications and powerful symbols of civic identity These gates weren't just barriers they reflected the social political and economic realities of their time Consider the Ishtar Gate of Babylon a vibrant display of imperial power or the Tiananmen Gate in Beijing each telling a unique story about the civilizations that built them The book examines the evolution of gate design across different eras from ancient Mesopotamia to medieval Europe and imperial China explaining the architectural innovations and engineering feats involved It also delves into the symbolic dimensions of gates highlighting their role in shaping cultural identity and projecting authority Through archaeological records historical texts and architectural drawings the book progresses from an introduction to the origins of city gates to an analysis of their architecture and symbolic significance and finally to the challenges of their preservation      ,      *Patient X* David Peace, 2019-08-20 In these twelve interconnected tales David Peace acclaimed author of the *Red Riding Quartet* *Occupied City* and *Tokyo Year Zero* weaves fact and fiction as he takes up the brief but fiercely lived life of the early twentieth century Japanese writer Ryunosuke Akutagawa Unique and offbeat *Patient X* delves into Akutagawa's rich and complicated private life his fears and battles with mental illness his complex reaction to the Westernization of Japan his exacting creative process and his suicide weaving these facets into a hauntingly evocative portrait But *Patient X* is more than a paean to one remarkable writer it is also an incandescent exploration of the act and obsession of writing itself and of the role of the artist in times that darkly mirror our own      Daitokuji Gregory P. A. Levine, 2005 The Zen Buddhist monastery Daitokuji in Kyoto has long been revered as a cloistered meditation centre a repository of art treasures and a wellspring of the Zen aesthetic Gregory Levine's *Daitokuji* unsettles these conventional notions with groundbreaking inquiry into the significant and surprising visual and social identities of sculpture painting and calligraphy associated with this fourteenth century monastery and its enduring monastic and lay communities The book begins with a study of Zen portraiture at Daitokuji that reveals the precariousness of portrait likeness the face that gazes out from an abbot's painting or statue may not be who we expect it to be or submit quietly to interpretation By tracing the life of Daitokuji's famed statue of the chanoyu patriarch Sen no Rikyū 1522-91 which was all but destroyed by the ruler Toyotomi Hideyoshi 1537-98 but survived in *Rashomon* like narratives and reconstituted sculptural forms Levine throws light upon the contested status of images and their mytho-poetic potential Levine then draws from the seventeenth century journal of Kōgetsu Sōgan Bokuseki no utsushi to explore practices of calligraphy connoisseurship at Daitokuji and the pivotal role played by the monastery's abbots within Kyoto art circles The book's final section explores Daitokuji's annual airings of temple treasures not merely as a practice geared toward preservation but also

as a space in which different communities vie for authority over the artistic past An epilogue follows the peripatetic journey of the monastery's scrolls of the 500 Luohan from China to Japan to exhibition and partial sale in the West and back to Daitokuji Illuminating canonical and heretofore ignored works and mining a trove of documents diaries and modern writings Levine argues for the plurality of Daitokuji's visual arts and the breadth of social and ritual circumstances of art making and viewing within the monastery This diversity encourages reconsideration of stereotyped notions of Zen art and offers specialists and general readers alike opportunity to explore the fertile and sometimes volatile nexus of the visual arts and religious sites in Japan

Kroeber, 2006-05-12 This study provides the first detailed contrast between the experiences of reading a novel and watching a movie Kroeber shows how fiction evokes morally inflected imagining and how movies reveal through magnification of human movements and expression subjective effects of complex social changes **Literature into Film** Linda Costanzo Cahir, 2014-12-24 For most people film adaptation of literature can be summed up in one sentence The movie wasn't as good as the book This volume undertakes to show the reader that not only is this evaluation not always true but sometimes it is intrinsically unfair Movies based on literary works while often billed as adaptations are more correctly termed translations A director and his actors translate the story from the written page into a visual presentation Depending on the form of the original text and the chosen method of translation certain inherent difficulties and pitfalls are associated with this change of medium So often our reception of a book based movie has more to do with our expectations and reading of the literature than with the job that the movie production did or did not do Avoiding these biases and fairly evaluating any particular literary based film takes an awareness of certain factors Written with a formalistic rather than historical approach this work presents a comprehensive guide to literature based films establishing a contextual and theoretical basis to help the reader understand the relationships between such movies and the original texts as well as the reader's own individual responses to these productions To this end it focuses on recognizing and appreciating the inherent difficulties encountered when basing a film on a literary work be it a novel novella play or short story Individual chapters deal with the specific issues and difficulties raised by each of these genres providing an overview backed up by case studies of specific film translations Films and literary works receiving this treatment include The Unbearable Lightness of Being The Manchurian Candidate 1962 Lady Windemere's Fan by Oscar Wilde and Shakespeare's Henry V Interspersed throughout the text are suggestions for activities the film student or buff can use to enhance his or her appreciation and understanding of the films Instructors considering this book for use in a course may request an examination copy here **Deleuze, Japanese Cinema, and the Atom Bomb** David Deamer, 2014-07-31 David Deamer establishes the first ever sustained encounter between Gilles Deleuze's Cinema books and post war Japanese cinema exploring how Japanese films responded to the atomic bombings of Hiroshima

and Nagasaki From the early days of occupation political censorship to the social and cultural freedoms of the 1960s and beyond the book examines how images of the nuclear event appear in post war Japanese cinema Each chapter begins by focusing upon one or more of three key Deleuzian themes image history and thought before going on to look at a selection of films from 1945 to the present day These include movies by well known directors Kurosawa Akira Shindo Kaneto Oshima Nagisa and Imamura Shohei popular and cult classics Godzilla 1954 Akira 1988 and Tetsuo 1989 contemporary genre flicks Ring 1998 Dead or Alive 1999 and Casshern 2004 the avant garde and rarely seen documentaries The author provides a series of tables to clarify the conceptual components deployed within the text establishing a unique addition to Deleuze and cinema studies

**Pragmatism, Law, and Literature** David Kenny, 2024-08-06 This book uses literary examples to make the case for understanding law and the legal system through the lens of philosophical pragmatism For pragmatists experience is everything they argue against understanding the world through any abstraction maintaining that it is simply too complicated to fit into categories or theories Legal pragmatism is the application of this philosophy to the making of law the practice of law and the practice of judging This book maintains that the best way to understand legal pragmatism is not through bare theoretical exegesis but through literature that is through stories that cast light on various pragmatic aspects of law Engaging a range of literary sources including works by Seamus Heaney Hilary Mantel Harper Lee and Ian McEwan the book makes a compelling case for the contemporary relevance of pragmatism This book will appeal to legal theorists law and literature humanities scholars readers of literary criticism and those with interests in pragmatist philosophy

Mapping Courtship and Kinship in Classical Japan Doris G. Bargen, 2015-08-31 Literary critiques of Murasaki Shikibu's eleventh century The Tale of Genji have often focused on the amorous adventures of its eponymous hero In this paradigm shifting analysis of the Genji and other mid Heian literature Doris G Bargen emphasizes the thematic importance of Japan's complex polygynous kinship system as the domain within which courtship occurs Heian courtship conducted mainly to form secondary marriages was driven by power struggles of succession among lineages that focused on achieving the highest position possible at court Thus interpreting courtship in light of genealogies is essential for comprehending the politics of interpersonal behavior in many of these texts Bargen focuses on the genealogical maze the literal and figurative space through which several generations of men and women in the Genji moved She demonstrates that courtship politics sought to control kinship by strengthening genealogical lines while secret affairs and illicit offspring produced genealogical uncertainty that could be dealt with only by reconnecting dissociated lineages or ignoring or even terminating them The work examines in detail the literary construction of a courtship practice known as kaimami or looking through a gap in the fence in pre Genji tales and diaries and Sei Shonagon's famous Pillow Book In Murasaki Shikibu's Genji courtship takes on multigenerational complexity and is often used as a political strategy to vindicate injustices counteract sexual transgressions or resist the pressure of imperial succession Bargen argues persuasively that a woman observed by a man was not wholly deprived of

agency She could choose how much to reveal or conceal as she peeked through shutters from behind partitions fans and kimono sleeves or through narrow carriage windows That mid Heian authors showed courtship in its innumerable forms as being influenced by the spatial considerations of the Heian capital and its environs and by the architectural details of the residences within which aristocratic women were sequestered adds a fascinating topographical dimension to courtship In Mapping Courtship and Kinship in Classical Japan readers both familiar with and new to The Tale of Genji and its predecessors will be introduced to a wholly new interpretive lens through which to view these classic texts In addition the book includes charts that trace Genji characters lineages maps and diagrams that plot the movements of courtiers as they make their way through the capital and beyond and color reproductions of paintings that capture the drama of courtship
