Ratification Of The Fourteenth Amendment:

No Easy Walk to Freedom James E. Bond,1997-05-28 The Southern ratification debate on the 14th Amendment was a part of the bitter decade long struggle to reconstruct and later redeem the South This book makes clear that amidst all the conflict and cacophony of the period the commands of the 14th Amendment were widely and uniformly understood The three great clauses of Section 1 of the 14th Amendment were intended both to guarantee everyone the fundamental rights of citizenship and personhood and to nationalize the protection of those rights within the federal structure ordained by the Constitution That means that the states were to retain primary responsibility for defining and protecting those rights subject only to the requirement that they treat all fairly and equally Rooted in the natural rights philosophy of the Declaration of Independence rather than in the text of the Bill of Rights the commands of the 14th Amendment were intended to protect liberty in an inseparable union of states This study lets the participants in these events speak for themselves in official reports in party platforms and campaign speeches in resolutions from meetings rallies and conventions in editorials and letters to the editor and in private diaries and personal correspondence Much of the documentary evidence in this book is being published for the first time

The Authentic Constitution Arthur E. Palumbo, 2009 In 2008 Alan Keyes a Republican presidential candidate in 1996 and 2000 described the relationship between the Declaration of Independence and the Constitution of the United States in the following way The doctrine of unalienable rights is to the Constitution what the laws of physics are to architecture or engineering Those laws are not repeated in every plan or architect's drawing but they are assumed and must be respected or the results will be defective and dangerous It is clear that the founding principles of the Declaration are intimately connected with the Constitution and it

The Fourteenth Amendment William E. Nelson, 2009-06-01 In a remarkably fresh and historically grounded reinterpretation of the American Constitution William Nelson argues that the fourteenth amendment was written to affirm the general public's long standing rhetorical commitment to the principles of equality and individual rights on the one hand and to the principle of local self rule on the other
