**Reading Plato, Tracing Plato** Stephen Gersh, 2005 Stephen Gersh engages here with the Platonic tradition in European thought from the 4th to the 14th century The essays discuss important figures in the history of Platonism such as Porphyry Proclus Boethius Eriugena Anselm of Canterbury and Thierry of Chartres and together serve to demonstrate the variety continuity and especially creativity of these writers *Studies on the Reception of Plato and Greek Political Thought in Victorian Britain* Kyriakos Demetriou, 2023-04-14 This collection of essays focuses on the reception of Plato and Greek political thought in the work of some major pre Victorian classical scholars and expands on a remarkable range of hotly debated issues on the interpretation of Greek antiquity The central figure in this volume is the radical philosopher utilitarian and Platonist George Grote whose works on the history of Greece and Plato moved away from traditional models of classical interpretation His works and their background are critically explored in light of his philosophical commitment and political radicalism Article IV brings to light a forgotten manuscript by Grote On the Character of Socrates produced in the 1820s Grote sought to counter the current literature on ancient Greece and its predominant motifs which is here examined in its own right along with an independent study on Bishop Connop Thirlwall s influential History of Greece The second half of this volume is devoted to analyzing important aspects of the revival of Platonic studies in the ideological and discursive context of early and middle Victorian times This collection of essays presents comprehensive and illuminating contextual analyses of nineteenth century works on classical reception providing simultaneously a rich bibliographic guide to further research

Struever, 2023-05-31 In the articles collected here Nancy Struever explores the basic assumption that rhetoric is not simply a bag of persuasive tricks but functions necessarily as a mode of inquiry investigating not simply the mechanics of production and reception of discourse but the psychological factors of reason and passion engaged by the assertion modification and contest of beliefs and dispositions of the civil communities The first section looks both at contemporary historians employing rhetorical constructs and tactics and at contemporary accounts of the employment of rhetorical pedagogical material and theoretical texts in medieval and Renaissance cultural practices The second set of articles considers change and continuity in the rhetorical exploitation s of genre forms in cultural programs focuses on the strong reorientation of Classical forms of moral inquiry on the ingenious use of the proverb of etymology of the exemplum as well as on the changes in strategies in the theater the novel and art criticism The final section deals with the strong historical interconnections of rhetoric with other disciplines the motives and investigative tactics of medicine and rhetoric in the

Renaissance and Early Modernity and the shared interests and interwoven careers of rhetoric and law      **Masters of Learned Ignorance: Eriugena, Eckhart, Cusanus** Donald F. Duclow, 2024-08-01 The medieval Christian West's most radical practitioners of a Neoplatonic negative theology with a mystical focus are John Scottus Eriugena Meister Eckhart and Nicholas Cusanus All three mastered what Cusanus described as *docta ignorantia* reflecting on their awareness that they could know neither God nor the human mind they worked out endlessly varied attempts to express what cannot be known Following Pseudo Dionysius the Areopagite they sought to name God with symbolic expressions whose negation leads into mystical theology For within their Neoplatonic dialectic negation moves beyond reason and its finite distinctions to intellect where opposites coincide and a vision of God's infinite unity becomes possible In these papers Duclow views these thinkers efforts through the lens of contemporary philosophical hermeneutics He highlights the interplay of creativity symbolic expression and language interpretation and silence as Eriugena Eckhart and Cusanus comment on the mind's work in naming God This work itself becomes mystical theology when negation opens into a silent awareness of God's presence from which the Word once again speaks within the mind and renews the process of creating and interpreting symbols Comparative studies with Gregory of Nyssa Pseudo Dionysius Anselm and Hadewijch suggest the book's wider implications for medieval philosophy and theology      Music and its Virtues in Islamic and Judaic Writings Amnon Shiloah, 2023-05-31 A fascinating aspect of the study of music in medieval Islamic and Judaic writings is the broad and interdisciplinary nature of the works and treatises in which it is covered In addition such works verbalize an art that was transmitted orally and took shape spontaneously typically with improvisation during performance As a result of this outlook the musical concept or science is often intertwined with practice or history This second collection by Amnon Shiloah brings together twenty two studies exemplifying such multi faceted viewpoints on the world of sounds and its virtue The first studies concern the origin and originators of music and to how its essential constituents came into being included here is the art of dance along with the controversial attitudes towards it Next comes the symbolic philosophical and metaphorical interpretation of music one of the major ideas epitomizing this approach claimed that the pursuit of knowledge is the path to human perfection and happiness There follow studies on the transmission of knowledge along with some annotated key works dealing with therapeutic effects The last articles focus on cultural traditions elaborated on European soil developing a particular style and musical practice centred on the Iberian Peninsula which was the scene of one of the most fascinating examples of cultural interchange      *Bibliografisch Repertorium Van de Wijsbegeerte* ) ,2005      Medioevo latino ,2008      **Bibliographie annuelle du Moyen Âge tardif** ,2006      **Revue d'études augustiniennes et patristiques** ,2006      **Plato and the Traditions of Ancient Literature** Richard Hunter, 2012-01-26 Exploring both how Plato engaged with existing literary forms and how later literature then created classics out of some of Plato's richest works this book includes chapters on such subjects as rewritings of the *Apology* and re imaginings of Socrates defence Plato's high style and the criticisms it attracted and how

Petronius and Apuleius threaded Plato into their wonderfully comic texts The scene for these case studies is set through a thorough examination of how the tradition constructed the relationship between Plato and Homer of how Plato adapted poetic forms of imagery to his philosophical project in the Republic of shared techniques of representation between poet and philosopher and of foreshadowings of later modes of criticism in his Ion This is a major contribution to Platonic studies to the history of Platonic reception from the fourth century BC to the third century AD and to the literature of the Second Sophistic

Szlezák, 2005-11-21 Reading Plato offers a concise and illuminating insight into the complexities and difficulties of the Platonic dialogues providing an invaluable text for any student of Plato's philosophy Taking as a starting point the critique of writing in the Phaedrus where Socrates argues that a book cannot choose its reader nor can it defend itself against misinterpretation Reading Plato offers solutions to the problems of interpreting the dialogues In this ground breaking book Thomas A Szlezak persuasively argues that the dialogues are designed to stimulate philosophical enquiry and to elevate philosophy to the realm of oral dialectic Plato and the Traditions of Ancient Literature Richard L. Hunter, 2012 Exploring both how Plato engaged with existing literary forms and how later literature then created classics out of some of Plato's richest works this book includes chapters on such subjects as rewritings of the Apology and re imaginings of Socrates defence Plato's rich style and the criticisms it attracted and how Petronius and Apuleius threaded Plato into their richly comic texts The scene for these case studies is set through a thorough examination of how the tradition constructed the relationship between Plato and Homer of how Plato adapted poetic forms of imagery to his philosophical project in the Republic to shared techniques of representation between poet and philosopher and to foreshadowings of later modes of criticism in Plato's Ion This is a major contribution to Platonic studies to the history of Platonic reception from the fourth century BC to the third century AD and to the literature of the Second Sophistic **Proclus: Commentary on Plato's Timaeus: Volume 5, Book 4** Proclus, 2013-10-03 Proclus commentary on Plato's dialogue Timaeus is arguably the most important commentary on a text of Plato offering unparalleled insights into eight centuries of Platonic interpretation It has had an enormous influence on subsequent Plato scholarship This edition offers the first new English translation of the work for nearly two centuries building on significant recent advances in scholarship on Neoplatonic commentators It provides an
