Reading The Bible For The First Time:

Reading the Bible Again For the First Time Marcus J. Borg, 2009-10-13 One of the vital challenges facing thoughtful people today is how to read the Bible faithfully without abandoning our sense of truth and history Reading the Bible Again for the First Time provides a much needed solution to the problem of how to have a fully authentic yet contemporary understanding of the scriptures Many mistakenly believe there are no choices other than fundamentalism or simply rejecting the Bible as something that can bring meaning to our lives Answering this modern dilemma acclaimed author Marcus Borg reveals how it is possible to reconcile the Bible with both a scientific and critical way of thinking and our deepest spiritual needs leading to a contemporary yet grounded experience of the sacred texts This seminal book shows you how to read the Bible as it should be examined in an approach the author calls historical metaphorical Borg explores what the Scriptures meant to the ancient communities that produced and lived by them He then helps us to discover the meaning of these stories providing the knowledge and perspective to make the wisdom of the Bible an essential part of our modern lives The author argues that the conventional way of seeing the Bible's origin authority and interpretation has become unpersuasive to millions of people in our time and that we need a fresh way of encountering the Bible that takes the texts seriously but not literally even as it takes seriously who we have become Borg traces his personal spiritual journey describing for readers how he moved from an unquestioning childhood belief in the biblical stories to a more powerful and dynamic relationship with the Bible as a sacred text brimming with meaning and guidance Using his own experience as an example he reveals how the modern crisis of faith is itself rooted in the misinterpretation of sacred texts as historical record and divine dictation and opens readers to a truer more abundant perspective This unique book invites everyone whatever one's religious background to engage the Bible wrestle with its meaning explore its mysteries and understand its relevance Borg shows us how to encounter the Bible in a fresh way that rejects the limits of simple literalism and opens up rich possibilities for our lives

Kort, 2010-11-01 This book deals with the role of the category of scripture within

adequate theories of textuality and culture Wesley Kort is interested in the practice of reading a text as though it were scripture Beginning with John Calvin s theory of reading Kort shows that the theory and practice of reading as detailed by Calvin are applied to other texts that begin to be read as scripture and eventually in the modern period replace the reading of the Bible as scripture These alternative texts are beginning in the sixteenth century nature then in the early eighteenth century history and at the beginning of the nineteenth century literature Kort argues that what we take as modernity is based on a practice of reading not in what it means to read but in what texts are read as scripture He argues that the postmodernist attempt not to read anything at all as scripture is an illusion that the theories of reading of Maurice Blanchot and Julia Kristeva expose In conclusion Kort raises the question of what it might mean today to again read the Bible as though it were scripture that is to read the Bible with practices indicated by Blanchot and Kristeva

Speak So I Shall Know Thee William J. Walsh,2012-02-29 A R Ammons was asked if he agreed that the United States has not produced a major poet in the last 30 years I agree The poetry in the country has become sort of a company affair where support for the arts has just about ruined the arts and the system of bureaucrats managing the funds being developed here and there is turning into trade unionism which may be the best way to write poetry but it is unfamiliar to me This comprehensive collection contains 31 interviews in which Southern writers talk about their craft the Southern literary scene and themselves Poets short story writers and novelists include firmly established writers side by side with emerging talent Lee Smith James Dickey Harry Crews Pat Conroy Doris Bett Pulitzer Prize winner Donald Justice and 25 others **Journal of the Senate of the General Assembly of the State of South Carolina** South Carolina. Senate,1910 Includes special sessions *Reading in the Presence of Christ: A Study of Dietrich Bonhoeffer's Bibliology and Exegesis* Joel Banman,2021-02-11 Bonhoeffer s writings include a significant amount of biblical interpretation but his potential contributions in the fields of biblical studies and theological

exegesis of Scripture have not been sufficiently explored This study reassesses some of his key exegetical writings in light of his theology of revelation and bibliology unfolding the ways in which his reading of the Bible is determined by his theology of Scripture Through this analysis Joel Banman demonstrates that the uniting factor of Bonhoeffer's biblical interpretation is not methodological but bibliological he reads Scripture as the living word of the present Christ The Art of Reading Scripture Ellen F. Davis, Richard B. Hays, 2003-10-02 The difficulty of interpreting the Bible is felt all over today Is the Bible still authoritative for the faith and practice of the church If so in what way What practices of reading offer the most appropriate approach to understanding Scripture The church's lack of clarity about these issues has hindered its witness and mission causing it to speak with an uncertain voice to the challenges of our time This important book is for a twenty first century church that seems to have lost the art of reading the Bible attentively and imaginatively The Art of Reading Scripture is written by a group of eminent scholars and teachers seeking to recover the church's rich heritage of biblical interpretation in a dramatically changed cultural environment Asking how best to read the Bible in a postmodern context the contributors together affirm up front Nine Theses that provide substantial guidance for the church The essays and sermons that follow both amplify and model the approach to Scripture outlined in the Nine Theses Lucidly conceived carefully written and shimmering with fresh insights The Art of Reading Scripture proposes a far reaching revolution in how the Bible is taught in theological seminaries and calls pastors and teachers in the church to rethink their practices of using the Bible Contributors Gary A Anderson Richard Bauckham Brian E Daley Ellen F Davis Richard B Hays James C Howell Robert W Jenson William Stacy Johnson L Gregory Jones Christine McSpadden R W L Moberly David C Steinmetz Marianne Meye Thompson
