Reading Well In College Practice For Improvement In The Content Areas:

Reading More, Reading Better Elfrieda H. Hiebert, 2009-05-05 Teaching students specific literacy skills is important but equally critical and often overlooked is giving them the time and opportunity to read actual texts Bringing together leading scholars this book focuses on how teachers can improve both the quality and quantity of reading experiences in K 12 classrooms Essential topics include factors that make reading tasks more or less productive for different types of learners ways to balance independent reading with whole class and small group instruction how to choose appropriate texts and the connections between reading engagement and proficiency The relevant research literature is reviewed and exemplary practices and programs are described

Instructional Leadership Efforts and Evidence-Based Practices to Improve Writing Instruction VanSlander, Jennifer, 2023-10-11 Writing is a critical skill for academic and professional success yet it is often neglected in schools According to achievement data only a quarter of students in the United States are proficient writers indicating a significant need for improvement in writing instruction One contributing factor to this problem is the lack of school and district leadership in writing instruction School improvement efforts are often concentrated on reading and math leaving writing instruction overlooked Additionally issues related to writer identities self efficacy in writing and educator training can also impact the effectiveness of instructional leadership in this critical subject Instructional Leadership Efforts and Evidence Based Practices to Improve Writing Instruction edited by Jennifer VanSlander of Columbus State University provides within this peer reviewed book an exploration of evidence based practices aimed at developing instructional leaders and enhancing student achievement in writing It covers a broad range of topics related to writing instruction including learning theories conceptual models and the latest empirical research associated with the supervision organization implementation and monitoring of writing programs and instructional approaches With its emphasis on writer identities self efficacy equitable and inclusive practices curriculum planning and implementation assessment instructional frameworks and managing instructional change this book provides educators with a comprehensive guide to improving writing instruction It is an essential resource for educators who seek to increase the effectiveness of instructional leadership and writing instruction at the classroom school or district level
