## Reading In Politics:

**Reading Politics with Machiavelli** Ronald J. Schmidt, Jr, 2018-06-01 Political theorist Wendy Brown has argued recently that contemporary neoliberalism with its relentless obsession on the economy has all but undone the tenets of democracy. The focus on maximizing credit scores and capital has over time promoted a politics that operates beyond and below the institutional and electoral world eroding not just the desire for democratic action but even our ability to imagine it. In light of recent politics it seems we may have reached the apotheosis of this depressing vision. This book is meant to suggest one way of thinking past and out of the current moment and it does so by looking to a perhaps unlikely figure Niccolò Machiavelli. The book presents Machiavelli as an anachronistic thinker, a thinker who deprived of his political community and public identity during his exile from Florence originated a new approach to democratic theory and practice. In particular he immersed himself in the writings of ancient thinkers and looked to them as models for understanding contemporary problems of corruption, conspiracy and torture. This book's main contribution is a methodological one; it argues that the power in Machiavelli's work derived from this sort of anachronistic reading which went against the grain of Renaissance thought. In turn it shows that if we imitate Machiavelli's interpretive method in reading *The Prince* and Discourses of Livy we can find in them solutions to the neoliberal problems Brown warns about.

*Women, Reading, and the Cultural Politics of Early Modern England* Edith Snook, 2017-07-05 A study of the representation of reading in early modern Englishwomen's writing, this book exists at the intersection of textual criticism and cultural history. It looks at depictions of reading in devotional works, maternal advice books, poetry, fiction and manuscripts for evidence of ways in which women conceived of reading in sixteenth and early seventeenth century England. Among the texts considered are Katherine Parr's *Lamentation of a Sinner*, Anne Askew's *The Examinations*, Dorothy Leigh's *The Mothers Blessing*, Elizabeth Grymston's *Miscelanea*, *Meditations Memoratives*, Anne Cornwallis's commonplace book *Folger MS V a 89*, Aemelia Lanyer's *Salve Deus Rex Judaeorum*, *The Death and Passion of Our Lord Jesus Christ* (Bodleian MS Don e 17) and Mary Wroth's *The First Part of The Countess of Montgomery's Urania*.

[Eric Voegelin's Political Readings](#) Bernat Torres, Josep Monserrat Molas, 2021-07-22 Eric Voegelin's *Political Readings* fills a critical void by providing an original approach to studying the work of Eric Voegelin, one of the major political philosophers of the twenty-first century. Across six chapters, experts guide the reader from classical to modern times, presenting six political philosophers who have had an impact on the life and philosophical production of Eric Voegelin. Philosophers examined include Plato, Aristotle, Saint Augustine, Hobbes, Weber and Kelsen. Through this innovative structure, the chapters collectively illustrate how Voegelin was an exceptional thinker through his engagement with political philosophers both modern and antique. The plurality of unique academic perspectives and voices enriches our understanding of Voegelin's own thought while also encouraging a re-think of ancient and modern thinkers and the transformation and continuity between these. Designed for students and scholars alike, *Eric Voegelin's Political Readings* will appeal to all those

with an interest in Voegelin as well as readers familiar with classical and modern political philosophers      *Reading Postcolonial Literature* Hayley G. Toth, 2025-03-10 An Open Access edition is available thanks to the kind sponsorship of the libraries participating in the Jisc Open Access Community Framework OpenUP initiative Debates about reading in postcolonial studies rarely discuss non professional readers except to secure the authority of professional reading practices In *Reading Postcolonial Literature* Hayley G Toth places non professional reading practices in dialogue with received academic wisdom to debunk common sense assumptions about non professional readers as Western or neocolonial consumers Drawing on reading practices recorded in academic books journal articles and on online book reviewing platforms like Amazon and Goodreads Toth draws attention to important continuities between professional and non professional practices of reading postcolonial literature At the same time she highlights that non professionals often have little desire to emulate the practices of professional postcolonial critics Precisely by not adopting the established protocols and methods of postcolonial studies non professional readers call attention to the limits of dominant approaches to reading in the discipline Across four chapters Toth examines the relationship between reading and identity during the Rushdie affair the difference between reading and address the challenges posed by difficult texts and the legitimacy of non understanding and the reception of popular texts primarily read by non professional audiences *Reading Postcolonial Literature* demonstrates that reception matters in any claims we make about the value of reading postcolonial literature and offers new ways forward for the practice study and teaching of reading in the discipline      **Interlingual Readings of Political Discourse** ,2024-02-06

Web 2.0 and the Political Mobilization of College Students Kenneth W. Moffett, Laurie L. Rice, 2016-09-14 Web 2.0 and the Political Mobilization of College Students investigates how college students online activities when politically oriented can affect their political participatory patterns offline Kenneth W. Moffett and Laurie L. Rice find that online forms of political participation like friending or following candidates and groups as well as blogging or tweeting about politics draw in a broader swathe of young adults than might ordinarily participate Political scientists have traditionally determined that participatory patterns among the general public hold less sway in shaping civic activity among college students This book however recognizes that young adults political participation requires looking at their online activities and the ways in which these help mobilize young adults to participate via other forms Moffett and Rice discover that engaging in one online participatory form usually begets other forms of civic activity either online or offline

Hegel and the Metaphysical Frontiers of Political Theory Eric Lee Goodfield, 2014-06-27 For over one hundred and fifty years G. W. F. Hegel's ghost has haunted theoretical understanding and practice His opponents first and later his defenders have equally defined their programs against and with his In this way Hegel's political thought has both situated and displaced modern political theorizing This book takes the reception of Hegel's political thought as a lens through which contemporary methodological and ideological prerogatives are exposed It traces the nineteenth century origins of the positivist revolt against Hegel's legacy forward to political science's turn away from philosophical tradition in the twentieth century The book critically reviews the subsequent revisionist trend that has eliminated his metaphysics from contemporary considerations of his political thought It then moves to re-evaluate their relation and defend their inseparability in his major work on politics the *Philosophy of Right* Against this background the book concludes with an argument for the inherent metaphysical dimension of political theorizing itself Goodfield takes Hegel's reception representation as well as rejection in Anglo-American scholarship as a mirror in which its metaphysical presuppositions of the political are exceptionally well reflected It is through such reflection he argues that we may begin to come to terms with them This book will be of great interest to students scholars and readers of political theory and philosophy Hegel metaphysics and the philosophy of the social sciences

**Shakespeare's Reading Audiences** Cyndia Susan Clegg, 2017-06-26 This study grows out of the intersection of two
