

Description

Use the Readings in American Government Supplement, the library and the internet to review information about the founding of the State of Michigan and the writing of our Constitution. Read through the Michigan Constitution reviewing the various articles and the value that each one holds. Respond to the following questions. Make sure to cite all of your sources.

- 1. What need arose or reason given for the constitutional conventions each time the constitution was reissued?**
- 2. What is the first article and why is it given such a prominent position in the document? Who is given the power according to Article II.**
- 3. Explain the difference between the state senate office and federal office senate. Explain the difference between the state house member and federal House of Representatives. (Address requirements to hold office, term limits if any, address different types of responsibilities, address different types of policy they might vote on)**

Readings In American Government The State Of The Union

Beth Henschen, Edward Sidlow

Readings In American Government The State Of The Union:

Readings in American Government David C. Saffell, 1991 This introductory book of readings exhibits how the American government works while giving students a means of assessing the state of the union at the start of the last decade in the 20th century

Politics on a Human Scale Jeff Taylor, 2013-09-27 Featuring a foreword by Congressman Glen Browder *Politics on a Human Scale* examines political decentralization in the United States from the founding of the republic to the present Part of the desirable equilibrium is a sense of proportionality Some sizes some amounts some levels are more appropriate than others Decentralism is the best political tool to ensure equilibrium to promote proportionality and to obtain appropriate scale Power distribution should be as wide as possible Government functions should be as close to the people as practicable In this way individual human beings are not swallowed by a monstrous Leviathan Persons are not at the mercy of an impersonal bureaucracy led by the far away few Decentralism gives us politics on a human scale It gives us more democracy within the framework of a republic The longest chapters in the book deal with crucial turning points in U S history specifically when decentralists lost the upper hand in the two major political parties Decentralism in our nation runs deep both intellectually and historically It also has considerable popular support Yet today it is a virtual political orphan In Washington neither major political party is serious about dispersing power to lower levels of government or to the people themselves Still there are dissident politicians and political movements that remain committed to the decentralist principle Power needs to be held in check partly through decentralization because power holds a great and dangerous attraction for humans Recognition of this human tendency is the first step in guarding against it and getting back on a better path
