Self-Preservation at the Centre of Personality Ralf-Peter Behrendt, 2020-10-06 The book discusses personality as a unified set of evolved and culturally developed structures that serves a single and definable purpose to maintain the individual's safety in the context of dyadic relationships group processes and more abstract and fluid social configurations The infant mother relationship remains the blueprint for modes of relating to the social surround at whatever level of complexity and for approximating the sense of safety originally provided by the mother The personality is organized around the need to maintain self esteem thereby preserving the individual's sense of safety and warding off deep seated paranoid anxiety which signals the potential of annihilation of the self Paranoid anxiety is the counterpart of intraspecific aggression and the potential of the group as a whole to attack and annihilate the individual Paranoid anxiety which was recognized by Melanie Klein as playing a critical role in infant development is not overcome as development proceeds but remains latent buried under layers of personality organization that are essentially concerned with sourcing recognition and approval from the social environment thereby inhibiting others aggression and guarding against annihilation of the self The book adds to self psychology Kohut by showing how the principle of self preservation underpins all aspects of normal and abnormal character dynamics It integrates self psychology with other

branches psychoanalytic theory and revives the link between psychoanalysis and ethology Ethology Lorenz Hass Eibl Eibesfeldt has provided insights into how interrelated intraspecific aggression and appeasement gestures are critically important for the evolution of social behavior in higher animals as well as for cultural evolution in humans insights that allow more generally for a bridging of the gap between psychoanalysis and the biology of social behavior Furthermore an evolutionary approach to character dynamics and related social phenomena will have important implications for understanding psychopathological vulnerabilities and self-perpetuating processes in mental illness

American Literary Criticism Since the 1930s Vincent B. Leitch, 2009-09-10 American Literary Criticism Since the 1930s fully updates Vincent B. Readings for a History of Anthropological Theory, Fifth Edition Liam D. Murphy, 2017-01-01 The fifth edition of this bestselling reader builds a strong foundation in both classical and contemporary theory with a sharpened focus on gender and anthropology and the anthropology of new media and technology Short introductions and key terms accompany every reading and light annotations have been added to aid students in reading original articles Used on its own or together with A History of Anthropological Theory Fifth Edition this anthology offers a flexible and unrivalled introduction to anthropological theory that reflects not only the history but also the changing nature of the discipline today

Faulkner and the Politics of Reading Karl F. Zender, 2023-10-18 With this study Karl F. Zender offers fresh readings of individual novels themes and motifs while also assessing the impact of recent politicized interpretations on our understanding of Faulkner's achievement Sympathetically acknowledging the need to decenter the canon Zender's searching interrogation of current theory clears a breathing space for Faulkner and his readers between the fustier remnants of New Criticism and the excesses of post-structuralism Each chapter opens with a balanced presentation of the genuine gifts contemporary theory has bestowed on our comprehension of a particular novel or problem in Faulkner criticism and then proceeds with a groundbreaking reading The Politics of Incest challenges older psychoanalytic interpretations of Faulkner's use of the incest motif and Faulkner's Privacy defends the novelist's difficulty or reticence as an aesthetic resistance against the rude candor of dereligionized and depersonalized culture Subsequent chapters take up the volatile issues of Faulkner's representations of women and of African Americans and a close reading of the classic Barn

Burning critiques the current tendency to blur the concepts of patriarchy and paternity The elegiac final chapter Where is Yoknapatawpha County draws on a comparison with John Updike s Pennsylvania fiction and a reading of Joan Williams s The Wintering to explore Faulkner s disinclination to represent the quotidian realities of southern life in his later novels Zender shows that Faulkner s stylistic withdrawal attempts to transform into beauty his alienation from the postwar world and his fear of aging That Faulkner and the Politics of Reading itself recovers and gives new luster to Faulkner s beauty will surely please in the author s words those readers for whom literature is less a mechanism of social change than a source of pleasure The originality of its critical vision will inspire Faulkner scholars students of American literature and general readers

Object Relations, The Self and the Group Charles Ashbach,Victor L. Schermer,2005-08-18 Presents a framework for integrating group psychology with psychoanalytic theories of object relations ego and self Key constructs defined discussed and illustrated with practical examples *Beneath the Mask* Robert N. Sollod,Christopher F. Monte,2008-01-22 Beneath the Mask presents classic theories of human nature much as each theorist might if the theorist were to teach his or her ideas to people encountering them for the first time Through a theorist by theorist approach this Eighth Edition continues to explore the ideas of personality theorists developmentally incorporating the personal origins of ideas to illuminate links between the psychology of each theorist and that theorist s own psychology of persons Beneath the Mask presents the sequence of thinking for more than 20 theorists and demonstrates how the thinking that led to major theories is nested in the life experience of the theorists within the context of the surrounding culture The authors emphasize each theorist s life history as the basis for the ideas that constitute his or her theories making them easier to understand as pictures of human nature John P Wilson has revised the text in a manner that preserves and improves upon the best features of the late Robert N Sollod and Christopher Monte s work
