Readings In Sociology 1997 1998 Edition:

Readings in Sociology 1997-1998 Edition Pearson Custom Publishing, 1997 The Catholic Ethic and Global Capitalism Bryan Fields, 2017-11-22 This title was first published in 2003 Fields traces the origins of recent economic growth in Ireland over a long period of development In doing so he opens up an old debate with new data interpretations and evidence that will force many to question existing truths about the role of religion in economic growth The work is founded on an innovative methodology and unique primary and secondary resource material that has never been used in a study of this kind This is timely as the area has a growing international market and addresses some recently ignored themes in the Social Sciences in particular religion Whilst concerned with global issues this text also focuses on one country which economists and sociologists as well as those in other Social Sciences areas will find of great interest Sociological Abstracts Leo P. Chall, 2001 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books book chapters dissertations and conference papers

American Book Publishing Record Cumulative 1998 R R Bowker Publishing, 1999-03 **Religion Online** Lorne L. Dawson, Douglas E. Cowan, 2013-05-13 Religion Online provides an accessible and comprehensive introduction to this burgeoning new religious reality from cyberpilgrimages to neo pagan chatroom communities A substantial introduction by the editors presenting the main themes and issues is followed by sixteen chapters addressing core issues of concern such as youth religion and the internet new religious movements and recruitment propaganda and the countercult and religious tradition and innovation Sex Crime and the Media Chris Greer, 2012-12-06 Sex crime has become one of the most intense areas of public and political concern in recent decades This book explores the complex influences that shape its construction in the press Media representations give important clues as to how we should perceive the nature and extent of sex crime how we should think and feel about it how we should respond to it and the measures that might be taken to reduce risk Understanding the media construction of sex crime is central to understanding its meaning and place in our everyday lives Unlike much of the existing research this book explores the construction of sex crime at every stage of the news production process It then locates the findings within a wider context of cultural economic and political change in late modernity The book shows how increased market competition and tabloidisation has altered fundamentally the way in which news is produced communicated and consumed discusses representations of the full range of sex crimes from consensual homosexual offences and prostitution to serial rape and sex murder draws upon extensive empirical research in Northern Ireland while addressing issues relevant to advance capitalist societies across the globe How Prophecy Lives Diana Tumminia, William H. Swatos, 2011-09-20 Taking its inspiration from the 50th anniversary of the publication of Festinger et al s 1956 seminal and controversial volume *When Prophecy Fails* which introduced the notion of cognitive dissonance as an

explanation for how a small group of flying saucer devotees handled the failure of a predicted visit from space aliens this volume looks at both theoretical and empirical studies of religious groups for whom space beings and civilizations provided an inspiration to prepare for the nearness of events that would trigger the end of the world Rather than examining merely the rationales adopted to account for the disappointments associated with such failures the core of the present volume seeks to explore the dynamics that inspire not only such beliefs but also the vigorous participation in activities in which adherents engage to prepare for the coming of or transport to alien civilizations from outer space Contributors include Lorne L Dawson Arthur L Greil Ralph W Hood Jr Benton Johnson Salvador J Murguia Jon R Stone Bradley Whitsel and Stuart A Wright

The SAGE Handbook of Sociolinguistics Ruth Wodak, Barbara Johnstone, Paul E Kerswill, 2011 This Handbook answers a long standing need for an up to date comprehensive international in depth critical survey of the history trajectory data results and key figures involved in sociolinguistics The result is a work of unprecedented coverage and insight It is all here from the foundational contributions to the field to the impact of new media new technologies of communication globalization trans border fluidities and agendas of research *The Publishers Weekly*, 1899 *Environmental Invasion and Social Response* Douglas M. Fraiser, 2019-01-01 As governments corporations and settlers race to take the world's forests for their own what happens to the indigenous peoples who live there Are they at the mercy of overwhelming forces destined to lose livelihood identity and respect as they are dispossessed and assimilated This account of the Dulangan Manobo an indigenous people of the Philippines whose rainforest homeland is being appropriated by loggers and settlers from the country's dominant society explores how one embattled society is changing its social organization to withstand outside forces *Environmental Invasion and Social Response* examines the evolution of coordinated action among the Manobo from its roots in religious response through the development of numerous civil organizations to its culmination in the emergence of indigenous land rights organizations Despite government favoritism toward loggers and settlers longstanding enemies of natural forests the Manobo have continued to develop new social structures for cooperation in pursuit of rights to their ancestral homeland The success of their efforts will play a large part in determining the forest's future destruction at the hand of outsiders or effective and sustainable management by those who have always lived there *Revisiting Suicide* Kanchan Bharati, Lancy Lobo, Jayesh Shah, 2020-11-19 This book provides a socio psychological enquiry of the phenomenon of suicide in the Indian context It addresses the rising trend of suicides across the world and through case studies explores its primary reasons the after effects on survivors and families and measures to prevent them The volume focuses on deciphering the social and psychological meanings associated with suicide Through an examination of psycho social autopsies of numerous cases it highlights the patterns and trends which emerge around mental well being suicide and bereavement It examines the primary roadblocks for robust suicide prevention measures and provides great insights into behavioral and personality categories and their relationship with suicide Offering theoretical and empirical perspectives on the issue of

suicide and self harm this book will be of interest to students researchers and faculty of behavioral sciences psychology social anthropology demography criminology social work and sociology It will also be an essential read for psychologists and counselors policy makers NGOs CSOs legal experts and media personnel working in the area of suicide prevention and research

The Legacy of Supranationalism P. Close,2000-08-22 The doctrine of supranationalism has been most evident in Europe but has become increasingly a global tour de force Supranationalism is the ideological driving force behind the process of European integration and so the European Union the first supranational regional regime SRR But the same doctrine has bequeathed other gifts to the world and to posterity The EU is evolving as a prominent global player and as a result appears to have become an inspiration and model for the proliferation of other SRRs and proto SRRs However as SRRs acquire greater power relative to traditional global players such as nation states a further state of development has ensued entailing the creation of supranational global regimes SGRs signalled by the progress of the United Nations and the World Trade Organisation

Transforming Economics Paul Lewis,2004-08-02 Economics has become polarised On the one hand there is a body of economists who concern themselves with progressing their discipline via an increasing use of mathematical modelling On the other hand there are economists who believe passionately that in order for economics to be useful it needs to take account of its history its impact on society and its real world applications The contributors to this book fix their scholarly glare on the heterodox section of economics and in particular upon critical realist approaches to the subject Experts from a variety of perspectives have come together in these pages to examine the impact and usefulness of critical realism in relation to the different spheres within economics Notable for its contributions from such distinguished figures as Clive Granger Edward J Nell and Peter J Boettke this book deserves to find a ready audience across the economics spectrum

Professional Journal of the United States Army ,1999 Readings and Cases in International Management David

C. Thomas, 2003-06-11 Rapid changes in management worldwide have clearly challenged the ability of academics to make courses in international management relevant. One of the best ways to enrich courses is to supplement textbook material with recent articles and case studies. *Readings and Cases in International Management: A Cross Cultural Perspective* is a compilation of contemporary readings and case studies that focus on managing global organizations. Intended as a companion to editor David C. Thomas' *Essentials of International Management: A Cross Cultural Perspective* (SAGE, 2001), great care has been taken to select readings that do not duplicate but supplement material typically contained in texts on this topic. The readings and cases in this book are organized around three major themes: the basis for understanding the influence of culture on international management; the key roles that international managers play and the important challenges that these managers face. Designed to represent a broad geographic scope, this integrative volume includes: An explanation of how culture influences individual managers; Methods to systematically describe cultural differences; Fundamental principles that influence cross cultural interactions; An examination of managers as communicators, negotiators, change agents, and organization builders; Procedures for designing effective organizational structures. *Readings and Cases in International Management: A Cross Cultural Perspective* presents ways to maximize the positive effects of cultural diversity while minimizing the negative consequences. An index of key terms, teaching notes, and a quick reference guide are provided to facilitate learning. In a separate instructor's manual. Developed as a supplement for advanced international management texts, this is also an excellent primary text for courses in organizational behavior, management, and international business.
