Sharing the Journey Robert Wuthnow, 1996-07-01 A look at how support groups have affected American society argues that although support groups provide a warmth and security that holds society together they can lead to an unhealthy self absorption and a trivialized sense of what is sacred.

Identity, Social Class and Learning in the 'Bottom' Reading Group Jess Anderson, 2025-02-28 The common practice of ability grouped reading in UK schools often termed guided reading influences children's sense of identity, feelings and progress as readers. Drawing on a rich ethnographic study of three primary classrooms this book reopens a critical inquiry into ability grouped reading that has been quiet since the 1990s when guided reading in literacy education became established practice in the UK and the US. Through the lens of children's agency in accommodating, resisting and at times transforming such reading pedagogy the book shows how readers are shaped by ability grouped reading and by the more egalitarian reading pedagogies introduced in the study. Children's individual and collective experiences are brought to life through extended narratives that attend as closely to gesture, posture, visage, silences and prosody of speech as to spoken words. The book ends with a provocation: how literacy pedagogy might change if reflexive noticing and dismantling of hierarchies become the compass of pedagogical change. This

demands attention to structural inequalities around race gender and class and a turn towards deep listening to children As well as being a valuable read for scholars of the sociology of childhood and education it should appeal to anyone concerned with making education more equitable including teachers school leaders parents carers and policymakers **Inside Reading Second Edition: Student Book Level 2** Arline Burgmeier,2020-02-07 Inside Reading Second Edition is a five level academic reading series that develops students reading skills and teaches key academic vocabulary from the Academic Word List *Catalog of Copyright Entries. Perrin,2016-10-04 Young evangelicals in Britain often find themselves at odds with an increasingly secular society and yet the tradition persists and in some places flourishes Sociological studies into the faith of this demographic group are rare yet there is much to be explored as to how their faith functions and how it compares to other groups globally Similarly given the privilege evangelicals afford the biblical text how young believers engage with the ancient Scriptures they understand to be the word of God is particularly significant This work addresses that core question How do young evangelicals make sense of the Bible today Based on qualitative data gathered from three diverse evangelical churches it compares the reading priorities ordinary hermeneutics and theological concerns of young adults Presenting age related focus groups with challenging biblical narratives the study compares strategies for negotiating the texts based on age gender and churchmanship It provides a unique insight into the realities of Bible reading and the faith of Generation Y and gives food for thought not only to those with scholarly interests but also those with a pastoral concern to shape and sustain the Christian faith of young adults in Britain and beyond Library of Congress Subject Headings Library of Congress. Subject Cataloging Division,1980 Gospel Media Nicholas A. Elder,2024-01-04 Contextualizing the gospels in ancient Greco Roman media practices New Testament scholars have often relied on outdated assumptions for understanding the composition and circulation of the gospels This scholarship has spread myths or misconceptions about how the ancients read wrote and published texts Nicholas Elder updates our knowledge of the gospels media contexts in this myth busting academic study Carefully combing through Greco Roman primary sources he exposes what we take for granted about ancient reading cultures and offers new and better ways to understand the gospels These myths include claims that ancients never read silently and that the canonical gospels were all the same type of text Elder then sheds light on how early Christian communities used the gospels in diverse ways Scholars of the gospels and classics alike will find Gospel Media an essential companion in understanding ancient media cultures American Book Publishing Record ,1979
