Sensual Excess Amber Jamilla Musser,2018-11-06 Reimagines black and brown sensuality to develop new modes of knowledge production In *Sensual Excess* Amber Jamilla Musser imagines epistemologies of sensuality that emerge from fleshiness To do so she works against the framing of black and brown bodies as sexualized objectified and abject and offers multiple ways of thinking with and through sensation and aesthetics Each chapter draws our attention to particular aspects of pornotropic capture that black and brown bodies must always negotiate Though these technologies differ according to the nature of their encounters with white supremacy together they add to our understanding of the ways that structures of domination produce violence and work to contain bodies and pleasures within certain legible parameters To do so *Sensual Excess* analyzes moments of brown jouissance that exceed these constraints These ruptures illuminate multiple epistemologies of selfhood and sensuality that offer frameworks for minoritarian knowledge production which is designed to enable one to sit with uncertainty Through

examinations of installations and performances like Judy Chicago's *The Dinner Party* Kara Walker's *A Subtlety* Patty Chang's *In Love* and Nao Bustamante's *Neapolitan Musser* unpacks the relationships between racialized sexuality and consumption to interrogate foundational concepts in psychoanalytic theory critical race studies feminism and queer theory In so doing *Sensual Excess* offers a project of knowledge production focused not on mastery but on sensing and imagining otherwise whatever and wherever that might be

Honor Bound Amy McGrath, Chris Peterson, 2021-08-03 The inspiring story of the first female Marine to fly a combat mission in an F/A-18 and the transformative events that led to her bold decision to take on the most powerful man in the U.S. Senate Amy McGrath grew up in Edgewood, Kentucky, a childhood shaped by love of country, baseball, the Cincinnati Reds, and from the age of twelve, a fascination with fighter jets. Her devastation at learning that a federal law prohibited women from flying in combat fueled her determination to do just that, and then to help change the laws to improve the lives of all Americans. McGrath writes of gaining an appointment in high school to the U.S. Naval Academy, making it through Marine Corps training, graduating from Annapolis, Maryland, becoming a Second Lieutenant, and raising her right hand to swear to defend the U.S. Constitution, honor bound. She vividly recounts her experiences flying in the Marines and her combat deployments to Iraq, Kuwait, and Afghanistan; her work as an Air Combat Tactics instructor; and what it was like to finally fly that fighter jet, high speed, intense, and physically demanding. Here is McGrath training to do the most intense tactical flying there is, think the Navy's TOPGUN, meeting the man who would become her husband, being promoted to major and then lieutenant colonel, marrying, having three children, a career and life in Washington, and then moving her family back to Kentucky to begin a whole new chapter in politics, her roller coaster congressional campaign, she lost by three percentage points, and making the tough decision to run again in an even bigger, higher stakes national campaign against the five-term leader of the U.S. Senate, Mitch McConnell. A moving, inspiring American story of courage, determination, and large dreams.

Amazon to Zami M. Reinfelder, 1996 *Amazon to Zami* explores the existence of a global network of lesbian feminist activists in Latin America, Africa, Asia, and the Pacific. The contributors challenge the assumption that lesbianism is a political phenomenon exclusive to the white, decadent West. They explore the history, myths, and oppression of lesbians in their respective countries and place lesbian concerns in the context of the pressing political issues of their regions. Lesbian involvement in the abolition of apartheid in South Africa and the implication of race and class for lesbian politics, the relationship between lesbians and development in India, the influence of fundamentalist Catholicism on the lives of lesbians in the Philippines, and the history of the Latin American and Caribbean Lesbian Movement are some of the themes of this anthology.

Slayer of Nephilim Daniel L. Moots, 2024-06-13 The biblical book of Genesis speaks of sons of God taking the daughters of men, who then bore children to them. The males from those unions became mighty men, men of renown, the Nephilim, or giants of the Old Testament. In what is now modern southern Iraq, in 1100 B.C., kingdoms could recruit Nephilim to act as champions of their armies. A trained and gifted warrior was required to kill a giant. This is the story of an exceptional

young man who becomes a slayer of Nephilim *Young Mandela* David James Smith, 2025-05-01 Nelson Mandela is well known throughout the world as a heroic leader who symbolizes freedom and moral authority He is fixed in the public mind as the world's elder statesman the gray haired man with a kindly smile who spent 27 years in prison before becoming the first black president in South Africa But Nelson Mandela was not always elderly or benign And in *Young Mandela* award winning journalist and author David James Smith takes us deep into the heart of racist South Africa to paint a portrait of the Mandela that many have forgotten the committed revolutionary who left his family behind to live on the run adopting false names and disguises and organizing the first strikes to overthrow the apartheid state *Young Mandela* lifts the curtain on an icon's first steps to greatness *Survival Is a Promise* Alexis Pauline Gumbs, 2024-08-20 A Time Must Read Book of the Year Winner of the Judy Grahn Award for Lesbian Nonfiction A Publishers Weekly Top Ten Book of the Year Shortlisted for the 2025 Brooklyn Public Library Book Prize A bold innovative biography that offers a new understanding of the life work and enduring impact of Audre Lorde We remember Audre Lorde as an iconic writer a quotable teacher whose words and face grace T-shirts nonprofit annual reports and campus diversity center walls But even those who are inspired by Lorde's teachings on the creative power of difference may be missing something fundamental about her life and work and what they can mean for us today Lorde's understanding of survival was not simply about getting through to the other side of oppression or being resilient in the face of cancer It was about the total stakes of what it means to be in relationship with a planet in transformation Possibly the focus on Lorde's quotable essays to the neglect of her complex poems has led us to ignore her deep engagement with the natural world the planetary dynamics of geology meteorology and biology For her ecological images are not simply metaphors but rather literal guides to how to be of earth on earth and how to survive to live the ethics that a Black feminist lesbian warrior poetics demands In *Survival Is a Promise* Alexis Pauline Gumbs the first researcher to explore the full depths of Lorde's manuscript archives illuminates the eternal life of Lorde Her life and work become more than a sound bite they become a cosmic force teaching us the grand contingency of life together on earth **Strange True Stories of Louisiana** George Cable, 1994-05-30 At the turn of the century people outside of New Orleans viewed the city through the eyes of journalist and author George Washington Cable His writings portrayed a tropical European city nestled on the banks of an American river still teeming with the literary artistic and social developments of a late Renaissance In his own romance with Louisiana Cable came upon many stories written by its denizens While Cable assisted some authors in finding places to publish their works there were many stories he kept for himself Much of this collection can now be found in *Strange True Stories of Louisiana* They are mine by right of discovery writes Cable From various necessities of the case I am sometimes the story teller and sometimes in the reader's interest have to abridge but I add no fact and trim naught of value away Here are no unconfessed restorations not one In time place circumstance in every essential feature I give them as I got them strange stories that truly happened all partly some wholly in Louisiana *Strange True Stories of Louisiana* is Cable's

compilation of seven unusual factual accounts of life and history in the area They include tales of two French sisters who made the dangerous trek to the unsettled lands of North Louisiana at the beginning of the nineteenth century Focusing on New Orleans Cable adds the story of The Haunted House in Royal Street which spurs the imaginations of ghost hunters more than a century after its original writing There is also a diary account in its first published form of a Union woman trapped behind the battle lines during the Civil War
