Riding The Tiger The Middle East Challenge After The Cold War:

Riding The Tiger Phebe Marr, William Lewis, 2019-06-21 This book is the outgrowth of a collaborative effort by a small group of national security analysts associated with the Institute for National Strategic Studies of the National Defense University government officials responsible for pondering defense and foreign policy issues and academics with long experience in Middle Eastern affairs In the past several years these scholars policy analysts and military planners have been focusing on the impact on U S goals and interests in the Middle East of three seminal events the ending of the cold war the collapse of the Soviet Union and the invasion of Kuwait by Saddam Husayn and the subsequent Gulf War The authors individual studies have been nourished by frequent intellectual exchanges with one another and by their participation in numerous academic meetings designed to explore the future of U S relations with the Middle East Military Intelligence Professional Bulletin ,1993 **Military Intelligence** ,1993 **Parameters** ,1994 *The Middle East in International Relations* Fred Halliday, 2005-01-24 The international relations of the Middle East have long been dominated by uncertainty and conflict External intervention interstate war political upheaval and interethnic violence are compounded by the vagaries of oil prices and the claims of military nationalist and religious movements The purpose of this book is to set this region and its conflicts in context providing on the one hand a historical introduction to its character and problems and on the other a reasoned analysis of its politics In an engagement with both the study of the Middle East and the theoretical analysis of international relations the author who is one of the best known and most authoritative scholars writing on the region today offers a compelling and original interpretation Written in a clear accessible and interactive style the book is designed for students policymakers and the general reader *Scripting Middle East Leaders* Sir Lawrence Freedman, Jeffrey Michaels, 2012-12-20 Both the US and the UK seemed caught off guard by the uprisings in Libya and Egypt and policymakers had to deal with leaders that switched from being allies to pariahs This collection of essays written by leading scholars examines the evolution of British and American perceptions of adversaries in the Middle East since the Cold War It traces the evolution of how leaders have been perceived what determined such perceptions and how they can change over time It shows that in many cases the beliefs held by policymakers have influenced their policies and the way they adapted during crisis Each essay focuses on a Middle East leader such as Nasser Assad Hussein or Ahmadinejad discussing what these leaders objectives were perceived to be the assessments of their willingness to take risks or negotiate and how such assessments changed overtime and were evaluated in retrospect This groundbreaking contribution to the literature on leadership attitudes and perceptions in policymaking toward the Middle East will appeal to anyone studying foreign policy Middle East politics and political psychology *Change and Continuity in the Middle East* M.E. Ahrari, 2016-07-27 How will the growing Islamic resurgence affect the political stability of the Middle East What are the prospects for democracy in the area How will the continued Iranian Saudi and Israeli Syrian rivalries affect political stability in that area What are the prospects for the

deceleration of the arms race Are the Kurds likely to enjoy continued autonomy in Iraq These questions are answered in this study

After Khomeini Anoushiravan Ehteshami, 2002-03-11 For Iran the years since Ayatollah Khomeini's death have been dominated by the need for political consolidation and economic reconstruction The book assesses the critical dilemmas of the regime both previous to and since the demise of its first spiritual leader The vital issues of political succession and constitutional reform are addressed contributing to an analysis of the structures and politics of power How these have reflected upon economic policy is considered with close attention being given to the reform policies of Rafsanjani Foreign policy and security issues are discussed in both regional and global terms and include a study of Iranian defence strategy and its controversial re armament drive The final chapter examines the direction and context of all of these major policy areas providing an analysis of whether the Islamic Republic truly represents a revolutionary alternative for the Third World or whether in fact it has developed in time to fall within a similar mould to other notable revolutions casting by the wayside any uniquely Islamic agenda and alternatives At the heart of this study is the belief that the Islamic regime has since the cease fire with Iraq but more specifically since Ayatollah Khomeini's death passed into a new stage of development referred to in the book as the Second Republic

The Middle East's Relations with Asia and Russia Hannah Carter, Anoushiravan Ehteshami, 2013-01-11 Carter and Ehteshami consider the significant geopolitical economic and security links between the Middle East and the wider Asian world links which are often overlooked when the Middle East is considered in isolation or in terms of its relations with the West but which are of growing importance Topics covered include Asia's overall geostrategic realities and the Middle East's place within them relations between the Middle East and China Russia central Asia southeast Asia and south Asia Islam in central Asia and southeast Asia and the connections with the Middle East and the important links between the Middle East and India and Pakistan's military and security establishments

European Security Bjørn Møller, 2016-04-22 Europe has undergone quite profound changes since the end of the Cold War Having been a highly militarised conflict ridden and war ridden region the core of Europe today constitutes a security community where armed conflicts among the constituent states has become inconceivable This comprehensive book offers a theoretically founded and thoroughly documented analysis of European security with a special emphasis on the role played by the United Nations and the various regional and sub regional organisations especially the North Atlantic Treaty Organisation the Organisation for Security and Cooperation in Europe the Council of Europe and the European Union When it comes to explaining peace in Europe opinions differ widely Some argue that it was only because the West refused to give in to Soviet threats that the latter eventually gave up or that the long peace in Europe was due to the combination of a bipolar alliance structure pitting the North Atlantic Treaty Organisation NATO against the Warsaw Pact with the presence of nuclear weapons on both sides Others point instead to the extraordinarily dense network of international institutions and organisations in Europe offering a wide panoply of fora in which to handle disputes peacefully or to the web of interdependence in economic and other affairs

tying together all states in Europe in relations which militate strongly against war Still others believe that the external peace between the states in Europe is simply a reflection of a convergence of cultures democracies with marked economies that are open towards the world market These questions are the focal point of this book which concentrates on security albeit not in the sense of being a treatise on military matters but security obtainable by much more indirect and non military means It will be required reading for all students and scholars of European security and the organisations which underpin it

US-Kuwaiti Relations, 1961-1992 Chookiat Panaspornprasit, 2004-08-02 After being granted full independence in 1961 Kuwait began its tumultuous relationship with the US This book sets out to investigate this alliance within the frameworks of a small state and influence and in particular under the US presidents Carter Reagan and Bush The political diplomatic and military aspects are examined which have both stalled and enhanced the bilateral relationship at different times and events The relationship between the two countries has not always been a straightforward one Kuwait overshadowed by its bigger neighbour Saudi Arabia was regarded as a derivative interest by the US and its role within the region more often than not underestimated Shedding new light on this key political alliance the book details how this uneasy relationship evolved while Kuwait maintained its independent foreign policy which contradicted US national interest Illuminating and informative it is essential reading for anyone with an interest in Middle East politics and international relations *America and Political Islam* Fawaz A. Gerges, 1999 This book chronicles the policy debates on Islamism in the United States over the course of time providing a comprehensive account of the origins of policy followed by a balanced critique and recommendations for change It then delves deeper into the US political scene to analyze the historical political cultural and security issues that might help explain America's preoccupation with Islam and Muslims Furthermore the author sheds much light on the multiplicity of regional and international factors such as the political decay of the Middle Eastern state and the end of the Cold War that shape the thinking of US officials about the contemporary Islamist phenomenon In addition to examining the domestic regional and international context of US Islam policy the book applies and tests the pronouncements of US officials in four representative case studies Iran Algeria Egypt and Turkey Finally Gerges addresses the clash of civilizations debate and assesses the relative weight of culture and values in US officials words and deeds on Islamism **Abdul Aziz Said: A**

Pioneer in Peace, Intercultural Dialogue, and Cooperative Global Politics Nathan C. Funk, Meena Sharify-Funk, 2022-12-02 Known to many as American University's peace legend Abdul Aziz Said 1930-2021 led an academic career spanning nearly sixty years Always a forward looking thinker Said consistently sought to be among the first to grapple with the leading edge issues of his day from decolonization and turbulent social change in developing countries to the influence of multinational corporations the normative priority of human rights cultural aspects of conflict resolution and the promotion of Islamic Western understanding Taken together his extensive writings innovative pedagogy and practical pursuits offer a model for engaged scholarship characterized by dynamic use of the platform provided by a university career to

advance international peace intercultural dialogue and social justice as well as a spiritual ethic emphasizing unity and connectedness among people from diverse cultural religious and racial backgrounds Abdul Aziz Said has been an innovator in international relations and peace studies Born in Syria he completed his higher education in the United States and went on to teach multiple generations of international affairs students He was a leading scholar focusing on global peace as well as Islam and peace His writings address salient global issues from the 1950s to the first decades of the twenty first century

Gulf Security in the Twenty-First Century Prof. Jamal Sanad Al-Suwaidi, 2014 The connection between regional instability and the preservation of global security is nowhere more sensitive than in the Gulf Events since the 1990 1991 Gulf War continue to confirm the fragile interaction among states in the region and their susceptibility to external forces Gulf Security in the Twenty First Century brings together some of the foremost area experts to explore the most pressing issues including military threats to the region obstacles to economic development and socioeconomic harmonization and challenges to political stability In particular the work examines Iran's often enigmatic foreign policy vis vis its Gulf neighbors Iraq's resurgent military threat choices and constraints confronting US Middle East policy and Europe's inability to identify and pursue a united policy to safeguard its economic interests in the area These topics are further illuminated with an analysis of Russia's historical attempt at balancing foreign policy objectives in the Gulf with its enduring interests in Central Asia The potentially explosive issues of religious radicalism and the challenges of democratic pluralism are discussed in an effort to ascertain the potential of political Islam to disturb or enhance regional security Similarly the problems inhibiting the settlement of territorial disputes in and around the Gulf are brought into focus to illustrate lingering historical tensions among neighboring states To round out the book's topical coverage several contributors shed light on the region's unfettered dependence on foreign labor growing demographic pressures associated social and economic transformations and challenges to responsive public policy

Rewiring Regional Security in a Fragmented World Chester A. Crocker, Fen Osler Hampson, Pamela R. Aall, United States Institute of Peace, 2011 Rewiring Regional Security in a Fragmented World examines conflict management capacities and gaps regionally and globally and assesses whether regions through their regional organizations or through loose coalitions of states regional bodies and non official actors are able to address an array of new and emerging security threats

Historical Dictionary of Arab and Islamic Organizations Frank Clements, 2001 Unity is an often heard word in Arab and Islamic circles This historical dictionary seeks to show that along with the underlying sources of unity there are also sources of division in these groups Unlike other volumes in this series this volume focuses not only on the organizations but also on the key countries and figures of the region Includes o An explanatory introduction o List of Acronyms o Chronology o Bibliography

The Cold War and the Middle East Yezid Sayigh, Avi Shlaim, 1997-05-22 The Cold War has been researched in minute detail and written about at great length but it remains one of the most elusive and

enigmatic conflicts of modern times With the ending of the Cold War it is now possible to review the entire post war period to examine the Cold War as history The Middle East occupies a special place in the history of the Cold War It was critical to its birth its life and its demise In the aftermath of the Second World War it became one of the major theatres of the Cold War on account of its strategic importance and its oil resources The key to the international politics of the Middle East during the Cold War era is the relationship between external powers and local powers Most of the existing literature on the subject focuses on the policies of the Great Powers towards the local region The Cold War and the Middle East redresses the balance by concentrating on the policies of the local actors It looks at the politics of the region not just from the outside in but from the inside out The contributors to this volume are leading scholars in the field whose interests combine International Relations and Middle Eastern Studies Iraq Heather Bleaney, Roper, Peter Sluglett, 2004-06-01 Well considered answers to the many questions raised by the situation in Iraq past and present are rare This first comprehensive thematically organised bibliography devoted to Iraq is based on the full Index Islamicus database and is drawn from a wide variety of European language journals and books Featuring an extensive introduction to the subject and its literature by Peter Sluglett this bibliography will help readers to find their way through the massive secondary literature now available Following the pattern established by the Index Islamicus both journal articles and book publications are included as well as important internet resources The editors have taken care to add much new material to bring its coverage up to date and supplement the previously published volumes while the most important and or influential publications are conveniently highlighted in the introduction An indispensable gateway for all those with a more than superficial interest in what is and what has been happening in this nation so much the focus of attention today
